Simon Pleads Guilty
To Indictments; Sent
To Prison For 2 Years

"Millionaire Kid" Is Calm When
Court Imposes Prison
Sentence

MORE NAMES ARE REVEALED

Turtin, Indicted in Second
Count, Preparing to Sur-
render to Officers

Nic Simon, Jr. Appleton's "millionaire kid," secretary and general manager of the defunct Simon Cheese Co., left Milwaukee early Friday morning for Fort Leavenworth, Kan., where he will serve a sentence of two years imposed late on Thursday by Judge F. A. Geiger in federal court in Milwaukee following Simon's plea of guilty to indictments charging conspiracy to use the mails to defraud in sale of stock in the cheese company. The names of three other men were revealed as co-defendants with Simon in the indictment. They are Joseph Hovorka, Milwaukee, quite well known in Appleton; Chester Staub, Chicago, and John F. Criss, also of Chicago. According to Giles P. Clark, assistant United States attorney, who represented the government in presenting the Simon Cheese case before the grand jury and in court, the brothers "let" part as stock salesmen in an alleged conspiracy to defraud investors out of approximately \$500,000. Simon was sentenced to two years on each of 32 counts in the indictment, an aggregate of 64 years, but service on each count is to be concurrent, so that Simon will spend only the next two years in the federal penitentiary at Leavenworth.

Sent To Prison

NIC SIMON, JR.

U. S. Tars Stay
In Honduras
To Guard Life

By Associated Press
Washington, D. C.—American bluejackets are to remain in Tegucigalpa, capital of Honduras, until American lives and property are afforded adequate protection by the Honduran authorities. Instructions to keep a detachment ashore with an especially watchful eye on the American legation and consulate within whose confines foreigners as well as Americans have gathered during serious revolutionary disturbances, were forwarded to the commander of the cruiser Milwaukee Thursday by the navy department after consultation with the state department. The instructions were dispatched when a report was received from Franklin Morales, the American minister at Tegucigalpa, that the de facto government had demanded that the 167 men and nine officers of the Milwaukee landed Wednesday to afford protection to Americans be returned to the cruiser, and asserted that if they remained the Honduran government would "accept no responsibility for eventualities."

WISCONSIN LABOR
MARKET IMPROVES

By Associated Press
Madison—Wisconsin employment conditions improved considerably during February compared with January, according to the March labor report issued Friday by the State Industrial Commission. Improvement was marked particularly in manufacturing, the summary states. "Manufacturing lines, as a whole, showed a gain of 3.4 per cent in number of employees and an increase of 8 per cent in average weekly earnings," according to the report. "Outside industries were variously affected; logging showed an increase of 5 per cent in number of employees, while building construction declined 20 per cent. Sales force of retail stores declined 3 per cent while wholesale workers increased 2 per cent."

AGRICULTURAL MENTOR
IN SERIOUS CONDITION

By Associated Press
Frederic, Wis., Feb. 21.—Senator Frederic, G. W. Gehring, State supervisor of vocational agriculture of Madison, who was stricken with apoplexy while attending a conference of agriculture teachers here Wednesday, is still in a serious condition at the Frederic hospital. His condition is being carefully watched. Doctors R. G. Prusson and J. A. Diamond.

WILKINS DEATH
CENTERS ABOUT
NEGRO JANITOR

Mysterious Quartet Who Dead
Woman Feared Also Involved
in Puzzle

By Associated Press
Kansas City, Mo.—Seeking to pierce the veil of mystery that hides the slaying of Dr. Zoe Wilkins, whose gaming at love and intrigue ended in gruesome death, police Friday faced a number of unfolding leads. These involved a mysterious quartet whom the woman feared, an equally mysterious sanitarium "deal" and the knowledge that Dillard Davies, Negro janitor, wielded an unexplainable influence over Doctor Wilkins. But all the avenues pursued revolved to some manner about the Negro, who had heard his employer talk about jewels and valuable papers, and who is alleged to have owned the rusty pocket knife found beside her mutilated body. Davies is known to have dominated the woman on certain occasions and once, it is said, attempted an assault upon her. The Negro is under arrest and according to L. B. Walston, chief of detective, is tightly enmeshed by a chain of circumstantial evidence. Besides the Negro, Charles Wilkins, a brother of the slain woman, and R. F. Tarpley, a devotee of the pretty adventuress, are held.

On the night of the slaying, Dr. Wilkins was distraught with fear that "four persons" would kill her unless she put through a scandalum "deal" of which the police have been unable to learn anything. The same evening the Negro ordered Dr. Wilkins to disrobe a woman who had been summoned to the house as a companion. It was to this woman, whose name has not been divulged, that Dr. Wilkins confided her fear that she would be killed by the mystery quartet. "Get this woman out of the house before it is too late," the Negro is said to have exclaimed. "I won't wait any longer, I can't." The woman left and the Negro remained. Arriving home, the woman telephoned but was told the receiver at Dr. Wilkins' home was off the hook. The next day she called and found the house apparently deserted. On Tuesday evening Dr. Wilkins' body was found on the floor of her parlor. In a long grilling, Davies steadfastly maintained he had not been on the Wilkins' home since 5 o'clock Saturday. He denied any knowledge of the slaying.

GAS BLAST IN GARAGE
KILLS 1, INJURES 13

By Associated Press
New York—One man killed and thirteen persons were injured when two explosions occurred in an up-town garage last Thursday. The victims included a patrolman and seven firemen, William Healey, 50, proprietor of the garage, was the man killed. The first explosion was believed to have been caused by ignition of gasoline on the sidewalk. The second was in a gasoline tank in the basement and came as firemen were leaving the building after they thought the fire caused by the first blast had been extinguished.

COMMITTEE FAVORS
SURVEY FOR CANAL

Washington, D. C.—The house committee on flood control on Thursday reported favorably an omnibus bill including preliminary surveys of the Wolf and Fox rivers in Wisconsin. Bills providing such surveys had been introduced by Congressmen Brown, Schneider and Lambert. The examinations will be conducted by engineers of the war department if the bill is passed, and no steps can be taken by congress to ward the actual prevention of floods until after the report of the surveys is made.

HOUSE WOULD PROBE
BOND DUPLICATIONS

Washington, D. C.—Creation of a committee to investigate charges that millions of dollars worth of government bonds have been duplicated at the bureau of engraving and printing was recommended Friday to the house by its rules committee.

PROBE UNFAIR,
COUNSEL TELLS
OIL COMMITTEE

Lawyer Says Magnate Should
Not Be Forced to Talk in
View of Fraud Charge

PROSECUTOR DISAGREES

"Monstrous Proposition" and
Outrage Are Terms Applied
to Investigation

BULLETIN
By Associated Press
Long Beach, Calif.—J. Jennings, former train robber, now evangelist and politician, will tell the senate oil probe of a \$1,000,000 cash payment that "bought" the nomination of the late President Harding, according to his statement to the Long Beach Telegram, before he left Thursday night for Washington.

Washington, D. C.—Counsel for Harry F. Sinclair waged an inconclusive two-hour legal battle with the oil committee Friday in an effort to have their client excused from further questioning. Challenging the committee's authority to proceed with the inquiry after the validity of the leases already had been passed upon in a resolution of congress and contending that in "fairness and justice" Sinclair should not be compelled to testify while charges of fraud are pending against him in court, Martin W. Littleton of the Sinclair counsel told committee members that their course was a "monstrous proposition" and an "outrage."

WALSH DISAGREES

Senator Walsh, the committee prosecutor, did not agree with the Sinclair attorney but some committee men wanted more time to think it over and an adjournment was taken without a decision. The argument will be resumed Saturday, probably in open session. While Friday's discussion was in progress, the oil operator, whose lease of Teapot Dome was the starting point of the oil inquiry, sat at the committee table apparently confident that in the end he would be excused from testifying. His counsel did not predict what other legal privileges might be invoked later in his behalf. Littleton repeatedly accused the committee of attempting to drive him into a position where he would have to assume the "odium" of refusing to answer, like Albert B. Fall, on the ground that it might incriminate him.

HOPE FOR U-BOAT
CREW GROWS SLIM

Communications from Japanese
Tars Imprisoned in Sub-
marine Have Stopped

By Associated Press
Tokio—Although rescue work is being continued vigorously, the fear grew Friday that 18 survivors imprisoned in the after compartment of the Japanese navy submarine 43, which has lain 26 fathoms deep on the ocean bottom of Saenjo since Wednesday, may have succumbed to suffocation. Signals from the interior of the vessel have ceased. Attempts to raise the stern of the vessel having failed, it now is planned to tow it to shallower water. Twenty-six of the crew drowned in the forward compartment of the craft after a collision with a warship and it appears now that the remaining 18 have smothered in the foul air of their cramped quarters.

LUDENDORF TRIAL
NEARS COMPLETION

By Associated Press
Munich—The trial of General Ludendorff, Adolf Hitler and their co-defendants, charged with treason for their part in the "putsch" of last November, neared a conclusion Friday. Prosecutor Stenslein, addressing the court, demanded eight years' imprisonment for Hitler, two years for General Ludendorff, and from one year to six years for the other defendants. The prosecutor recommended that the prisoners serve their terms in what is known as "fortress confinement" as usual for political offenders, under which prisoners have a considerable degree of freedom.

Meets Old Friends

While speaking in the South, William C. McAdoo once more met Uncle Jim Bonna (left) who ran to get the doctor when McAdoo was born, and Aunt Julia, who nursed him in babyhood. The meeting took place at Marietta, Ga.

Coolidge Victory In
North Dakota Shows
Tendency Of Radicals

Plurality Over LaFollette and
Johnson Indicates President
Has Better Than Even
Chance for Nomination.

By DAVID LAWRENCE
Copyright 1924 by the Post Pub. Co.
Washington—President Coolidge's victory in North Dakota has had an impressive effect on the campaign of the chief executive. Winning a primary in the hot bed of radicalism, receiving a plurality as against Senator LaFollette and Senator Hiram Johnson, convinced the Coolidge managers that whatever may be the trend of politics in other western states, the president has better than an even chance to achieve the nomination with the backing of the so-called radical states. The North Dakota situation has been exciting interest for several weeks because it has a double significance. Mr. Coolidge's prestige was at stake, of course, but something even more far-reaching than that was involved in the North Dakota vote. It is the recent tendency of North Dakota to get back into the regular Republican column and forsake the Non-Partisan league. The fight against the league has been waged with increasing success in the last two years and the victory of Mr. Coolidge emphasizes the extent to which the regulars have made inroads upon their opponents.

Salvage Workers Begin Removal
of Dead from Pitts Wreck-
ed Last Month

By Associated Press
Crosby, Minn.—Crosby received the first of its dead when two bodies from among the 41 miners drowned in Millford mine disaster here in February were brought to the surface late Thursday afternoon. The bodies were identified as those of Valentine Cole, 28, of Motley, Minn., and Minor Graves, 60, of Mangrove.

SECOND DAY OF SPRING
BRINGS HEAVY SNOWFALL

By Associated Press
Chicago—Although spring is officially one day old, the Midwest is in the grip of a blizzard that has brought snow from four to 16 inches deep with telegraph and transportation services crippled in some sections. The heaviest snowfall of the season is reported from St. Louis where wire and traffic tie-ups were worst. Records have been broken in Oklahoma with Muskogee reporting 16 inches.

Mexican Gunboat Leaves New
Orleans for Attack on
Rebel Ports

By Associated Press
Mexico City, Mex.—Puerto, Mexico has been evacuated by the rebels following the capture of Minatitlan according to War Secretary Serrano, and the port now is occupied by federal under General Vicente Gonzales and Juan Dominguez. The rebels embarked for Frontera. The rebel gunboat Zaragoza and other vessels, while putting out to sea, were bombed by a government airplane. Reports persist that Adolfo de la Huerta, head of the rebellion, sailed from Frontera early this week en route to Galveston, Tex.

WILL ATTACK PORTS

New Orleans, La.—The Mexican gunboat Bravo steamed for Mexico early Friday to start sea warfare that is expected to drive the rebels from their port stronghold. The vessel will attempt to reduce the "horrific peninsula states" of Tuxtepec, Campeche and Tabasco, the latter the present headquarters of the rebel chieftain Adolfo de la Huerta. Although sailing under sealed orders, it is believed the warship will go first to Progreso, Yucatan. This is the key port to the territory from which large quantities of hemp are shipped. The rebel government has obtained many millions of dollars in export revenue since occupying this port. According to Mexican Consul General Arturo M. Elias, there are only 400 rebel troops in the state of Yucatan, and the force of marines on board the Bravo will be able to sub due the rebel garrison.

AIRMEN REST FOR
COMING ORDEALS

Army Fliers Abstain from All
Functions to Prepare for
Circling of Globe

By Associated Press
Seattle, Wash.—To prepare themselves for the ordeal ahead, four army airmen attempting to circle the globe will rest the next several days, even abstaining from public functions and entertainments. Major Frederick L. Martin, commander of the flight, announced Friday. Besides Major Martin, the fliers who arrived here Thursday from Vancouver, B. C., are Lieutenants John H. Smith, Leigh H. Wade, and Erik H. Nelson. Meanwhile workmen were busy at Sand Point aviation field converting the big air cruisers into seaplanes. Test flights probably will be held in a few days.

LAWRENCE TAKES PART IN
VOLUNTEER CONFERENCE

By Associated Press
Madison—A dozen Wisconsin colleges were represented at the opening of the sixth annual Wisconsin student volunteer conference at the University of Wisconsin here Friday afternoon. President E. A. Birge of the University delivered the opening address. Among the schools represented were Milton College, Carroll College, Beloit, Lawrence College, State University and Normal schools. Approximately fifty students are in attendance. The conference is held annually in Madison. It is the most brilliant member of the New York bar retained to head off the committee.

START DOWNTOWN CANVASS TO GAIN AUTO CLUB LIST

Solicitation Will Be Carried Out by Blocks—All Members Will Work

A thorough canvass of the business district will be the first step in building up a large membership for the Safe Drivers club of Outagamie county through plans made by officers and members in cooperation with the community welfare committee of the chamber of commerce at a meeting at the chamber rooms Thursday evening. Dr. W. H. Meeker, president, acted as chairman.

Workers were selected and each assigned a section of the downtown district. The canvass will be carried out immediately and when it is completed a drive covering a much wider radius of territory will be attempted.

An "every member get another slogan" has been adopted for the canvass. Each autoist who is enrolled will be requested by the solicitor to obtain another. An application card will be furnished him for this purpose.

Assignment of territory and the workers in charge will be:

College-ave. north side, Appleton to Oneida, J. D. Steele; College-ave. west of ravine, P. A. Kornely; College-ave. north side, Oneida to Morrison, E. H. Harwood; Washington and Morrison areas, E. A. Stanton; College-ave. south side, Appleton to Drew, Dr. W. H. Meeker; College-ave. north side, Morrison to Drew, Louis Bonini.

Membership stations also will be established downtown. Large cards will be printed with the message, "Permit reckless driving. Join the Safe Drivers club. Enroll here."

There are a number of autoists who made application for membership before the club was organized formally and these are asked by Dr. Meeker to deposit their dollar at the chamber of commerce, as no one will be sent out to collect the fees.

WANT \$20,000 FOR 'Y' FOREIGN WORK

Wisconsin's Quota Will Be Raised in April and May Instead of in December

George F. Werner and the Rev. J. L. Menzner returned Friday morning from Milwaukee, where they attended a state rally of the Y. M. C. A. in the interest of foreign work. Instead of raising the money for foreign work, the last month of the year it is the intention this year to hold the campaign between April 15 and May 15.

The total amount of money to be raised by the United States and Canada is \$1,550,000. The amount apportioned to the central region which consists of ten states is \$340,000. Wisconsin's quota is \$20,000. The amount was apportioned among the associations of the state at the rally Thursday.

The Rev. J. L. Menzner is chairman of the foreign work secretary of the religious committee in Appleton and will select a committee to take care of Appleton's quota. There will be no formal campaign for raising the money, but instead a still hunt will be conducted among those interested.

The general Y. M. C. A. secretaries of Wisconsin at a meeting Thursday discussed the standardization of membership rates, privileges, transfers, tickets and records and also the formation of the new department which the Y. M. C. A. is organizing to take care of boys between 18 and 24 years of age. This work will be four-fold: completing physical, educational, social and religious training.

CITY GETS REFUND OF SCHOOL TAXES

Settlement by the various city, village and town treasurers with the county treasurer for the county's share of taxes is due on Saturday, Mar. 22. Delinquent tax rolls are turned over to the county treasurer for collection.

Return of county school taxes also is made at this time and the moneys are immediately turned back to the tax districts for distribution among the school districts. Thus Fred Bach, Appleton city treasurer, paid Miss Marie Ziegenhagen, county treasurer, \$21,740.40 in county school taxes, and the same sum is turned back to Appleton's schools.

Food Sale at Belling's, Saturday, March 22nd, by Congregational Young People.

Pedagogs Show Studes A Few Vodville Tricks

Ask any high school student what happened during the assembly period on Friday and you will have conversation enough for several hours. The conversation will be about the members of the faculty and will have plenty of spice in it.

This is the "why" of the happening. Some time ago the senior class of the high school put on a vaudeville stunt during the assembly period for the amusement of their fellow students. After it was over, rumors came to the faculty that the class felt that it had "shocked" the faculty, so Friday morning the teachers put on a vaudeville stunt.

From the shouts of laughter and applause that followed each of the many acts, the performance was a great success. The students found that many of the teachers had a good sense of humor and an ability to imitate and appreciate others. The acts included song and dance numbers, solos and duets on various instruments, a wax works and many novelty performances. Those who preside over the classes showed themselves to be talented in other lines and some of them demonstrated talents that the students never dreamed they possessed.

PINS AWARDED MEMBERS OF RELIGION CLASSES

Boys and girls who attended the pastor's classes at First Congregational church for the past ten weeks received gold pins for their efforts at last Monday's classes. The classes are held each Monday afternoon at 3:45 for the girls and 4:45 for the boys. If their attendance record continues to show no absence for another two weeks, those who received pins will have their initials engraved upon them.

Boys and girls who received pins are Henry Ambrosio, Charles Bruckley, Robert Elias, Karl Heckert, Edward Herzfeldt, Chester Johnston, Carlton Roth, Cyril Schneider, Jack Sehloeg, Beverly Hayes, Elmer Knuth, George Lutz, Thaddeus May, Hilma Boettcher, Eleanor Vocke, Juanita Hanson, Louis Marston, Marcella Meidam, Charlotte Newby, Ruth Owen, Jeanette Johnston, Evelyn Kreis, Orpha Owen and Gertrude Roth.

MEETS OLD FRIENDS WHILE ON TRIP WEST

Special to Post-Crescent

High Cliff—Friends here received word from J. E. Sherman, who is spending the winter at California, saying that he had been sight-seeing and visiting many old friends. While at Tusin he called on Mr. and Mrs. Charles Steman and E. Greider, former Stockbridge residents. At Fullerton he visited Mr. and Mrs. Sharp. Mrs. Sharp is a sister of Edwin Newton of Combined Locks.

Mrs. William Klaviter is spending a few days of this week with Menasha relatives.

Mrs. John Mumm spent Tuesday shopping at Appleton.

William Klaviter was a business caller at Fond du Lac a few days last week.

Misses Clara Wichman and Frieda Schmarling of Kohler, spent Sunday at their homes here.

Mr. and Mrs. John Cordy of Neenah, spent the weekend with relatives and friends here.

Mike Thiel and family of West Harrison, were guests at the August Sternhagen home Sunday.

Mr. and Mrs. Domagala and Mrs. H. J. Sherer and daughter Caroline of Menasha, were visitors over Sunday with Joseph Berrens and family. William Sternhagen, who is employed at Milwaukee, spent Sunday at his home here.

ROOF OF RESIDENCE IS DAMAGED BY FIRE

Fire on the roof of the Frank Cumber residence, 889 State-st., about 12:45 Friday afternoon caused damage amounting to about \$75. The student next to a chimney ignited and caused a hole to be burned in the roof. The fire department extinguished the blaze with chemicals before it had made any progress. John Schneider, who resides next door, is the owner of the house.

JOINT-EASE For Stiff, Swollen Joints

Rheumatic or Otherwise

Says: "When Joint-Ease Gets In—Join Agony Gets Out."

It was a high-class pharmacist who saw prescription after prescription fail to help hundreds of his customers to get rid of rheumatic swellings and stiff inflamed joints.

And it was this same man who asserted that a remedy could and would be compounded that would make creaky, swollen, tormented joints work with just as much smoothness as they ever did.

Now this prescription, rightly named Joint-Ease, after being tested successfully on many obstinate cases, is offered through progressive pharmacists to the millions of people who suffer from ailing joints that need limbering up.

Swollen, twingy, inflamed, stiff, painful, rheumatic joints are usually caused by rheumatism, but whatever the cause Joint-Ease soaks right in, through skin and flesh and gets right to and corrects the trouble at its source.

Remember Joint-Ease is for ailments of the joints, whether in ankle, knee, hip, elbow, shoulder, spine or finger, and when you rub it on, you may expect speedy and gratifying results.

It is now on sale at Voigt's Drug Co. and druggists everywhere for 50 cents a tube.

NIC SIMON SENT TO U. S. PRISON FOR 2-YEAR TERM

Appleton's "Kid Millionaire" Pleads Guilty to Grand Jury Indictments

(Continued from page 1.)

to Mr. Clark, it was in dire straits and had a loss of \$13,000 during the preceding year.

SIMON IS CALM

Simon took his sentence calmly. It was the culmination of seven years of activities, during which he handled hundreds of thousands of dollars, spent lavishly and was given the sobriquet of "millionaire kid" by his friends in Chicago. He told a straightforward story in court and took pains to draw the fine distinction that his operations did not consist of a pre-meditated conspiracy to defraud, but an incidental conspiracy, in that the facts of the indictment were true.

Mr. Clark took hold of the case and

Damages in the sum of \$200 were awarded by the jury of twelve men in municipal court Thursday afternoon in the case of John Morrison, Clara Schultz and Ethel Anderson of Menasha vs. Vincent Forster of Appleton.

In finding for the plaintiffs the jury declared that the plaintiffs were injured in the automobile accident involving and their injuries were due to Forster's lack of ordinary care in driving. The collision occurred last

RECORD GAS OUTPUT

A record in gasoline production was established last year when more than 7,555,000,000 gallons of this fuel were produced in the United States. This was more than a fifth over the 1922 production. Consumption of gasoline increased slightly more over 1922.

TOWNS COMPLETE ELECTION LISTS FOR SPRING RACE

Henry Jansen Seeks Reelection as President of Combined Locks Village

All of the villages and townships now have held their caucuses to nominate candidates for the general election Tuesday, April 1. Some localities do not have caucuses, but nomination papers have been filed with the clerks by those seeking office.

Names that will be on election tickets in communities not already reported are given below.

COMBINED LOCKS

President and supervisor, Henry Jansen; clerk, J. H. Sullivan; treasurer, Herman Janssen; assessor, George W. Smith; B. M. Dieringer, trustees Charles Pen, Malachi Ryan, Theodore Williams, John VanLinn. All but Dieringer and Pen are seeking reelection.

TOWN OF DALE

Chairman, Milford Bottrell, Marvin Oelke, supervisors, Samuel Ruppel, Herman Schmidt, Joseph Schweitzer, Frank Griswold; clerk, David Zehner; treasurer, Henry Seifert; assessor, Fred Wischow; justice, Henry Schulteis; Emil Seifert, constable, Arlo Nelson. Herman Schartau. All are up for reelection except Oelke, Griswold, Schweitzer, Schulteis, Seifert and Schartau.

TOWN OF CENTER

Chairman, Frank J. Schroeder, first supervisor, Fred Wagner, second supervisor, William Krueger, Charles Rabbe, Jr., Fred A. Mueller, treasurer, Henry C. Lillge; assessor, William Callebaut; constable, William Smaling; Gustave VanDyke.

TOWN OF SEYMOUR

Chairman, Alfred Mueller; supervisors, William Helms, Louis Reis; clerk, Charles Willis; assessor, James Powers; treasurer (tie vote), Louis Conklin, Charles Ebert. Mr. Ebert is the only new man on the ticket.

TOWN OF ONEIDA

Chairman, Frank Appleton, J. S. Charles; supervisors, James W. Corneli, Fred R. Hill, Hugh Jamer, town clerk, Emanuel Powless, John Katers; treasurer, William Herr, William Metoxen, Henry Oudenhoven; assessor, Edgar Skenandore, Earl Smith; constables, Ben Jordan, Chester Williams, justice of peace Ray Counihan. New men in the field are Charles, James, Katers, Herr, Metoxen, Oudenhoven, Smith and Williams.

TOWN OF HARRISON

Chairman, George J. Schwalbach, Albert Martin; supervisor, Charles Grode, Joseph Brantmeier; town clerk, Hugo Wittmann; assessor, Henry Peeters, John J. Steffen; constable, Anton Sprangers.

TWO CANDIDATES FOR TOWN CHAIRMANSHIP

William Schultz and Hallie Diedrick were nominated for chairman to succeed Donald O. Breiterleik at the caucus in the town of Ellington. Mr. Breiterleik was nominated for the office of clerk now held by A. F. Apel and has no opposition. Edward Schultz was selected as the nominee for treasurer without opposition to succeed himself.

The ticket nominated follows: Clerk, Donald Breiterleik, no opposition; treasurer, Edward Schultz, no opposition; chairman, William Schultz, Hallie Diedrick; supervisor No. 1, William Schultz; Hallie Diedrick; supervisor No. 2, Henry Breiterleik; assessor, Carl Peebles, James Laird; justice of the peace, Hugo Schuldes.

J. J. SHERMAN IN TRAIN WRECK ON WAY TO SOUTH

John J. Sherman, president of Citizens National bank, has arrived in Hot Springs, Ark., after a thrilling experience in a wreck near Memphis, Tenn., according to a telegram received here Friday morning. Mr. Sherman was in a dining car which left the rails and went part way into the ditch. He was not injured and assisted in removing less fortunate persons from the debris. The injured were taken back to Memphis.

EXPECT PETITIONS SOON FOR OILING CITY STREETS

Petitions for oiling of streets are expected to come drifting in soon before the opening of the spring street work. E. L. Williams, city clerk, acting upon instructions of the common council is already advertising for bids for furnishing the city with four carloads of road oil. The last date for submitting bids is April 2 at 4 o'clock in the afternoon. The oil must have asphaltic content of approximately 75 per cent.

BUILDING PERMITS

Value of construction authorized by the city building inspection bureau passed the \$200,000 mark Friday with the issuance of a building permit to Reinhold Witter for the erection of a residence on Garfield st. It was the sixth home permit of the season, and cost estimates for the season now amount to \$282,460.

Green Vegetables Found In Stores Here Tempt One To Stretch Home Budget

"Tell the people it would be better for them if they would eat more vegetables," said one of the dealers in that kind of food—and he is right. The displays of vegetables in some places are most tempting, so tempting in fact that you do not care what they cost (unless you are working on a narrow margin budget).

Asparagus is on the market and one dealer is quoting it at 30 cents a bunch. Others said that they would have to get 35 cents or more and at that price it was too high to be profitable. Bigger bunches of carrots, onions and lettuce are being offered at 15 cents or two for a quarter than you could get before and they look delicious. Although the prices in some things are quoted as higher this week it is quite generally true that the portions are larger.

BERRIES ARE HIGHER

If you have been waiting for your strawberry shortcake until berries came down in price, you will have to wait awhile longer. One grocer said that he had purchased berries this week at 85 cents and sold them to his customers at 75 cents. Another said that the price on Thursday was such in Chicago that he would have to get at least 85 cents and possibly 90 cents. He did not want to buy any for the weekend.

COFFEE GOING UP

If your favorite brand of coffee takes a jump in price or has gone up, you may blame it all on the weather in Brazil, according to one dealer. A coffee salesman who was in town recently predicted that good brands of coffee would go up as high as 65 and 70 cents a pound within 60 days. He said that when the coffee was ready to be picked last season, Brazil had a great deal of rain and this caused the beans to become water soaked.

Those manufacturers who want to keep their product up to standard have bought up the best of the product at a greatly increased cost. A considerable amount of the partially damaged product is on the market, according to this salesman.

EXPECT 55 IN NEW KIWANIS CLUB HERE

Men who were present at the preliminary meeting with the organizer of the Kiwanis club will have a meeting at the office of Morgan and Johns on Friday evening to go over the list of prospective members to the club. The list now has more than the necessary organizing quota of 50 and those interested in promoting the club feel that the charter membership will be more than 55.

It is expected that another meeting of the club will take place early next week when the field organizer of the state will be present.

Store opens at 8 A. M.
These coats will be gone by 10 A. M.

THIEDE GOOD CLOTHES

Carload Of Horses Run Amuck Here

A carload of horses for J. Ullman & Co. which arrived by express from Volga City, Ia., stampeded after being taken from the car at the Chicago & Milwaukee & St. Paul depot and narrowly escaped injuring several persons, among whom was W. N. Kimball, local express agent, who was knocked down.

The stampede was caused by a switch engine. There were 25 horses in car and the stable employees had just finished tying them together in groups of four in which formation they were about to be led to the barn on Morrison-st when the switch engine came along and frightened them.

The horses started in all directions and several made for the car out of which they had just been taken. Some fell and narrowly escaped being trampled upon by others of their group.

SCOUTMASTER OUT OF CITY, RALLY POSTPONED

The scout rally planned by Boy Scouts of First Congregational church and Methodist Episcopal church has been postponed until April 1 or 2, when it will be held in a local gymnasium. The reason for this is that Joseph Chandler, assistant scout master of the Methodist scout troop, is a Lawrence student and, because of the spring vacation at the college, is not in the city. The teams participating in the event have been selected and are working on different phases of scout work.

One group straddled a telephone pole and was held up. Mr. Kimball was felled while getting out of the way of one group by another group striking him from the rear. He escaped injury as did an attendant also who was knocked down. Two horses broke away and ran down the railroad track and were captured later. The others did not get far and soon were surrounded.

Considerable trouble was experienced also in getting the horses to the stables of J. Ullman & Co. especially on Lake st bridge, where the automobiles were numerous. None of them was injured, however.

COOLIDGE IN NORTH DAKOTA

Mr. Coolidge's strength in North Dakota is rather surprising. While we expected him to carry the state in the primary, we did not think he would have a walk-away over Hiram Johnson, who proved to be a poor third in the contest. We suppose Mr. Coolidge's strength is to be attributed to the vote of the conservative Republicans, plus the support of those who are grateful for his efforts to restore agricultural prosperity in the Northwest, and who have confidence in his practical knowledge of farm problems and his ability and purpose to solve them.

Certainly the Coolidge vote could not be attributed to benefit the farmer has received from the tariff on wheat, which incidentally was raised by announcement from the White house on March 6, another 12 cents per bushel. May wheat closed in Chicago at \$1.11½ per bushel on March 3. It closed the day of the announcement at practically the same figure, and on March 8th, the day following the issuing of the order, May wheat closed in Chicago at \$1.11½. Two days later it had declined nearly 2 cents per bushel, and by the 12th it had slumped nearly 5 cents per bushel. It has touched \$1.04 and is now selling around \$1.05. We must not take it for granted that the farmers of North Dakota have been fooled by this tariff boncombe.

There is something hard to explain about the almost uncanny popularity of Mr. Coolidge. We do not know exactly what it is based on, unless it is that the people have faith in his honesty and courage and believe that he will do what is right regardless of circumstances which momentarily discredit him and which have all but put the Republican party on the rocks. Nevertheless, he is tempting fate by hanging onto Daugherty, and by his strange reliance on men like C. Bascom Slep and E. B. McLean.

The North Dakota primary cooks the goose of Hiram Johnson. He might as well withdraw and let it be a clear fight between Coolidge and La Follette. Johnson has no strength anywhere, apparently, and we doubt very much if he is as popular in California as he once was. His candidacy is no longer to be taken seriously, in fact it never was taken seriously. Mr. La Follette is the better vote-getter, and we cannot imagine that Coolidge would carry North Dakota over the Wisconsin senator in a straight fight between the two. Mr. La Follette is rapidly looming as a goat-getter as well as a vote-getter. He has got the elephant scratching his head already, for it seems likely we are to have a three-cornered contest for the presidency under a rather dismal outlook for the old line Republicans. We don't know what the Democrats will do, but it is the opportunity of their lives. Mr. Coolidge is unquestionably all right, but he has a millstone about his neck that requires super-strength to carry.

DEFENDING THE FARM BLOC

No one will criticize the farm bloc if it lives up to the conditions which Senator Capper of Kansas outlined in his address to the National Republican club in New York city. On the contrary, every citizen would feel it to be necessary, in principle and fairness, to support the farm bloc.

Mr. Capper does not seem to be so ad-

vanced as he was a year ago, and his conservative talk gives the country a new impression of him and the farm bloc. The farm bloc would not be necessary in normal times, he stated. Its existence was made imperative by the opening of a new economic era.

"The bloc," said the senator "is trying to shape its policies and govern its action in a way to bring about a better understanding between all elements of our population. It is working for honest industry, honest finance, honest commerce, honest agriculture, honest labor, and it wishes to promote cooperation among all these elements. We must never forget that farming is our biggest industry."

There is no disposition among the people to be unjust to the farmer; in fact, the disposition is to cooperate in making agriculture prosperous. The public got an idea from ill-considered sayings and doings of those assuming to represent the farm bloc that it proposed to operate in opposition to other classes and interests. In the light that Senator Capper defines the policy of the farm bloc, the policy is reasonable.

The farmer's problem lies in marketing his crops to the best advantage, which includes adjusting supply to demand. It is practically in this respect only that agriculture differs from any other industry. There is every reason why business, agriculture, labor and other commercial factors should cooperate, for they are interdependent. The prosperity and needs of agriculture are paramount. The welfare of the American farmer is of concern to everyone. Whatever can be done through sound legislative and private cooperation to put agriculture on a more prosperous basis should be done.

THE MILWAUKEE PRIMARY

It looks somewhat from the primary election results that socialism is slipping in Milwaukee. It was a campaign of Americanism versus socialism and former Mayor David S. Rose came back as the leader of the anti-socialists. Although the socialist candidate, Mr. Hoan, had no opposition in his own party, and Mr. Rose had a competitor in the person of Dr. Ralph Elmergreen, Rose nevertheless led the field. The Elmergreen supporters, including former District Attorney Zabel, have announced their active support of the Rose candidacy. Since they polled more than 14,000 votes in the primary, and Rose led Hoan by 500, the anti-socialists have on paper a lead of nearly 12,000. Of course all of the Elmergreen vote may not go to Rose, but the most of it will. The final result will depend on whether a larger socialist vote can be mustered proportionately than was mustered in the primary.

If the election of Mr. Rose happily takes place, it will mean that Milwaukee is growing tired of its reputation throughout the United States of an un-American city, where a Berger is supreme, where city officials wantonly insult the memory of a dead president, where Eugene Debs is a hero and where American institutions are in contempt. If Milwaukee is not the city that the socialists have painted it, it is time we had definite proof on a clean-cut issue of Americanism versus socialism. Moreover, the rest of the state is entitled to some consideration, for it has had to apologize for Milwaukee long enough. Mr. Rose's election would be an occasion for genuine rejoicing.

RADIO AND REGULATION

The legal contest over basic patents which has been instituted in New York calls serious attention to the necessity of the government's protecting the rights of the public in connection with the radio. The radio is a public utility.

The government must protect public interest and see that the radio is in principle public property. As to two or three other important questions, David Sarnoff, general manager of the Radio corporation, alluded to them sensibly in a talk to the house merchant marine committee. Mr. Sarnoff said that we should have freedom of broadcasting, free speech on the radio, and no taxation of receiving sets. These principles are virtually as important as the principle that the radio is public property.

New York is the city of opportunity. A man who went there broke owes \$208,000.85 now.

Perhaps four big American battleships found unfit could be sold to the rum runners.

Twenty years ago today we were all wondering how long before spring.

They don't have sleeping cars on the road to success.

Quickest way to reduce is to weigh on a coal dealer's scales.

Health Talks

BY WILLIAM BRADY, M. D.
Noted Physician and Author

Dr. Brady will answer all signed letters pertaining to health. Writer's names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

THE ORIGINAL CANDY MEDICINE

This is lesson No. 6 in the course we are giving in domestic medicine and first aid under the registered title of The Medicine Cupboard, generally Tuesdays and Fridays. Readers who wish to save the lessons to make a kind of guide book for the medicine cupboard may perhaps obtain any back numbers they have missed by applying at the publisher's office. I have no copies available.

The fourth item in the medicine cupboard is the original "candy medicine," aromatic syrup of rhubarb, formerly called spiced syrup of rhubarb. It is included in the medicine cupboard particularly for those who sometimes feel very mean and harbor a wicked impulse to give some fellow to whom a doctor. It is a fine medicine for a fellow to whom his first wife's children take when his second wife has a hurt on. But why this furious condemnation of castor oil? Don't some of the doctors still prescribe it? Certainly they do, although I've told 'em many a time they ought to be ashamed to do so. Aside from the actual evils wrought by castor oil—such, for instance, as the passage of blood corpuscles after its use—this crude physic has probably done more than any other thing to alienate the affection and confidence of children in doctors and their art, and people are always children in their relation to the medical profession. The doctor who persists in forcing this enormity down the throat of a child, particularly a sick child, in this day of enlightenment is as unfaithful to his profession as the citizen who buys bootleg liquor is to society.

Aromatic syrup of rhubarb got the name of "candy medicine" from happy children whose famished parents are kind and kind, but this was Dr. Solomon Solis Cohen, a great therapist—his little patients coined the name of the medicine, because they liked it.

Aromatic syrup of rhubarb is made by mixing about 2½ ounces of aromatic tincture of rhubarb with enough plain syrup to make a pint.

The dose of aromatic tincture of rhubarb is the same as the dose of castor oil. For instance, in an acute diarrhea in a young child or infant a teaspoonful may be given and repeated once or twice if necessary, after a few hours, to sweep out the putrefying or fermenting mass of food residue which is presumably responsible for the trouble. The after effects of the rhubarb is binding, like that of castor oil. For older children, a tablespoonful should be given, and repeated after four hours if necessary.

Rhubarb is a cathartic, but also an astringent. The "candy medicine" is included in the medicine cupboard, only as a substitute for castor oil and is not intended or adapted for a physic or laxative for habitual use. We'll get as near as we can to that question later in this course.

QUESTIONS AND ANSWERS

Ordinary or Road Warts

Kindly give in your column a cure for ordinary hand warts. (W. M.)

Answer—Paint the warts and the skin about them with tincture of iodine twice a week for four times. Or give each wart a dose of castor oil night and morning. Or paint each wart, but not the surrounding landscape, with the old reliable corn cure—a solution of 30 grams of salicylic acid in half an ounce of flexible collodion—daily for a week or two. Near apply acid to the wart, but not the skin around it, with sunlight focused through a lens, once a week for two or three times. A treatment with X-ray will clear up groups of warts. Do not attempt to treat a wart about your face or head—go to a physician.

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO
Friday, March 24, 1899.

S. Marshall was at Green Bay on business. Sleighting was disappearing rapidly in the city and on the country highways.

A. G. Leffingwell was at Detroit on business connected with the F. E. S. C. E. convention to be held in that city the following July.

Frank W. Harriman was a candidate for supervisor in the Second ward.

Mrs. Fred Hofer and Miss Marie Krueger entertained the "401" club at whist the previous evening.

Beach & Bowers minstrels which were making their fifteenth annual tour of the country, were to appear at the opera house the following Thursday evening.

A declamatory contest between Ryan high school and Marinette high school was to take place at the Congregational church on April 15.

The first game of indoor baseball was to be played between two college teams at the armory the following evening.

An extra party was to be given by members of the Crimson Clover club at Odd Fellow hall Tuesday, April 4.

The Democrats held their caucuses in the different wards the previous evening and nominated delegates to the city convention and candidates for aldermen and supervisors.

Mrs. L. J. Robinson left for Washington, D. C., to join her husband who was employed in the post-office.

TEN YEARS AGO

Friday, March 20, 1914.

Henry Hoffman left for Milwaukee on a business trip.

Former Senator W. H. Hatton of New London was an Appleton visitor.

Harry Hawthorn, who had been employed in a smelting plant at Anaconda, Mont., for several years was home on a visit.

F. C. Hyde and Karl Keller attended a meeting of Fox River Jewelers club at Fond du Lac Thursday evening.

Nestor J. Jace, fifth ward contractor, purchased the home of Mrs. James McCarey, corner of Harris and Bennett sts.

Martin Loos, 30, father of George L. Loos, was critically ill with heart disease.

Fraser Lumber company filed articles of incorporation with A. G. Koch, register of deeds. The company was capitalized at \$25,000 and the incorporators were A. A. Fraser, H. C. Fraser and Edward Fraser.

The executor in the estate of Mrs. Johanna Richard paid to the county treasurer an inheritance tax of \$55.

Misses Esther and Irma Erb left for Sheboygan to attend a house party.

Fire the previous night caused a property loss of approximately \$1,500 at the sample room of Nicholas Arndt in the Finkle building at Appleton.

Henry Motard was elected president of Appleton Motorcycle club at its annual meeting.

Barney Hietpas of Little Chute purchased a house and ten acres of land from John VanVonderen in the town of Vandenberg.

SEEN, HEARD

and

IMAGINED

---that's all
there is
to life

Culled Fables

"I've heard of a man who was 'yellow'."

"Blue" persons I've actually seen, Milwaukee has "Reds," home folks are "white."

But a grass widow is never "green."

Which leads us to reiterate, Arnold, never, fool with a grass widow, for you may get caught in the weeds.

There is honor among thieves, even if I. T. is still skeptic. The only exception is to be found in the case of two women who are in love with the same man.

It is said that Appleton garage dealers are opposed to improving any more railroad crossings in this city because the improved conditions may cut into the sales of their midsummer orders.

Almost time for the first automobile procession of the city, the opening gun in the speeders club membership campaign and the first howl about road hogs.

ROLLO—Your wife is the most wonderful person in the world until you get to know her.

The Goof

Wouldn't it be better grammar to say "one's" wife instead of "your" wife? Or whose wife do you mean? And what do you know of her? Please reply at once.

Congressman Schneider wants the government to operate Muscle Shoals and sell the fertilizer to farmers at cost. We wish he'd get the government to start up a spring suit factory so we could buy them at cost.

Society Item

Here is one item the little society editor forgot: One of the most charming functions of the present social season was a street naming party held Wednesday evening in the council chambers of the city hall. Festoons of criticism hung from every mouth, while garlands of tobacco smoke drifted hither and yon. A unique color scheme of mud was effectively displayed. An entertaining program of addresses was "carried out." These present report a good time was had by all.

The council has renamed another portion of VanSmith-st so that it will carry the dignified name of Parkway-blvd. Now watch the rent go up on that street.

Alderma Wood got a rise out of the council the other night when that body changed the name of Main-st to Wood-st. He suggested that the street be named Stenbauer-st instead.

ROLLO.

OUR ISOLATION POLICY

By Samuel Plantz

Uncle Sam is still trying to play "Pussy wants a corner." Our politicians tell us that the people in 1920 voted for "isolation" some 7,000,000 strong. They reiterate the political bunk that you and I and the rest of us want a stone wall built around America a hundred feet high, and that we care but little in our selfishness whether or not the rest of the world take a plunge down the precipice of ruin. When Congress has been pressed with the demand that our country at least join in the world court, some peanut politician will arise in Congress and bellow out: "The people have settled this; in 1920 they voted by a great majority to keep out of all foreign entanglements." As a matter of fact the people have never voted on the question of isolation. They did elect Mr. Taft, not an independent but an interdependent world. America can no more isolate itself from other peoples than an ox can climb a tree. We are a part of humanity and human interests transcend national lives. If Europe goes to smash, America's prosperity will crack, if not be broken to pieces. No people can sit in a hut and see the world go by. We may isolate ourselves from our part in the administration of the world's affairs, but we can not withdraw from the effects of world conditions.

The fallacy of our isolation attitude is indicated by the fact that it is not our historic policy. Mr. Livermore, the author of the Bok Peace Prize plan, has correctly shown that during the past thirty years, five Leagues of Nations have been established in whole or in part, and that the United States created two of them and was

padding its own canoe at once upon parent when we saw the unity into which the world has been brought by modern inventions and modern commerce during the past hundred years. "The world is bound together by common interests, by trade necessities, by economic relations, by transportation lines, by telegraphic communications and by the frontier-crossing and corporate organizations. This is not an independent but an interdependent world. America can no more isolate itself from other peoples than an ox can climb a tree. We are a part of humanity and human interests transcend national lives. If Europe goes to smash, America's prosperity will crack, if not be broken to pieces. No people can sit in a hut and see the world go by. We may isolate ourselves from our part in the administration of the world's affairs, but we can not withdraw from the effects of world conditions.

But a greater proof of the absurdity of our wanting to get off in a corner by ourselves is seen in the humiliating and ridiculous position in which our present policy is placing us. Instead of keeping aloof from European affairs, which even our self-interest makes impossible, we are being represented "unofficially" in all the more important European meetings of commissions and assemblies. In other words we are sitting in at these gatherings where men are deciding the problems of the world as silent observers, even though our interests are involved and the decisions may vitally affect us. Think of Uncle Sam sitting on the bleachers and watching a game in which he has a vital interest. By that true Americanism? Think of the United States having a representative at all the meetings of the League of Nations, carefully watching the proceedings that he may report to our govern-

Today is the
first day of Spring!

And it should be the last day for your Winter Suit.

To-day, thousands of men in all English speaking countries are following the very sound tradition of buying new clothes on March 21st.

You'd get lots of fun, satisfaction and pride out of this same habit.

We've done our share—the new suits are within easy reach—financially as well as optically.

Dress up—no man can afford to carry all his style in his wife's name—and in the name of the first day of Spring we invite you to come in and try on our Campus Togs Spring models.

"TWO FLOORS OF GOOD THINGS TO WEAR"

an active supporter of a third. He reminds us that in 1889 James G. Blaine formed the oldest league—the Pan American Union. Blaine Root sponsored the second in 1907-08; the third was the League which was being developed in the Hague conference of which Theodore Roosevelt was so strong an advocate and whose Tribunal of Arbitration is still standing. The fourth is the existing League of Nations, composed at the present time of sixty-four nations, and exposed with such confidence by Woodrow Wilson. The fifth is that great "British Commonwealth of Nations" which has long been maturing and which the last war is hastening to its consummation. In the part we have taken in several of these leagues, we have committed ourselves to the policy of internationalism and interdependence rather than nationalism and isolation.

But a greater proof of the absurdity of our wanting to get off in a corner by ourselves is seen in the humiliating and ridiculous position in which our present policy is placing us. Instead of keeping aloof from European affairs, which even our self-interest makes impossible, we are being represented "unofficially" in all the more important European meetings of commissions and assemblies. In other words we are sitting in at these gatherings where men are deciding the problems of the world as silent observers, even though our interests are involved and the decisions may vitally affect us. Think of Uncle Sam sitting on the bleachers and watching a game in which he has a vital interest. By that true Americanism? Think of the United States having a representative at all the meetings of the League of Nations, carefully watching the proceedings that he may report to our govern-

Unusual People

AIDS HEALTH OF GIRLS

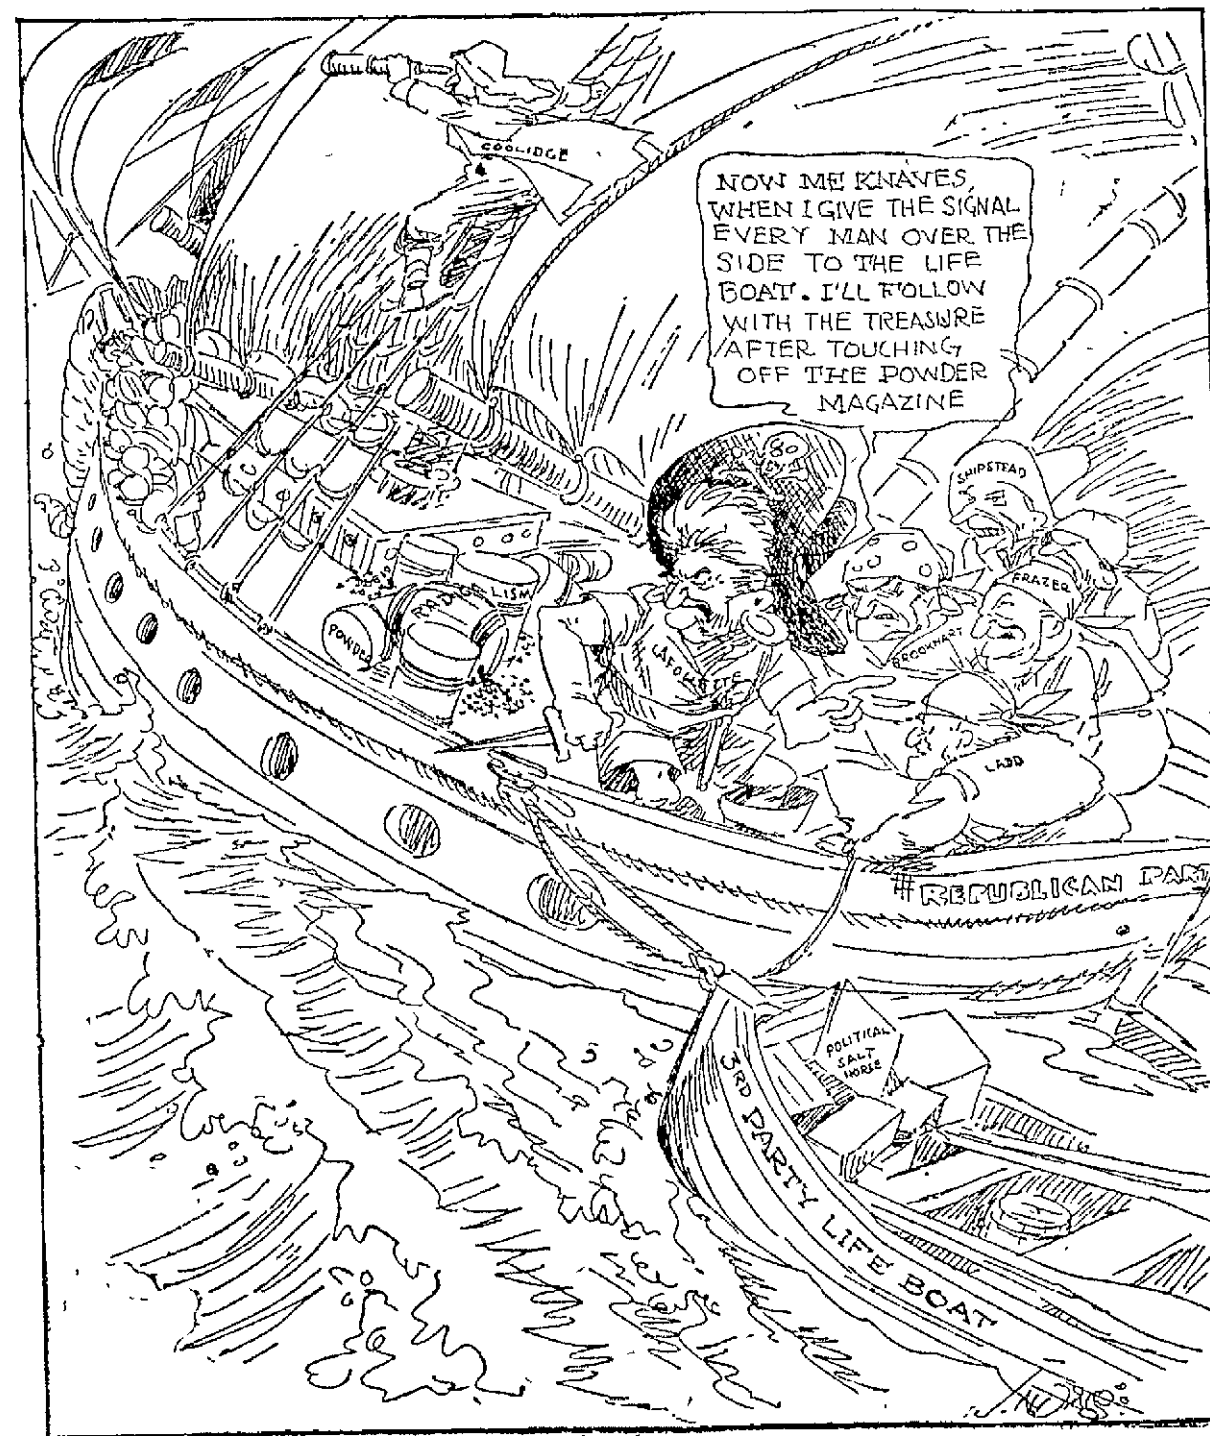

Better health for college girls was what Miss Ruth Graham, head of the food department of Stephens College at Columbia, Mo., was after. So she organized a drive for scientific eating. "Girls kept track of their calories and several hundred of them who were slightly overweight, gained better health by it," says Miss Graham. "A big thing that helped was stopping between meal cream puffs and sandwiches."

ment all that is being done. Think of him in the gallery looking on while the other nations are averting six wars, discussing the problem of the reduction of armaments and adopting a policy of mutual guarantees, settling policies of disputed territories, arranging for the repatriation of war prisoners, working out a financial policy to save Austria, and also Hungary, planning to protect backward peoples by mandates, stamping out great epidemics, stopping the opium traffic, crushing out the white slave trade, and improving the conditions of working men through International Labor Organizations. Are you proud to have America represented by an observer in the gallery while these great improvements in civilization are being developed by other nations? A great convention will soon be held at Rome under the League of Nations. The United States Ambassador has been appointed to look on while some of the most important problems of the world are under discussion. We say we will have nothing to do with Europe and then we appoint members of a Commission to determine how much Germany can pay in reparation. Does not all this show the absurd position in which our isolation program is placing us, and is it not time that Americans wake up and demand that Congress shall stop this foolishness and our nation shall join with others in solving world problems in one of the most critical periods of the history of civilization? Samuel Plantz

The Question Box

(Any reader can get the answer to any question by writing The Appleton Post-Crescent Information Bureau, Frederick J. Haskin, Director, Washington, D. C. This offer applies strictly to information. The Bureau cannot give advice on legal, medical, and financial matters. It does not attempt to settle domestic troubles, nor to undertake exhaustive research on any subject. Write your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. All replies are sent direct to the inquirer.)

Q. What is the proportion of girls to boys in high schools? G. M. F.
A. There were 1,857,155 pupils in the public high schools of the United States in 1920 and 1,054,184 were girls.
Q. What is the derivation of the word "cocoa"? B. M.
A. It is a corruption of cacao, the full botanical title being "theobroma cacao" which translated is "cocoa, the food of the gods."

Officer Of W.C.T.U. Is Speaker Here

Mrs. Ella Sanford, State Organizer, Gives Address at Meeting

Mrs. Ella Tenney Sanford of Stevens Point, state organizer and lecturer of the Woman's Christian Temperance union, spoke on law enforcement at a meeting of the local union at the home of Mrs. S. B. Keyes, 723 Durleest, Thursday afternoon. Mrs. Sanford will speak at the Baptist church Sunday morning, with "Patriotism" as her subject. She will speak on "Obedience to the Law" at Memorial Presbyterian church Sunday evening.

Another speaker at the meeting Thursday was the Rev. F. L. Schreckenberg of Trinity English Lutheran church. The Rev. Mr. Schreckenberg said that work of the kind carried on by the Union requires patience and that temperance workers are not accomplishing so much for the present generation, but it is the future that will benefit by it.

Other features of the program included readings, vocal selections and piano music. A short business session opened the meeting.

Play 12 Tables At Card Party Of K. P. Lodge

A card party with 12 tables in play was enjoyed by the Knights of Pythias lodge following the regular business meeting Thursday evening in Catholic hall. First prize at schafkopf was won by Charles Young and consolation gifts consisting of lollipops went to John Engel, Sr., L. E. Williams and W. E. Bonin. The prize at skat was won by Clarence Manzer and the bridge prize by Clark Goodland.

Work in first rank will be continued at the meeting next Thursday evening.

CLUB MEETINGS

Mrs. A. J. Roehm entertained the J. L. D. club at her home, 332 North st., Tuesday. The time was spent in sewing.

Eighteen new members were initiated at the meeting of the Post-Crescent Newsies at the Y. M. C. A. Thursday evening. This increases the total membership to 44.

The Thursday Bridge club met Thursday evening with Mrs. Charles Foss, 661 State st. The prizes were won by Mrs. John Bloomer and Mrs. Margaret Jones.

Mrs. Arthur Demand, 781 Hancock st., entertained the Siar club at her home Thursday afternoon. Prizes at schafkopf were won by Mrs. C. Wentinck and Mrs. Demand.

The Five to Four Bridge club met Thursday afternoon with Mrs. Roy Hauer, 865 Superior st. Mrs. George McElroy won the prize.

CHURCH SOCIETIES

Twenty-five were present at the supper of the Young Married Peoples group of the First Congregational church Thursday evening. The group decided to hold three more study meetings this season.

The mixed choir of St. Joseph church will have rehearsal at 8 o'clock Friday night in St. Joseph hall. Music for Easter Sunday and for the passion play is to be rehearsed.

Kings Herald of Methodist Episcopal church will meet at their regular session at 2:30 Saturday afternoon in the church parlors. This is one of the girls' organizations of the church.

Young married people of First Congregational church were entertained at a supper in the church Thursday evening. This was followed by the regular study period. This group is studying Prof. Richard C. Moulton's book on "How to Read the Bible."

Members of the intermediate department of the Sunday school of First Congregational church were entertained with a party in the church parlors Thursday evening. A program of games and stunts arranged by Stanley Lowe was presented.

PARTIES

Mrs. Max Ruskie entertained two tables at bridge Thursday afternoon at her home on Franklin st. The prizes were won by Mrs. Frank Bruceri, Mrs. William Schultz and Mrs. George Calley.

Mrs. W. H. Dean, 735 Oneida st., entertained 24 ladies at tea at 5:30 Thursday afternoon, followed by bridge. Prizes were won by Mrs. E. E. Dunn, Mrs. O. N. Zepherin and Mrs. W. R. Challoner. Out of town guests included Mrs. P. Jensen of Oshkosh and Mrs. Helen Dean of Fond du Lac.

Good Health Essential To Success, Frieda Hempel Says

FRIEDA HEMPEL

BREATHED deeply and many of your ills will vanish," says Frieda Hempel, world famous prima donna who will appear in her Jenny Lind concert at Lawrence Memorial chapel next Friday evening. The public seat sale opens at Belling's drug store at 9 o'clock Monday morning but tickets may be secured by mail order any time before that.

Miss Hempel is a great believer in the need for health in order to live a full and useful life. She has been most emphatic about the need for living health all the time and not taking periods to build up.

"CONSIDER THE CAT" is the title of a lecture in latest in health, the cat," she says. Each morning he stretches and carefully tries his muscles until he is aware of the condition of each one. Perhaps the cat's traditional nine lives are owing to this care. Certainly this animal has something to teach us.

The great singer feels that a daily interest in the condition of one's

health is absolutely necessary. She says that it is the "poppy" person who is successful now and that the time when languid and ailing women were the fashion has passed. Miss Hempel has been able to keep fit by constant exercise and care although her 80 concerts in this country every year take a fund of energy.

Miss Hempel's Jenny Lind concert is the most picturesque one which she uses. Appleton is fortunate in having one of them here.

Social Calendar For Saturday

2:30, Kings Herald, Methodist Episcopal church.
7:30, United Commercial Travelers, Odd Fellow hall.

Team Increases Lead
The Roses increased their lead over the Thorns by winning two out of three volleyball games in the young women's series at St. Paul Lutheran school hall Thursday evening. The Roses now are four games ahead in the championship series.

Bond Will Speak
J. E. Bond will be the speaker at the meeting of the money power course at 3 o'clock Sunday afternoon at the Y. M. C. A. His subject will be, "How Should a Christian Fix His Standard of Living?"

Mrs. W. E. Franken of Milwaukee, who has been visiting her parents, Mr. and Mrs. J. M. Peeters, 768 Appleton st., returned Friday.

Movie Beauties

Use these powders—you will revel in them
By Edna Wallace Hopper

I have for years paid \$5 per box for my powders—to get the finest in existence. So do most movie beauties. They must have the best.

I started to offer other women my aids to beauty and to youth. But I never thought of powders. I did not dream that such powders as I use could be supplied at modest prices.

But the makers have helped me out. They now supply me these powders under my name at a price which all can pay. I told them that women would use millions of boxes. So those who use my beauty helps may now get my powders, too.

None so exquisite

These powders are supreme productions, made for those who demand the best without regard to price. They are as fine as vapor, as harmless as dew, and fragrant with my favorite perfume. Most of you have never seen such exquisite powders.

There are two kinds, light and heavy. I use a heavy cold cream powder, with a use like my Youth Cream. It clings and stays. But

some like a powder light and fluffy, without the cold cream base. So I had both kinds prepared.

Edna Wallace Hopper's Youth Cream Powder—the heavy, clinging powder sells for \$1. Edna Wallace Hopper's Face Powder—the light and fluffy powder—sells for 50 cents. Both come in three shades—white, flesh and brunette.

Supplied by all druggists and toilet counters. They also supply my Youth Cream, based on fruits. My Facial Youth—my famous liquid cleanser. My Hair Youth, which brought my luxuriant hair. And my White Youth Clay—the utmost in a facial clay. These are the creations which made me a beauty, and which keeps me a beauty at my grand old age. My Beauty Book comes with each.

If you want a matchless powder, go ask for a box of mine. If you want more beauty or perennial youth, the very ways which brought them to me are at your command. Edna Wallace Hopper, 536 Lake Shore Drive, Chicago, adv.

LODGE NEWS

A box social and party followed the regular meeting of Beaver lodge Thursday night in South Masonic hall. Routine matters were transacted at the business meeting.

A social meeting of the Ladies auxiliary of United Commercial Travelers will be held at 2:30 Monday afternoon at the home of Mrs. A. N. Troese, 889 Spring st. Bridge will be played.

Arrangements for memorial services on April 6 will be discussed at an important meeting of the Appleton United Commercial Travelers council at 7:30 Saturday evening in Odd Fellow hall. The council also plans to initiate a class of candidates at this session.

DeMolay and Initiatory degrees were conferred at a meeting of the John F. Rose chapter, Order of DeMolay, Thursday night in Masonic hall. This was a special meeting of the chapter.

Knights of Columbus held their regular meeting Thursday night in the Catholic home. Routine business occupied the session.

SECOND INSTITUTE FOR TEACHERS AT SEYMOUR

The second of a series teachers conference will take place in the high school at Seymour on Saturday. The first of these conferences was held in Kaukauna last week. The same program will be in effect at Seymour. A. C. Meating, county superintendent of schools, Miss Nellie McDermott and A. L. Collin, supervising teachers, and Miss Jennie Peacock, an instructor at the county training school at Kaukauna, will supervise a program of study on the subject of supervised study.

Hear Chinese Student

Kuhn Joh Lee, a Formosan Chinese student of Lawrence college, will be the speaker at the meeting at 8 o'clock Sunday afternoon in the boys division of the Y. M. C. A. Special music will be provided.

Never neglect a cough

PUT an end to it at once with Dr. Bell's Pine-Tar Honey. Loosens hard-packed phlegm, soothes inflamed tissues, restores normal breathing. Made of the same medicines your own doctor prescribes, combined with the good old standby—pine-tar honey. You'll like its taste, too. Keep Dr. Bell's on hand for all the family.

All druggists. Be sure to get the genuine.

DR. BELL'S Pine-Tar Honey

New Scenery For Passion Play Drama

New scenery is being made for the play, "The Upper Room" which Columbian club will give at Columbia hall on April 2 and 3. Rehearsals for the play, which tells the story of the crucifixion of Christ are being held every evening.

Work on the costumes is being done by the costume committee under the direction of Miss Vivian Morrow. A large number of costumes will be necessary for the play.

Several cities in the state are putting on "The Upper Room" during the Lenten season. It is a splendid interpretation of the passion and suffering of Christ.

Miss Alice Kuchenbecker who has been in training at the Milwaukee Hospital returned home Monday.

Mrs. Henry Helmenan who has been the guest of her daughter, Miss Marie Helmenan, returned to her home in Chicago on Friday. Frank Faller of Green Bay was in Appleton Friday on business.

WIFE WINS DECREE AND MAIDEN NAME

Unwilling to endure the sales of abuses which she said her husband heaped upon her, Mrs. Helen Furrance of Appleton Friday morning secured a divorce from Gilbert Furrance in municipal court. The decree was granted by Judge A. M. Spencer.

The charge against Furrance was cruel and inhuman treatment, and he made no contest of the suit. The couple was married in 1920. As there are no children, no alimony was fixed, a division of property was agreed upon by stipulation. Mrs. Furrance has also been granted permission to resume her maiden name.

Attorney Heber Felkey represented the plaintiff and A. H. Krugmeier represented the defendant.

W. H. Zimbleman of Milwaukee, traveling freight inspector of Chicago, Milwaukee & St. Paul Railway company was in Appleton Thursday on business.

PERSONALS

An infant son of Mr. and Mrs. Henry Panzenhagen of Grand Chute, is recovering from a severe attack of pneumonia.

John L. Hiettinger, who has been at St. Elizabeth hospital for several days, has returned to his home at 629 Lawrence st.

Oscar Wettengel has returned from St. Mary hospital at Oshkosh where he submitted to an operation. W. H. Wones of Milwaukee, state secretary of boys work of the Y. M. C. A., is at the Y. M. C. A. on business connected with the proposed spring membership drive of the boys division.

Charles D. Daly of Middleton, Ohio, visited friends here Thursday. He moved to Ohio from Kaukauna, and was at one time a resident of Appleton.

The condition of Mrs. H. Fashen del, 930 Prospect st., who is at St. Elizabeth hospital, is greatly improved. She submitted to an operation Monday.

Have You Piles?

Then You Have Something to Learn

Thousands who have piles have not learned that quick and permanent relief can only be accomplished with internal medicine. Neither cutting nor any amount of treatment with ointments and suppositories will remove the cause.

Bad circulation causes piles. There is a complete stagnation of blood in the lower bowel and a weakening of the parts. Dr. J. S. Leonhardt was first to find the remedy. His prescription, HEM-ROID, is now sold by all druggists. Dr. Leonhardt tried it in 1000 cases with the marvelous record of success in 98 per cent, and then decided it should be sold under a rigid money back guarantee.

Don't waste any more time with outside applications. Get a package of HEM-ROID from Schlitz Bros. today. It has given safe and lasting relief to thousands and should do the same for you—it seldom fails.

Sports Coats Have A Daring Swing

With the season of sports at hand—with vacations in the air—with the general tendency leaning toward sports clothes, and particularly Sports Coats for every day wear, these swagger top coats are timely indeed. They play an important part in every game. Irresistible for sports; absolutely essential for a successful vacation and ever so smart for general wear they are a joy to own. You can depend upon it that they are absolutely fashion-right in every detail.

MODERATELY PRICED QUALITY SPORTS COATS

Plaid Topcoats

One of the cleverest things fashion does this season is to combine colors. It is done very successfully, particularly in the fabrics of these Spring Topcoats. Coats with a mannish air from the collar down. Coats jauntily flared or smartly tailored along English lines may be chosen in many clever color combinations, Full or three quarter lengths. \$22.50 to \$47.50.

The Striped Coat

One thing is certain, stripes may be new, but they're very smart. You will agree with us, too, when you see these new Spring sports coats. Sometimes they are perfectly straight and slim, sometimes they flare from the collar down. Quite a few have collars of summer fur. Full and three quarter lengths are represented. \$22.50 up to \$39.75.

The Spring Coats

For More Dressy Occasions

Are straight, slim and have a more youthful silhouette than heretofore. There are very good looking ones trimmed with summer ermine while others depend on embroidery and braid for their individuality. The largest selection we have ever shown and at such low prices. \$32.50; the highest price is \$39.75.

Day's News of Wisconsin and Outagamie County

KAUKAUNA FAVORS BALL TEAM MADE OF HOME PLAYERS

Fans Urge Municipally Owned Field to Be Used for Sports

Kaukauna—In a report of the baseball committee Thursday evening at the weekly meeting of the Advancement Association, a recommendation was made that the association, through its president, appoint a committee of at least seven men not of officially connected with the present existing Kaukauna Athletic club, to see what can be done about securing a community owned athletic field where sports and athletics of all kinds can be carried on as a city enterprise under capable supervision. The suggestion later was made a motion and was carried.

The baseball committee was appointed a week ago to determine, if possible, the sentiment of local fans regarding baseball for the coming season. A meeting of the committee was held Wednesday evening in the council chambers and it was the general opinion that the logical procedure will be to try to get back to the old days when the Electric City had a home talent baseball club that was on equal footing with anything in the Fox River valley.

LOST MONEY IN 1923

Baseball last season was a financial failure, not only in Kaukauna but in most cities of the state circuit, and members of the committee felt that to organize a club this season under similar conditions as existed last year, namely, the use of a team made up almost entirely of hired players, would not be advisable.

T. E. McGillen, president of the Wisconsin State League, gave a short talk in which he explained the experiences of the Menasha administration at the time it purchased its community athletic field. He said he had the intention of endeavoring to carry the opinion of local fans regarding the kind of baseball they wish for this season but stated clearly that the attempt in Menasha to provide a strictly home players baseball team finally ended in failure. He said he would be greatly disappointed should Kaukauna decide not to be among the leaders in the state league for 1924.

FAVORS CITY FIELD

It was believed that great good can be derived by having a community owned athletic field to be used in summer for baseball, track and football and in winter for a skating rink. It was intimated that a small revenue might be derived by renting the grounds to manufacturing institutions or organizations which make a practice of indulging in some kind of sports for their employees and members.

John Coppes, also a member of the baseball committee, declared that perhaps the most successful way of conducting a baseball team would be to secure as many home players as possible and to develop others so that in the course of a few years players could be secured in our own city which could successfully compete with anything in the state league. Whether such a team could stand the gaff and hold a position in the league this season is a question which must be decided, it was said.

BETTER MANHOOD

As a whole league baseball was given little consideration, most of the discussion being centered upon the advisability of providing the athletic field. W. F. Ashe, formerly engaged in public playground work, gave a talk relative to results which may be expected from such a venture. It was his belief that the kind of enjoyment and recreation chosen by young people determines largely the type of citizens they will make and he expressed his opinion that an athletic grounds under organized management would have more to do with the building of manhood and character than possibly anything else.

As a result of the association, F. W. Grogan, president, will appoint a committee of men to investigate the matter and to report soon. Men who are in any way connected with the Kaukauna Athletic association, which at present is not on the credit side of the ledger, will not be represented on the committee in order to prevent any thought or feeling that an attempt is being made to settle up old baseball accounts.

A suggestion was made that the matter of purchasing the grounds, used last year for the pageant also be taken up by the committee. Mayor C. E. Raughter said that it is hoped and expected an event of similar nature will be put on this coming summer.

FARMERS BEGIN ANNUAL MAPLE SAP HARVEST

Ross Latta — A number of farmers are busy tapping their sugar bushes this week.

Mrs. John Bishop called on Mrs. Edward Miller in Seymour Monday. Mr. and Mrs. John Weisnick were called to Townsend last week to attend the funeral of a relative.

Mr. and Mrs. Martin Storma are the parents of twins, a boy and a girl, born March 14.

Mrs. George Kimball is ill again. Mr. and Mrs. Oley Peck and children of Seymour, spent the weekend with Mrs. Peck's parents, Mr. and Mrs. Albert Dean.

George Storma of Green Bay, spent a few days of last week here.

Ronald Bishop is visiting relatives in Green Bay.

A surprise party was given Joel Ward Friday night, March 14, in honor of his fourteenth birthday anniversary.

MIDWINTER FAIR OPENS IN THREE BUILDINGS TODAY

Committees Complete Final Preparations for Huge Exposition

Kaukauna—Hundreds of visitors were expected in Kaukauna Friday and Saturday to visit the midwinter fair in the auditorium, high school and municipal buildings. Attractions and counter attractions have been planned and visitors will find something new and interesting all the time.

Announcement was made Wednesday by M. J. Verfurth that it will not be necessary for exhibitors or booth owners to remove their goods on Saturday. A watchman will be provided for Thursday, Friday, Saturday and Sunday evenings.

The auditorium and high school were the busiest places in town Thursday afternoon. Merchants and their helpers were busy getting up their displays. Several of the booths have been decorated in an exceedingly attractive manner. A number of farmers were in town to enter their exhibits but the bulk of the farm produce was expected Friday morning.

GOOD LIGHTING

The entire building has been completely wired for the occasion. Each booth will be provided with its own lighting facilities. Long rows of specially built tables have been placed down the center of the hall for the purpose of properly displaying the exhibits.

In the high school an army of school teachers and students were rapidly constructing booths to be entered by the various country schools entered in the competition for prizes. Loads of school work had already arrived and was being placed as soon as the booths were completed.

Reports Thursday evening at the regular meeting of the Advancement Association indicated that everything possible has been done. An unusually jovial and satisfied atmosphere prevailed during the meeting and it was generally conceded that every committee in connection with the midwinter fair had handled its work well.

Arrangements have been made to provide meals during both days of the fair in the legion building a few doors from the auditorium. Preparations are in charge of the Women's Auxiliary of the legion. John Coppes, in charge of the distribution of prizes, stated the very first prizes offered will be a quantity of dynamite, indicating that the fair will start out with a bang, figuratively speaking.

There is only one thought of danger and that is that those things have made the fair so large that it will be impossible to handle it properly with the equipment and space which has been secured.

FAMOUS BILLIARDIST AT HILGENBERG ALLEYS

Kaukauna — George E. Spears, champion straight rail billiard player, will be at Hilgenberg's billiard rooms Saturday afternoon and evening. He will give exhibitions of various forms of billiards and shots. Spears is the holder of the world's record run of 5,041 points and will offer odds of 100 or no count to anyone. He will give exhibitions at 4 o'clock in the afternoon and at 8 o'clock at night.

CLEAN KIDNEYS BY DRINKING LOTS OF WATER

Take Salts To Flush Kidneys If Bladder Bothers or Back Hurts

Eating too much rich food may produce kidney trouble in some form, says a well known authority, because the acids created oxidize the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatism, twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus avoiding serious kidney disorders. By all means have your physician examine your kidneys at least twice a year. adv.

KAUKAUNA'S FIRE HYDRANTS CUT TO STANDARD THREAD

Valley City Falls in Line With Movement for Uniform Equipment

Kaukauna—The fire department here has adopted the standard national fire hose thread and members of the city electrical and water department on Thursday completed the task of recutting hose and hydrant threads. More than 2,000 feet of hose in sections of 50 feet with a hose coupling at each end were taken from the wagons, re-cut and then loaded back on the trucks. The standard size thread is 7 1/4 turns to the inch and an attempt is being made to secure the standard in all fire departments so that in case of emergency the hose from any other city can be coupled with the local hydrants.

Tools for re-cutting the threads are being sent out from Milwaukee. Those used in Kaukauna were found quite dull after having been used several times, making the task considerably harder. The Kaukauna department's hose previously was only seven turns to the inch. According to Robert Heinen, fire captain, many cities have a thread which runs eight to the inch but in that case it is possible to couple it with a 7 1/4 thread.

Approximately 125 hydrant threads have been re-cut. All nozzles also had to be refitted.

TRAINING SCHOOL NOTES

Kaukauna—The school board of the high school district at Freedom, together with Father Peeters of that village, met Supt. Meating and Supervisor Dick at the school Saturday morning in the interests of the high school of Freedom. Principal Gerrits of the Freedom high school also was present.

Miss Clara A. M. Ferrill, supervising teacher for Wood-co spent part of Monday at the school. There was no training school board meeting here Thursday of last week as scheduled because of the bad roads.

On Monday afternoon the literary society of the school presented the following program:

PRETTY COSTUMES IN CHINESE PLAY

High School Pupils Working Hard on "The China Shop" Operetta

Kaukauna—Laborate costumes and scenery will be emphasized in the two act operetta "The China Shop" to be presented April 3 and 4 in the high school auditorium by students of the high school under Miss Florence Kohn, music supervisor. The play was to have been given a week later but due to various other activities, the date was advanced, necessitating considerable extra practice to get the characters whipped into shape.

The operetta is entirely different from those previously presented by the music department of the high school. It will be the first play to be produced here using the newly painted scenery with which the auditorium has been equipped.

Miss Kohn, who is personally directing the operetta, staged the first act this week and expects to be ready with the second by Monday. All of the next few weeks will be devoted to polishing up as much as possible in an attempt to produce an interesting program. A novel scheme is being worked out relative to usher service.

The girls in the chorus which make up part of the performance include Mildred Feller, Mary Carney, Zeta Crevelier, Cordell Runte, Cleo Boyer, Lucille Lang, Dorothy Van-Leishout, Lorlane Drege, Alice Adrians, Arlene McCarthy, Ethel Plesh, Angela Gossens, Lillian Alward, Isla Holt, Ruth Pahl, Orpha Esler, Agatha Gossens, Anita Brenzel, Alice Engbold, Arlene Fransway, Mabel Van Ale, Frances Wodjenski, Dorothy Kraus, Olive Kenney, Vira Plesh, etc.

Among the boys are Jacob Hovde, Gilbert St. Mitchell, Sylvester Dix, Abe Goldin, Joseph Rayorgson, William Taylor, Argo Kraus, Robert Kadsch, Edward Heitling, John Rohan, Kenneth Ryan and Roy Darling.

County Deaths

FRANK J. WEISENBERGER

Special to Post-Crescent
Black Creek—Vard has been received here of the death of Frank J. Weisenberger, 61, which occurred Wednesday morning at his home at Arcadia. Funeral services will be held Saturday morning and interment will take place at Arcadia. He is a former resident of Black Creek.

Survivors are his widow, three sons and three daughters, William, Elfa, Clara and Clarence at home; Mrs. Elsie Black and Fred, Black Creek.

LADIES AID SOCIETY MEETS TO REORGANIZE

Special to Post-Crescent
Oneida—The Ladies Aid society met at Epworth hall Thursday afternoon to reorganize and elect new officers. The Altar society gave a box social at John Vandenberg's Monday night and cleared \$55.

The Women's Relief corps met at the home of the president, Mrs. J. Skenandore and took in two new members, Mrs. E. Powless and Mrs. S. Hill.

A number of friends surprised the

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble Caused by Fermenting and Acid Indigestion

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloating right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

Business In Northwest States Averages Even With Country As Whole

Babson Finds Washington and Oregon More Prosperous Than Its Neighbor States—Sees Big Future.

Rabson Park, Florida.—Business in the Northwest averages about even with that of the United States as a whole, according to Roger W. Babson, the statistician, who today issued the last section of his findings on current business conditions for the United States. Mr. Babson's report on Canadian conditions will be completed in about one week.

"I like the Pacific Northwest," says the statistician. "It is a good country inhabited by good and sound people. The climate is attractive yet this district has not been infected by pleasure seekers. Natural resources are great yet the people are inclined to work rather than to exploit and speculate."

"Compared with last year the value of city business for this section is running as follows: Oregon leads with a gain of 18 per cent; Washington shows a gain of 5 per cent. Wyoming a loss of 18 per cent; Idaho a loss of 9 per cent and Montana a loss of 26 per cent. Crop conditions in Montana and Wyoming, however, indicate an increase in trade during the current year. Of this group of states both fundamental statistics and mercantile reports indicate that the business trend is decidedly in favor of Washington and Oregon."

QUIES SHOW GAIN

"In Washington the value of crop was nearly 25 per cent above the preceding year. Several representative cities in the state show an encouraging tendency. In Bellingham, for example, the trend of general business has been moderately but almost steadily upward since the middle of 1923. Ritzville also shows upward movement. In Seattle the improvement is not so pronounced and can be described more as a side-wise drift. Tacoma is also proceeding about at a level. Spokane did very well up to the close of 1923; but since then, the indications have not been so favorable. Yakima showed considerable weakness in the last quarter of 1923, but recent indications have been more encouraging."

INDUSTRIES ACTIVE

"In Oregon the value of crops was somewhat above last year, but the gain was not so notable as in the case of Washington. Several of the Oregon cities are making a good showing in business statistics. In Eugene, for example, business is holding materially above the corresponding period of a year ago. Portland also shows an encouraging trend. The latest government report on industrial conditions in this state mentions the customary seasonal recession in employment. This is reported to have affected railroad construction between Eugene and Klamath, high altitude logging camps, road building and out-of-door work in general. Most industries, however, continue active, with the possible exception of sawmills in the eastern part of Oregon. Official reports state that where unemployment does exist, it is causing little if any hardship. Looking merely at business conditions at present and in the immediate future, there are few indications of great activity in the remaining states of this group, including Montana, Idaho and Wyoming. The available statistics indicative of business conditions in these states remain at a level considerably under the same period of 1923.

"Montana, the government reports, is experiencing some seasonal unemployment."

Fellowship of Prayer

Daily Lenten Bible reading and meditation prepared for Commission on Evangelism of Federal Council of the Churches of Christ in America.

FRIDAY
Children of the Heavenly Father

Read Mt. 18:1-14. Text: 18:3. Verily I say unto you, Except ye turn and become as little children, ye shall in no wise enter into the kingdom of heaven.

Children ask their parents for many things that they do not get, and they get for them. This does not warrant their concluding that it is useless ever to ask. Some things they get only when and because they ask. And they always have their parents' love, however much they may be wisely left to learn some things by painful experience. Prayer is no device for eliminating the necessity of learning some things by experience in living."

MEDITATION: The supreme quality of child life is its response to affection. Through affection the life of a human father comes in touch with the life of his child. However, little the child may know of the perplexities of the father's business and however much the child may be at a loss in his father's factory or office, when they come together in the realm of affection each understands the other and the father's affection is an inspiring power in the child's life.

PERSONAL QUESTION: Have I a child-like trust and faith?

PRAYER: O God, our Father, help us to reverence childhood. Everywhere, and in the beauty of a child's love see the glory of thy fatherhood. Guide us that we may bring happiness in the lives of little children, and may their trust in us be not betrayed. Amen.

ON THE SCREEN

ATMOSPHERE OF INDIA PRE-SERVED IN PICTURE

"A Guilty Conscience," shown at The New Bijou Theater today and Saturday has for its locale the fever-ridden district of India. It is, however, English in treatment, and with a single exception, all the principal characters are English men and women.

SLACK IN LUMBERING

"In Idaho lumbering is reported on a curtailed basis in the northern section of the state. Though seasonal slacking appeared, employment in the railway shops has been about normal for this time of year. Some resumption of metal mining, other than silver, in northern part of state, afforded considerable relief for unemployment. Though most industrial concerns and activities not affected by weather are doing fairly well, conditions cannot be interpreted as showing a high rate of activity."

WEST IS BEST

"For the near future, then, the best business opportunities in this general region will undoubtedly be found toward the west. However, do not lay so much stress on the present and near future, that you shut your eyes to the inherent possibilities that will eventually develop in Idaho, Montana and Wyoming."

WEST IS BEST

"All of these states should benefit from the great change which is coming in world commerce which change will transfer the center of trade from the Atlantic to the Pacific Ocean. Few people realize the great significance of this transformation. It will be truly revolutionary in character. New York City, now the financial center of the western world, must give up its supremacy as has each of the great cities of Europe in its turn. The cities of the Pacific Coast are to become the great cities of America. California, Washington and Oregon are to become the richest and busiest of our forty-eight states. The Pacific Coast centers are destined to be the clearing houses between the wealth of American and the teeming millions of China, India and the Far East. For centuries these Eastern people have been asleep; but when they once awake, the result will be greater than the wildest imagination can visualize."

chief events in American history of the span included in the plot of "The Oregon Trail."

In chapter four, coming Saturday, the sequence concerned with the heroic defense of the Alamo in San Antonio, Texas, is pictured. That is a glorious chapter in American history, a tale of patriotism and bravery almost unbelievable, and every child loves it. "Remember the Alamo!"

WISDOM FOOLS AT THE ELITE

King Vidor has gone his own record as an original and veritable motion picture director one better through his direction of his first Goldwyn photoplay, "Three Wise Fools," from Austin Strong's popular stage play which was produced by John Golden and Winchell Smith. It was shown for the first time in Appleton at the Elite theatre yesterday and proved itself one of the most entertaining and artistic of the season's productions. It has the reality in

How to Relieve Neuritis

If you want genuine, lasting relief from those keen, darting pains of neuritis, you must first restore the diseased nerves to sound, healthy condition.

Neuritis is nerve inflammation brought on by colds, injuries, bruises, or infectious diseases. It usually centers its attack about the shoulder or nape of the neck, in the forearm, thigh or leg, and sometimes in the small of the back.

For real relief, procure a bottle of Eopa Neuritis Tablets from your druggist and take two tablets before each meal. The result will amaze you. Never in your life have you used anything like these marvelous tablets.

Eopa Neuritis Tablets contain no habit-forming drugs—no narcotics. Perfectly harmless to every one. Price, \$1.00. Sold in Appleton by Voigt's Drug Store and all other leading druggists. Roedike & Runyon Co., Mrs., San Francisco. adv.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe To Bring Back Color And Lustre To Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared and after another application it becomes beautifully dark and appears glossy and lustrous. adv.

JEWEL WALL FLAT

Now is the time of the year to repaint interiors! We are on the threshold of spring! Outdoors, nature is showing the first signs of her annual renewal when the earth blossoms out in new colors and new freshness.

Be sure to paint walls with JEWEL Wall Flat. Then the colors will stay. The walls may be washed without harm to the paint and thus kept clean and bright for years.

JEWEL Wall Flat gives these soft, velvet flat effects so greatly desired. It is not a calamine or a water paint but a velvet finish oil paint—washable and durable.

Being rich in oil it sets slowly and will not show laps. It will not crack or peel. Even when thinning is necessary, linseed oil is used.

JEWEL Wall Flat comes in sixteen shades and white. The colors are clear, tasty, and permanent. We guarantee it to be non-poisonous, non-odorous, sanitary and damp proof.

character and in situation, the charm and the feeling for romance and atmosphere which Vidor gets into all of his pictures. True, he had these qualities to work with in the play, but he has enhanced and developed them, giving episodes and sequences which the stage version had necessarily to omit. The pictureplay is one to cherish; it will repay repeated visits.

The story concerns three old men who had been in love with, and rejected by, the same woman in their youth. On her death she leaves her daughter in their charge and she is soon the center of their lives. When her father, falsely imprisoned on a forgery charge, escapes in a jail-break staged by other convicts, she

CALIFORNIA TOURIST PARTY ARRIVES HERE

Two men from California, driving a truck, on their way to northern Michigan, stopped at a filling station on North-st Tuesday afternoon. They left California on Feb. 12, and have been driving continuously ever since, except when they were held up for eight days south of Milwaukee, about

two weeks ago. They say the road between Milwaukee and Appleton and in fairly good condition. The worst roads encountered on the trip were in Missouri.

Anemic Girls At Business Gain Strength on SCOTT'S EMULSION

There is no safe substitute for True Gasoline!

Get Your Motoring Geared To Genuineness

WHAT service, or smoothness, or dependability could you expect from a transmission or driving gear warped and fractured in web and hub, and its face battered into broken-toothed gaps of roughness and inefficiency? Poor motor fuel can serve you relatively no better. Crowded from unfit portions of the petroleum by processes giving volume instead of quality, its body is warped and chemically out of balance from the outset. The quick flame travel necessary for perfect explosiveness is broken by great gaps between its improperly mated firing units. Like pieces broken from gear teeth, residues of free carbon and unburned kerosene remain to wreck havoc with motor mechanism. You are gearing into an entirely different proposition when your car is operated on

Wadham's True Gasoline

From selection of the crude oil to the last step of refining, it is fitted to your motor's requirements with engineering precision. Its explosion is unbroken and complete. It has no residues of free carbon or raw kerosene. It is genuine straight-run, real gasoline. In quality, in cleanliness, and in smoothness it meshes into the very spirit of efficient, pleasant motoring. Your car is entitled to its benefits—and its season-long cost is far less than the gallon-cost of poor fuel plus the cost of poor fuel's harm.

Motorists Here Enjoy America's Best Gasoline

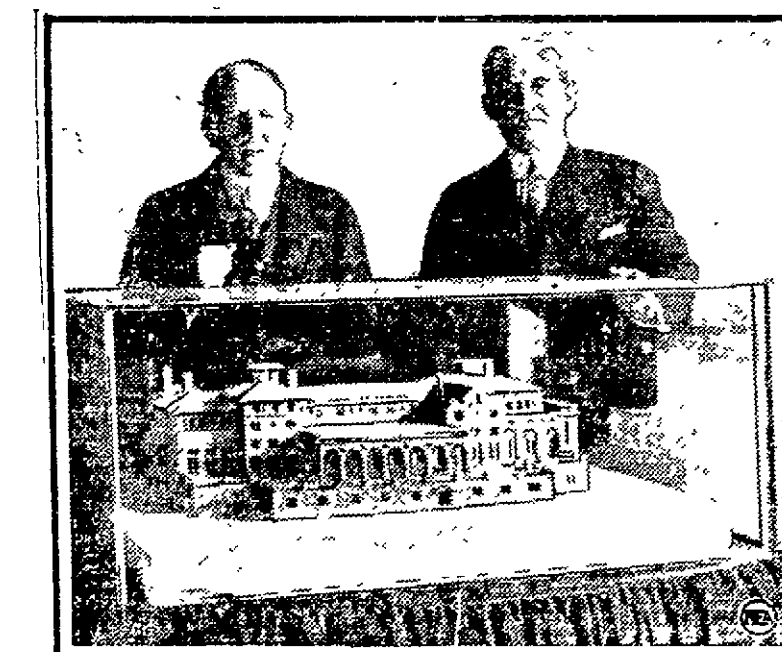

Copyright, Harris & Ewing

Leap year probably will see at least three royal weddings in Europe. And no doubt it will steal away all the marriageable sons and daughters of the kings and queens of Italy and Belgium. The dopesters on the imperial match making figure it all out like this: Prince Nicholas of Rumania and Princess Mariada, Victor Emmanuel's second daughter, shown on the right, will go to the altar first. Then there will be a double wedding in which Princess Marie of Belgium becomes the bride of Humbert, Italian crown prince, center, and Princess Giovanna, becomes the wife of Leopold, Albert's eldest son and heir to the Belgian throne.

Cabaret secrets may be proclaimed to the world, if the secretaries don't use a little precaution. For Secretary of Agriculture Wallace has a new parrot. The bird, a rare specimen from Bolivia, was brought back by Dr. Mann, one of the department's traveling explorers. No, Poll doesn't speak English yet.

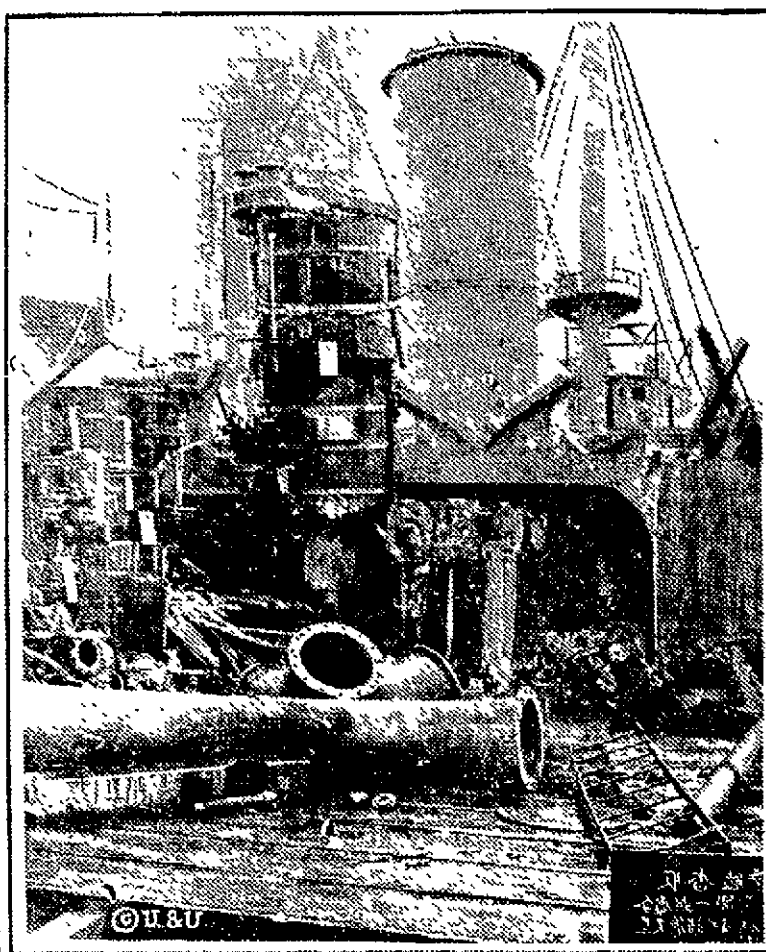

Here is model of the Congressional Country Club now on exhibition in House of Representatives. Photo shows Speaker Cullit (left) and Representative Albert Vestal, on the committee in charge of the proposed country club.

W. B. Cochran, negro, San Francisco auto washer, fell for a glitzy real land salesman's chatter. He paid \$500 for 82 acres in Texas. But Lady Luck played him false. It was all sand. One day, though, an oil man came along. He offered Cochran \$350,000 for that same. Now Cochran plans to keep on 'fundering. Rolls Royces for awhile, then start out to have a good time for himself.

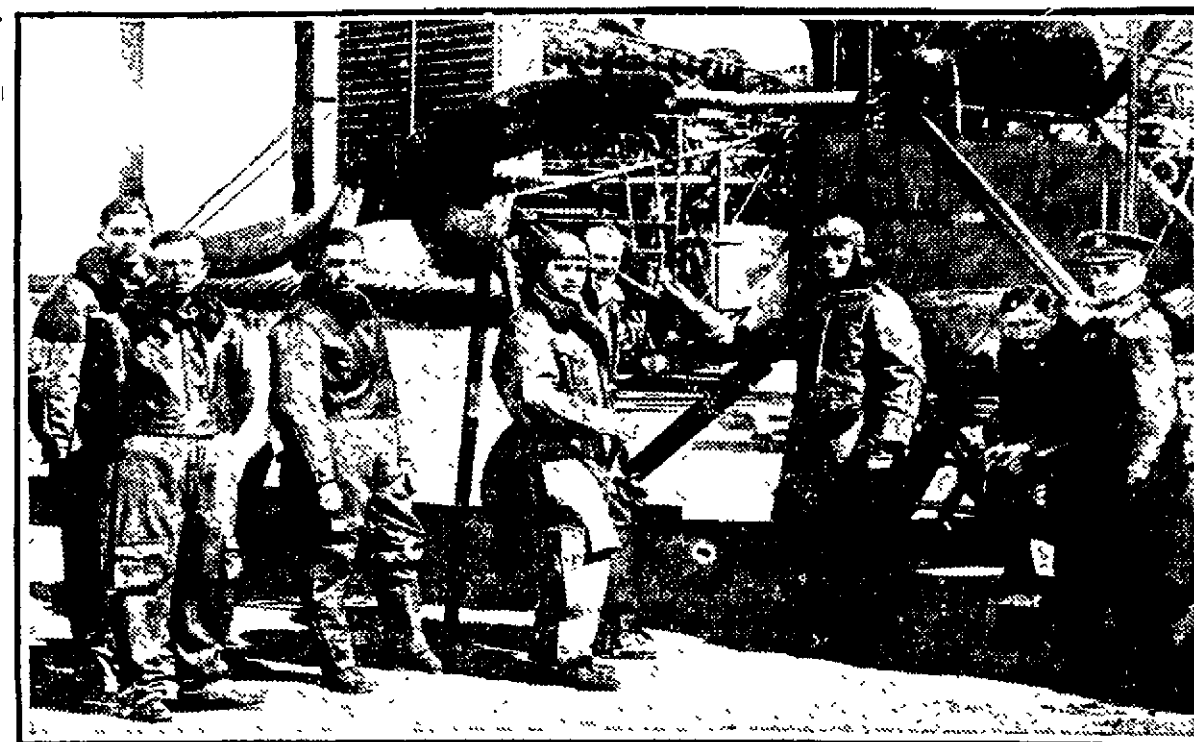

Mrs. Elizabeth Howe, 38, of Boston has become the mother of triplets and a pair of twins in a period of 20 months. The newcomers are John, Joseph and Myrtle. Standing back of them are the twins, Elsie (left) and Et. Mrs. Howe has 12 children.

First official view showing scrapping of the flower of the Japanese Navy in compliance with terms of the Washington agreement. It shows the battleship Katou which took Prince Regent Hirohito to Europe on his trip.

Rumor in London says that Prime Minister MacDonald soon may be engaged to Lady Margaret Sackville (above). She is youngest daughter of Earl de la Ware.

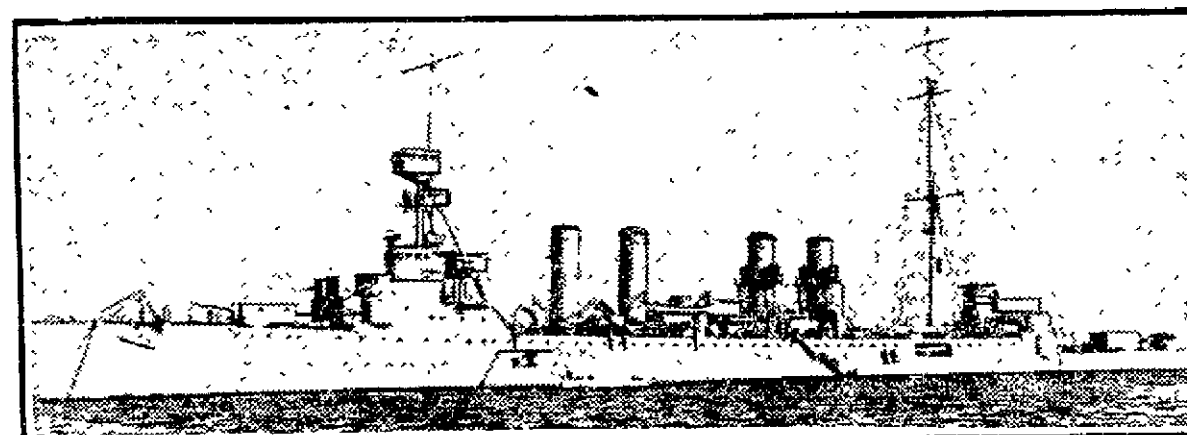

These are the officers and non-coms who participate in the army's flight around the world. They hopped off from Clover Field, Los Angeles. From left to right are Sergeants H. J. Ogden, A. H. Turner and A. L. Harvey; Lieutenants L. Wade and B. H. Nelson, Major P. L. Martin, flight commander, and Lieutenants Lowell Smith and L. L. Arnold. Plane No. 1 is shown in this picture. They're tuning it up.

These two little polar bear cubs are getting their first look at the great wide world. They don't know exactly how to do it all out. Born last December, their mother has just brought them out of their den. The one between mama's paws seems to be more bashful than his brother.

President Coolidge is shown pinning the Congressional Medal of Honor on Henry Breaux, torpedo man, 2nd class assigned to the submarine C-5. Medal was given him for heroism and devotion to duty when the sub sank some time ago.

This is the fastest of all ships flying the Star and Stripes. She's the scout cruiser Cincinnati. She'll soon leave Pacific waters for a record run to New York, around Cape Horn.

Edith Allen (above), movie actress, was bitten with the prevalent 'name changing bug.' She wanted something that sounded lofty. So she picked 'Hedda Land.' But it wouldn't work. She might have been Hedda Land to herself, but she was Edith Allen to everybody else. So back it went to plain Edith Allen.

These are the days of real sport! Up in Amoskeag, near Manchester, N. H., a brave crowd, calling themselves 'super-browns,' dive and swim regardless of temperature. Joe McBride, 21 (unsec), dived from the top of a maple tree 105 feet into an ice hole.

Samuel Knight of San Francisco has been nominated by President Coolidge as the third prosecutor in the oil lease cases. He prosecuted land jumping claims in Alaska and was the original of the luvvy r. ni Rex Beach's 'The Spoilers.' He has been U. S. attorney in San Francisco, represented the government in actions to regain mineral lands from the Southern Pacific, attained the rank of major in the World War and has been active in Republican politics.

CITY'S SHARE OF TAX ON INCOMES IS \$5,000 OVER 1923

Delinquent Taxes Returned to
County Treasurer Total
About \$27,000

Approximately \$5,000 more than last year was realized by the city of Appleton from its income tax collections, according to Fred Bachman, city treasurer, who made his return to the county treasurer Thursday for county taxes, income taxes and delinquent tax rolls.

The amount returned by him to Miss Marie Ziegenhagen, county treasurer, for all purposes except the state's share of general property taxes, was \$231,059.07. Of this sum the largest item was the county's share of general property taxes, or \$104,406.65. Other items are \$21,749.40 for county school taxes, \$33,291.14 for the county and state's portion of the normal income tax, \$21,597.45 as the amount of surtaxes due the state, and \$23.43 to make up for illegal taxes previously assessed.

\$27,000 DELINQUENT
Delinquent taxes as certified by Mr. Bachman to Miss Ziegenhagen are practically of the same proportion as those of last year. The delinquent real estate taxes which have been turned over to the county treasurer for collection amount to \$21,734.37. The delinquent income tax roll totals \$6,329.02 and the delinquent surtaxes amount to \$342.64. Settlement was made by the county treasurer with the city of Appleton for this amount. The city hall will collect its own delinquent personal property taxes through the police and city attorney. Because the proposed bill in legislature to reduce the cities' share of income taxes failed of passage last year, the city again retained 70 per cent of the income taxes collected, the county receiving 20 per cent and the state 10 per cent.

On the normal income tax roll, the corporation tax certified for collection amounted to \$98,616.03, the tax of individuals \$52,459.57, that certified from other counties \$225.04 and new taxes added \$3,580.58, or a total of \$154,881.23. This was offset by \$66,548.04 in personal property receipts and \$8,003.55 in income tax coupons, and \$3,008.22 in canceled taxes.

**HYDE CONTEST AT H. S.
WILL BE HELD APRIL 11**

The annual declamatory contest at Appleton high school for which Frank Hyde furnishes the trophy will take place at the high school on Friday, April 11. Miss Ruth McKennan is working with the contestants who won in the preliminary contest.

FOR COOLIDGE

Marquerite D'Alvarez, Peruvian contralto, sister of Marquis de Buena Vista of the Peruvian embassy in Washington, will sing at the White House for President and Mrs. Coolidge on March 24.

ANTIGO MAYOR HEADS NEW INDUSTRY BOARD

Antigo, Wis. — Mayor Charles J. Hanzel was elected president of the industrial board, a new civic organization which will co-operate with and supplement the Association of Commerce, of which it is an outgrowth. Fred L. Berner was elected secretary, and Frank G. Vanek, treasurer. The executive board is composed of Sam B. Ullman, Charles W. Fish, O. F. Walsh, A. L. Duchac and J. R. McQuillen. The principal function of the new organization is to promote industrial development.

KRUG TELLS OF SCOLDING LOCKS PUBLICITY WORK

E. H. Krug of the Scolding Locks Hairpin Co. will talk to members of the Advertising club at the next meeting, which is scheduled for March 27 at Vemmelens. He will give a resume of the nation wide advertising campaign that the company put on a short time ago.

PROWLERS FLEE WHEN GUNS BARK

Tomah — Anonymous barn burners, supposed to have been the same who recently sent letters to a number of farmers in Coles valley, near here, threatening that their property would be destroyed unless they paid over money as demanded, were put to flight when shots were fired at them by farmers guarding their buildings.

A number of figures were noted by the watchmen, prowling in the darkness about the Garner barn. Mr. Garner was one of those who had received the threatening letters.

It appeared to the guard that the mystery visitors were preparing to carry out a plan to set the barn on fire. Shots were promptly fired, and the bullets are believed to have come close to the prowlers, who disappeared instantly.

No clue to the mystery intruders was obtained, but the affair created intense excitement through the Coles valley community, where elaborate steps are being taken by farmers to organize for the protection of their property from the threat of incendiarism.

ATTEND CARD PARTY AT COMBINED LOCKS CHURCH

Special to Post-Crescent
Little Clute—Among those from here who attended the card party which was given for the benefit of St. Paul church at Combined Locks Friday evening, were: Mrs. George Hammen, Mrs. Albert Hartjes, Mrs. Cornelius Langeleyke, Mrs. Henry Lucassen, Mrs. Herman J. FEDERAL REGISTRATION
Federal registration of all motor cars in the country is sought by a bill just introduced in Congress. It is intended to decrease auto thefts.

CONFIRMED DYSPEPTIC TELLS OF RECOVERY

Mr. and Mrs. Bayes Give
Full Credit to Tanlac for
Remarkable Results —
Mrs. Bayes Gains 21
Pounds.

"Mrs. Bayes and myself are both strong for Tanlac and could not overpraise it," declares T. H. Bayes, 638 College St., Springfield, Mo. Mr. Bayes is a popular musician and well known to the people of Springfield, having been associated with a leading music house here for thirty years.

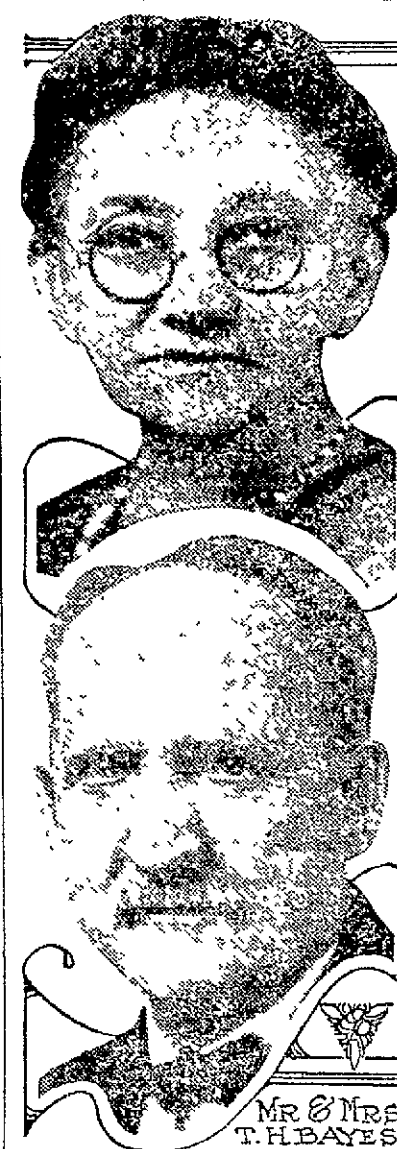

"My wife had been a confirmed dyspeptic, having suffered from it for twenty years. She was sorely troubled with heart palpitation and about all the distressing symptoms a prolonged case of indigestion can cause a person.

"Finally she got down to only one hundred and eight pounds and landed in a hospital almost a nervous wreck. In fact, her case seemed hopeless, but after everything else failed along came Tanlac and easily and quickly put an end to her twenty years suffering and restored to her the pleasure of living.

"Tanicac was soothing and healing from the very start and now she has a wonderful appetite and her digestion is the best I have ever known it to be. The change from eating a little toast and other very light foods, to such things as sausage, cabbage, sauerkraut, etc., came about so quickly as to astonish and delight us both.

"Her weight has gone up to one hundred and twenty-nine pounds a gain of twenty-one pounds. Rheumatism about her arms and joints and swelling in the feet has also disappeared with the general building up Tanlac gave my wife. Her strength has returned, she has an abundance of energy and is altogether happy over her new found health."

Tanicac is for sale by all good druggists. Accept no substitute. Over

40 million bottles sold.

Meet the "Snuggle" Family!

*Every Boy and Girl in Wisconsin Will
Want at Least One "Pup" of Their Own*

The "Snuggle Pups" are coming! Who are they? What are they? Every youngster in Wisconsin will want to find out all about them—they'll provide more real, honest-to-goodness fun for the children than they've had in a long time.

You'll want your children to play this new game—and you'll find yourself playing it with them—and enjoying the sport as much as the little tots. You can't resist these clever little "pups"—learn all about them.

EEKERN CRITICIZES ADMINISTRATION IN ADDRESS FOR BOB

Attorney General of Wisconsin
Speaks in Eagle Hall
Last Night

Criticizing the present administration at Washington, Herman L. Ekern, state attorney general, speaking before a fair sized crowd in Eagle hall Thursday evening, urged support of Senator John C. Spooner, of Denmark and Attorney John Reynolds of Green Bay, who are candidates for election as Ninth district delegates to the national Republican convention in Cleveland next summer. He also urged the voters to support the seven delegates-at-large who have pledged themselves to LaFollette Progressive principles.

C. B. Ballard of Grand Chute, state treasury agent, also addressed the meeting in behalf of the proposed constitutional amendment to increase the salary of legislators from \$500 a term to \$750 a year which will be voted upon in the April 1 election.

INDORSE PRINCIPLES
LaFollette progressive principles rather than LaFollette as the man was the real subject of the address, indicating that delegates are pledged principally to support the senator's principles.

The Washington administration was taken to task by the attorney general for the Teapot Dome oil scandal. He also likened the Ballinger controversy to the timber frauds of 30 or 40 years ago when enough timber land of Wisconsin was given away to support all the state schools and normal schools in Wisconsin.

The speaker also touched upon the enforced cut in the price of gasoline last fall, when the governor of North Dakota started a fling station and sold gasoline in competition with the oil companies, and thus brought about a drop in the price of motor fuel. When officials of oil companies, after having been called in by the state administration of Wisconsin, submitted a cut, it was proof that they had been taking an excess profit of ten cents a gallon, he said.

ATTENTION MOOSE!
All members and their families report at Moose Hall, 7:00 p. m. Sunday Evening, March 27, to attend services at the Baptist church in a body.

**Meeting of
U. C. T. Council**

Saturday, March 22 for initiation of candidates and in Memory of the absent ones called by death. Arrangements for Memorial service April 1 will be made at this time.

EMBRYO TEACHERS GIVE ST. PATRICK PROGRAM

Kaukauna — Students of Outagamie County Training school at Kaukauna presented a St. Patrick day program at the school Monday afternoon. Miss Bronson assisted with the preparation of the program, which included recitations, talks, songs and short Irish sketches. Miss Armella Sambs gave a talk on "Ireland, Past and Present." Miss Helen Haggerty told of St. Patrick and Pearle Skinner presented "My Wild Irish Rose." Irish temperance and superstition were brought out in recitations by Helen Cammes, who gave "The Fairy Calf of Tipperary; Lucille Pfund, who told of Irish heroes, and Grace Van Stratton, who gave "The Fighting Race." Clement Williamson sang "Pretty Molly Malone." Other selections included "St. Patrick Was a Gentleman," by Mildred Hoffman, "The Shamrock," by Selma Robisdek and "When I Dream of Old Erin," sung by the school.

AGED PIONEER ADVISES SPINNING FOR FLAPPERS

By Associated Press
Los Angeles, Calif. — Mrs. Elizabeth Goodrich, who journeyed west from Beaver Dam, Pa., in a covered wagon in 1842, and had her hair bobbed in a Los Angeles barbershop in 1924, celebrated her one-hundredth birthday at her Montebello home near here Thursday.

What distinguishes the girl of 1842 from the 1924 flapper, said Mrs. Goodrich, is not the latter's hair cut, but the former's habit of taking her evening spin at the spinning wheel.

Y. M. C. A. Activities
The activities in the boys division of the Y. M. C. A. Saturday include the grade school gymnasium class at 9:15 and swim at 10:10 in the morning; Bible class of the Hustler club; stamp exchange and exhibit of prize packet of 100 choice stamps to exhibitor of best mounted collection from countries on the Tropic of Cancer; Avenue Newsies, basketball practice from 1 to 2 in the afternoon; Post-Crescent Newsies, basketball practice from 2 to 3; Hustler club hike to Lake Winnebago, 1:30 to 5:30; orchestra practice, boys department, 2:30.

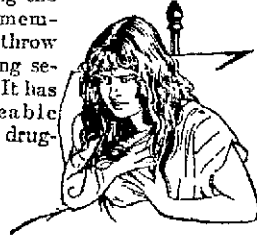

RESCUERS TALK TO U-BOAT CREW

By Associated Press
Tokio — Graphic descriptions of the emotions of 15 men facing a slow death from suffocation are being received by underwater telephone from survivors trapped within the Japanese navy submarine, 43, resting on the seabottom off Sasebo Harbor, according to dispatches Thursday to the navy office here from Sasebo naval base.

Through the underwater telephone communication which has been established, it was determined that 24 men and two officers one of them Commander Kuwasimi, perished when the forward compartment was flooded as a result of the shattering of the conning tower in a collision Wednesday with the warship Tatsuata. Two engineer officers and 16 men still are alive and by means of the telephone vivid stories of their sufferings are being heard by the rescuers.

Night coughing—

exhausts you so that you are more tired in the morning than when you went to bed. Dr. King's New Discovery stops coughing by gently stimulating the mucous membranes to throw off clogging secretions. It has an agreeable taste. All druggists.

VALLEY AUTOMOBILE MEN HOLD MEETINGS IN CITY

Automobile dealers of Appleton, and the Fox river valley held conferences at the Conway hotel Wednesday night and at the chamber of Commerce Thursday morning to discuss a business policy. No announcement was forthcoming of the result of their discussions.

cue workers on warships standing by.

Ten divers were striving to attach chains by which the submarine could be pulled up with heavy winches. The collision which sent the craft to the bottom in 26 fathoms of water occurred just as the submarine was coming to the surface with her periscope showing.

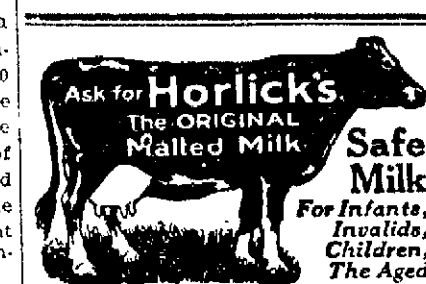

GASOLINE LEAK CAUSES AUTOMOBILE TO BURN

Firemen saved an automobile and a garage from destruction Friday morning at the home of George Lange, 490 Gilmore-st. When the motor of the car was started at about 8 o'clock the automobile caught fire as a result of a gasoline leak. The car was pushed out of the garage hurriedly, and the removal of the hood saved the paint from becoming scorched. The damage was slight.

On Western Trip

William H. Timm, president of the Northern Boiler & Structural Iron Works, left Thursday on a western trip of four to five weeks for both

business and pleasure. He will visit at Seattle, Wash., and points in British Columbia and Oregon.

Day's News of Wisconsin and Outagamie County

KAUKAUNA FAVORS BALL TEAM MADE OF HOME PLAYERS

Fans Urge Municipally Owned Field to Be Used for Sports

Kaukauna—In a report of the baseball committee Thursday evening at the weekly meeting of the Advancement Association, a recommendation was made that the association, through its president, appoint a committee of at least seven men not of the Kaukauna Athletic club, to see what can be done about securing a community owned athletic field where sports and athletics of all kinds can be carried on as a city enterprise under capable supervision. The suggestion later was made a motion and was carried.

The baseball committee was appointed a week ago to determine, if possible, the sentiment of local fans regarding baseball for the coming season. A meeting of the committee was held Wednesday evening in the council chambers and it was the general opinion that the local fans would like to see a municipally owned field where the old days when the Electric City had a home talent baseball club that was on equal footing with anything in the Fox river valley.

LOST MONEY IN 1923
Baseball last season was a financial failure, not only in Kaukauna but in most cities of the state circuit and members of the committee felt that to organize a club this season under similar conditions as existed last year, namely, the use of a team made up almost entirely of hired players, would not be advisable.

T. E. McGillicuddy, president of the Wisconsin State League, gave a short talk in which he explained the experiences of the Menasha administration at the time it purchased its community athletic field. He said he had no intention of endeavoring to sway the opinion of local fans regarding the kind of baseball they wish for this season but stated clearly that the attempt in Menasha to provide a strictly home players baseball team finally ended in failure. He said he would be greatly disappointed should Kaukauna decide not to have a team in the state league for 1924.

FAVORS CITY FIELD
It was believed that great good can be derived by having a community owned athletic field to be used in summer for baseball, track and football and in winter for a skating rink. It was intimated that a small revenue might be derived by renting the grounds to manufacturing plants, clubs or organizations which make a practice of indulging in some kind of sports for their employees and members.

John Coppel, also a member of the baseball committee, declared that perhaps the most successful way of conducting a baseball team would be to secure as many home players as possible and to develop others so that in the course of a few years players could be secured in our own city which could successfully compete with anything in the state league. Whether such a team could stand the gaff and hold a position in the league this season is a question which must be decided, it was said.

BETTER MANHOOD

As a whole league baseball was given little consideration, most of the discussion being centered upon the advisability of providing the athletic field. W. F. Ashe, formerly engaged in public playground work, gave a talk relative to results which may be expected from such a venture. It was his belief that the kind of enjoyment and recreation chosen by young people determines largely the type of citizens they will make and he expressed his opinion that an athletic grounds under organized management would have more to do with the building of manhood and character than possibly anything else.

As a result of the association, F. W. Grogan, president, will appoint a committee of men to investigate the matter and to report soon. Men who are in any way connected with the Kaukauna Athletic association, which at present is not on the credit side of the ledger, will not be represented on the committee in order to prevent any thought or feeling that an attempt is being made to settle up old baseball accounts.

A suggestion was made that the matter of purchasing the ground used last year for the pageant also be taken up by the committee. Mayor C. E. Raughter said that it is hoped and expected an event of similar nature will be put on this coming summer.

FARMERS BEGIN ANNUAL MAPLE SAP HARVEST

Rose Lawn—A number of farmers are busy tapping their sugar bushes this week. Mrs. John Bishop called on Mrs. Edward Miller in Seymour Monday. Mr. and Mrs. John Weisberg were called to Townsend last week to attend the funeral of a relative. Mr. and Mrs. Martin Storma are the parents of twins, a boy and a girl, born March 14. Mrs. George Kimball is ill again. Mr. and Mrs. Oley Peck and children of Seymour, spent the weekend with Mrs. Peck's parents, Mr. and Mrs. Albert Dean. George Storma of Green Bay, spent a few days of last week here. Donald Bishop is visiting relatives in Green Bay. A surprise party was given Joel Ward Friday night, March 14, in honor of his fourteenth birthday anniversary.

MIDWINTER FAIR OPENS IN THREE BUILDINGS TODAY

Committees Complete Final Preparations for Huge Exposition

Kaukauna—Hundreds of visitors were expected in Kaukauna Friday and Saturday to visit the midwinter fair in the auditorium, high school and municipal building. Attractions and counter attractions have been planned and visitors will find something new and interesting all the time. Announcement was made Wednesday by M. J. Verfurth that it will not be necessary for exhibitors or booth owners to remove their goods on Saturday. A watchman will be provided for Thursday, Friday, Saturday and Sunday evenings. The auditorium and high school were the busiest places in town Thursday afternoon. Merchants and their helpers were busy getting up their displays. Several of the booths have been decorated in an exceedingly beautiful manner. A number of farmers were in town to enter their exhibits but the bulk of the farm produce was expected Friday morning.

GOOD LIGHTING
The entire building has been completely wired for the occasion. Each booth will be provided with its own lighting facilities. Long rows of specially built tables have been placed down the center of the hall for the purpose of properly displaying the exhibits.

In the high school an army of school teachers and students were rapidly constructing booths to be used by the various athletic schools entered in the competition for prizes. Several of the school work had already arrived and was being placed as soon as the booths were completed.

Reports Thursday evening at the regular meeting of the Advancement Association indicated that everything possible has been done. An unusually joyful and genial atmosphere prevailed during the meeting and it was generally conceded that every committee in connection with the midwinter fair had handled its work well. Arrangements have been made to provide meals during both days of the fair in the legion building. A few doors from the auditorium, preparations are in charge of the Women's Auxiliary of the legion. John Coppel, in charge of the distribution of prizes, stated the very first prizes offered will be a quantity of dynamite, indicating that the fair will start out with a bang, figuratively speaking.

There is only one thought of danger and that is that those in charge have made the fair so large that it will be impossible to handle it properly with the equipment and space which has been secured.

FAMOUS BILLIARDIST AT HILGENBERG ALLEYS

Kaukauna—George E. Spears, champion straight rail billiard player, will be at Hilgenberg's billiard rooms Saturday afternoon and evening. He will give exhibitions of various forms of billiards and shots. Spears is the holder of the world's record run of 5,041 points and will offer odds of 100 or no count to anyone. He will give exhibitions at 4 o'clock in the afternoon and at 8 o'clock at night.

CLEAN KIDNEYS BY DRINKING LOTS OF WATER

Take Salts To Flush Kidneys If Bladder Bothers or Back Hurts

Eating too much rich food may produce kidney trouble in some form, says a well-known authority, because the acids created excite the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatism, twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus avoiding serious kidney disorders. By all means have your physician examine your kidneys at least twice a year. adv.

PRETTY COSTUMES IN CHINESE PLAY

High School Pupils Working Hard on "The China Shop" Operetta

Kaukauna—Elaborate costumes and scenery will be emphasized in the two act operetta "The China Shop" to be presented April 3 and 4 in the high school auditorium by students of the high school under Miss Florence Kohn, music supervisor. The play was to have been given a week later but due to various other activities, the date was advanced, necessitating considerable extra practice to get the characters whipped into shape.

The operetta is entirely different from those previously presented by the music department of the high school. It will be the first play to be produced here using the newly painted scenery with which the auditorium has been equipped. Miss Kohn, who is personally directing the operetta, staged the first act this week and expects to be ready with the second by Monday. All of the next few weeks will be devoted to polishing up as much as possible in an attempt to produce an interesting program. A novel scheme is being worked out relative to usher service.

The girls in the chorus which make up part of the performance include Mildred Feller, Mary Carney, Zeta Creviere, Cordell Runte, Cleo Boyer, Luella Lang, Dorothy Van Leishout, Lorraine Drege, Alice Adams, Angela Gossens, Lyla Alward, Ella Holt, Ruth Pahl, Orpha Esler, Agatha Gossens, Anita Brenzel, Alice Engholm, Arlene Fransway, Mabel Van Aale, Frances Wodjenski, Dorothy Kraus, Olive Kenney, Vera Plesh, ek.

Among the boys are Jacob Hovda, Gilbert St. Mitchell, Sylvester Dix, Abe Goldin, Joseph Bayorgson, William Taylor, Argo Kraus, Robert Radsch, Edward Heltling, John Rohan, Kenneth Ryan and Roy Darling.

Kaukauna—A stork shower was given Thursday afternoon in honor of Mrs. Carl Treith at her home. Cards was played and prizes were won by Mrs. Henry Besaw and Mrs. Albert Gast. Consolation awards went to Mrs. Otto Wendland. Twenty-five ladies were present.

County Deaths

FRANK J. WEISENBERGER
Special to Post-Crescent
Black Creek—Worn has been received here of the death of Frank J. Weisenberger, 61, which occurred Wednesday morning at his home at Arcadia. Funeral services will be held Saturday morning and interment will take place at Arcadia. He is a former resident of Black Creek. Survivors are his widow, three sons and three daughters, William, Elfa, Clara and Clarence at home; Mrs. Elsie Bick and Fred, Black Creek.

LADIES AID SOCIETY MEETS TO REORGANIZE

Special to Post-Crescent
Onida—The Ladies Aid society met at Epworth hall Thursday afternoon to reorganize and elect new officers. The altar society gave a box social at John Vandenberg's Monday night and cleared \$55. The Women's Relief corps met at the home of the president, Mrs. J. Skennandora and took in two new members, Mrs. E. Powless and Mrs. S. Hill.

A number of friends surprised the

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble Caused by Fermenting Food and Acid Indigestion

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomach are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bismerated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloated right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bismerated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach. Inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion. adv.

Rev. A. A. Vissers Sunday evening; the occasion was his birthday anniversary.

That Hang-on Cough Must go

Home Made Cough Mixture Best of all for the Cough that Sticks.

The coughing season is on and every home should have a supply of the best cough remedy to be had, and as you can make this supremely excellent cough mixture yourself why pay high prices for the common kind. Get from Schlitz Bros. Co. or any druggist one ounce of Parment (double strength)—to this add a little granulated sugar, as directed, and enough water to make one half pint—that's all there is to it.

Then when any member of the family starts coughing or catches cold you are prepared as you should be. And the children love to take it. With speed almost beyond belief this home made cough mixture stops the toughest hang-on cough, and all because in it there is a substance (too costly for ordinary cough syrup) that immediately covers the membrane like a soothing, healing polio, and blessed relief comes at once. adv.

FEDERAL DOUBLE CABLE BASE CORD TIRES

Besides the black non-skid Federal Cord Tire there are the white non-skid "Rugged" tires and the black "Tough" tires.

THE sole idea of Federal construction is to give "extra service" and that idea is of vital consequence to every tire user.

Note these exclusive Federal features—

Internal heat and friction, enemies of tires as of engines are minimized in Federal Cord Tires because the various layers of loose cords are impregnated with built up diagonally.

Instead of being cured in rigid metallic moulds with a tendency to produce uneven cord tension, every cord tire is vulcanized under internal air pressure.

The Double-Cable-Base holds the tire firmly to its rim, permitting the use of a soft bead filler instead of a hard filler, thus avoiding the possibility of side-wall chafing that often causes blow-outs above the rim. It will pay you to see a Federal dealer.

Business In Northwest States Averages Even With Country As Whole

Babson Finds Washington and Oregon More Prosperous Than Its Neighbor States—Sees Big Future.

Babson Park, Florida.—Business in the Northwest averages about even with that of the United States as a whole, according to Roger W. Babson, the statistician, who today issued the last section of his findings on current business conditions for the United States. Mr. Babson's report on Canadian conditions will be completed in about one week.

"I like the Pacific Northwest," says the statistician. "It is a good country inhabited by good and sound people. The climate is attractive yet this district has not been infested by pleasure seekers. Natural resources are great yet the people are inclined to work rather than to exploit and speculate."

"Compared with last year the value of city business for this section is running as follows: Oregon leads with a gain of 18 per cent; Washington shows a gain of 5 per cent; Wyoming a loss of 16 per cent; Idaho a loss of 9 per cent and Montana a loss of 26 per cent. Conditions in Montana and Wyoming, however, indicate an increase in trade during the current year. Of this group of states both fundamental statistics and mercantile reports indicate that the business trend is decidedly in favor of Washington and Oregon."

CITIES SHOW GAIN

"In Washington the value of crop was nearly 25 per cent above the preceding year. Several representative cities in the state show an encouraging tendency. In Bellingham, for example, the trend of general business has been moderately but almost steadily upward since the middle of 1923. Ritzville also shows an upward movement. In Seattle the improvement is not so pronounced and can be described more as a side-wise drift. Tacoma is also proceeding about at a level. Spokane did very well up to the close of 1923; but since then, the indications have not been so favorable. Yakima showed considerable weakness in the last quarter of 1923, but recent indications have been more encouraging."

INDUSTRIES ACTIVE

"In Oregon the value of crops was somewhat above last year, but the gain was not so notable as in the case of Washington. Several of the Oregon cities are making a good showing in business statistics. In Eugene, for example, business is holding materially above the corresponding period of a year ago. Portland also shows an encouraging trend. The latest government report on industrial conditions in this state mentions the customary seasonal recession in employment. This is reported to have affected railroad construction between Eugene and Klamath, high altitude logging camps, road building and out-of-door work in general. Most industries, however, continue active, with the possible exception of sawmills in the eastern part of Oregon. Official reports state that where unemployment does exist, it is causing little if any hardship. Looking merely at business conditions at present and in the immediate future, there are few indications of great activity in the remaining states of this group, including Montana, Idaho and Wyoming. The available statistics indicate that business conditions in these states remain at a level considerably under the same period of 1923.

"Montana, the government reports, is experiencing some seasonal unem-

Fellowship of Prayer

Daily Lenten Bible reading and meditation prepared for Commission on Evangelism of Federal Council of the Churches of Christ in America.

FRIDAY
Children of the Heavenly Father

Read Mt. 18:1-14. Text: 18:3. Verily I say unto you, Except ye turn and become as little children, ye shall in no wise enter into the kingdom of heaven.

Children ask their parents for many things that they do not get, and they get many things that they do not ask for. This does not warrant their concluding that it is useless ever to ask. Some things they get only when and because they ask. And they always have their parents' love, however much they may be wisely left to learn some things by painful experience. Prayer is no device for eliminating the necessity of learning some things by experience in living.

MEDITATION: The supreme quality of child life is its response to affection. Through affection the life of a human father comes in touch with the life of his child. However, little the child may know of the perplexities of the father's business and however much the child may be at a loss in his father's factory or office, when they come together in the realm of affection each understands the other and the father's affection is an inspiring power in the child's life.

PERSONAL QUESTION: Have I a child-like trust and faith?

PRAYER: O God, our Father, help us to reverence childhood everywhere, and in the beauty of a child's love see the glory of thy fatherhood. Guide us that we may bring happiness in the lives of little children, and may their trust in us be not betrayed. Amen.

ON THE SCREEN

ATMOSPHERE OF INDIA PRE-SERVED IN PICTURE

"A Guilty Conscience," shown at The New Bijou Theater today and Saturday has for its locale the fever-ridden district of India. It is, however, English in treatment, and with a single exception, all the principal characters are English men and women.

The atmosphere of India is obtained by the lesser characters who are all Hindus, and wear their native dress. The backgrounds include many beautiful scenes, all of India.

The story deals with the adventures of a young man who, in order to send his wife to the mountains where it is cool, accepts a position in a fever-infested zone. His employer, having sent him there that he might die and thus the employer will be able to marry the young wife story is very dramatic and furnishes Antonio Moreno a role in which he is able to show his great histrionic ability. A large number of Hindus are used for atmosphere.

HISTORICAL ROMANCE IN "THE OREGON TRAIL"

History passes in stately review in "The Oregon Trail," the Universal continued feature which stars Art Acord on the screen of the New Bijou Saturday Matinee only. One sequence will be of the most thrilling action, then suddenly the story will fade from romance to retrospect and cover the

WEST IS BEST

"For the near future, then, the best business opportunities in this general region will undoubtedly be found toward the west. However, do not lay so much stress on the present and near future, that you shut your eyes to the inherent possibilities that will eventually develop in Idaho, Montana and Wyoming."

"All of these states should benefit from the great change which is coming in world commerce which change will transfer the center of trade from the Atlantic to the Pacific Ocean. Few people realize the great significance of this transformation. It will be truly revolutionary in character. New York City, now the financial center of the western world, must give up its supremacy as has each of the great cities of Europe in its turn. The cities of the Pacific Coast are to become the great cities of America. California, Washington and Oregon are to become the richest and busiest of our forty-eight states. The Pa-

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe To Bring Back Color And Lustre To Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared and after another application it becomes beautifully dark and appears glossy and lustrous. adv.

One Special Assortment (About 40 in Number) of New Spring Hats \$4.45 ONLY TOMORROW

This assortment contains many pretty creations, in straws of various colors, trimmed with flowers, and ribbons and some unusually attractive tailleur models.

Sixteen Shades

Blue	Pink
Azuro Blue	Pale Green
Light Gray	Pea Green
Clear Gray	Old Blue
Cream	Ivory
Buff	Canary
Fawn	Eccru
Russet	Brown
	and White

Now is the time of the year to repaint interiors! We are on the threshold of spring! Outdoors, nature is showing the first signs of her annual renewal when the earth blossoms out in new colors and new freshness.

Be sure to paint walls with JEWEL Wall Flat. Then the colors will stay. The walls may be washed without harm to the paint and thus kept clean and bright for years.

JEWEL Wall Flat gives these soft, velvet flat effects so greatly desired. It is not a calamine or a water paint but a velvet finish oil paint—washable and durable.

Being rich in oil it sets slowly and will not show laps. It will not crack or peel. Even when thinning is necessary, linseed oil is used.

JEWEL Wall Flat comes in sixteen shades and white. The colors are clear, tasty, and permanent. We guarantee it to be non-poisonous, non-odorless, sanitary and damp proof.

'WISE FOOLS AT THE ELITE

King Vidor has gone his own road as an original and veritable motion picture director one better through his direction of his first Goldwyn photoplay, "Three Wise Fools," from Austin Strong's popular stage play which was produced by John Golden and Winchell Smith. It was shown for the first time in Appleton at the Elite theatre yesterday and proved itself one of the most entertaining and artistic of the season's productions. It has the reality in

How to Relieve Neuritis

If you want genuine, lasting relief from those keen, darting pains of neuritis, you must first restore the diseased nerves to sound, healthy condition.

Neuritis is nerve inflammation brought on by colds, injuries, bruises, or infectious diseases. It usually centers its attack about the shoulder or nape of the neck, in the forearm, thigh or leg, and sometimes in the small of the back.

For real relief, procure a bottle of Eopa Neuritis Tablets from your druggist and take two tablets before each meal. The result will amaze you. Never in your life have you used anything like these marvelous tablets.

Eopa Neuritis Tablets contain no habit-forming drugs—no narcotics. Perfectly harmless to every one. Price, \$1.00. Sold in Appleton by Voigt's Drug Store and all other leading druggists. Reerick & Runyon Co., Mfrs., San Francisco. adv.

character and in situation, the charm and the feeling for romance and atmosphere which Vidor gets into all of his pictures. True, he had these qualities to work with in the play, but he has enhanced and developed them, giving episodes and sequences which the stage version had necessarily to omit. The pictureplay is one to cherish; it will repay repeated visits.

The story concerns three old men who had been in love with, and rejected by, the same woman in their youth. On her death she leaves her daughter in their charge and she is soon the center of their lives. When her father, falsely imprisoned on a forgery charge, escapes in a jail-break staged by other convicts, she

drags the three men into some dramatic and suspenseful action which gives the picture its big, human moments. The jail-break, by the aid of an armored motor car, is spectacular in the extreme.

The cast has been selected with the greatest nicety. Eleanor Boardman repeats the success she won in "Souls for Sale." Claude Gillingwater repeats his stage impersonation of the lovable Binky. William H. Crane and Alec Francis are always real and appealing as his cronies. Others in the notable cast are John Salapelle, William Haines, Fred Emmett, Martha Mattox, Fred J. Butler, Charles Hickman, Craig Biddle, Jr., Creighton Hale and Raymond Hatton.

A word is due the cameraman for

CALIFORNIA TOURIST PARTY ARRIVES HERE

Two men from California, driving a truck, on their way to northern Michigan, stopped at a filling station on North-st Tuesday afternoon. They left California on Feb. 12, and have been driving continuously ever since, except when they were held up for eight days south of Milwaukee, about

the darkness and charm of the photography. "Three Wise Fools" is one of the best of the season's photoplays and will entertain persons of the most diversified tastes.

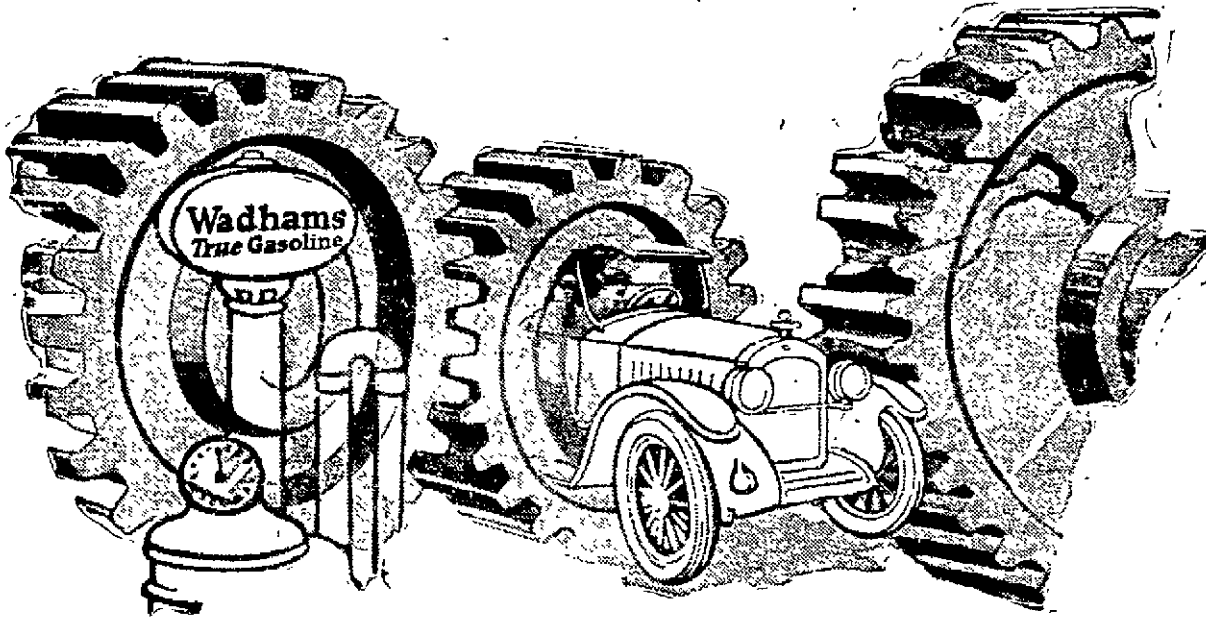

two weeks ago. They say the road between Milwaukee and Appleton and in fairly good condition. The worst roads encountered on the trip were in Missouri.

There is no safe substitute for True Gasoline!

Get Your Motoring Geared To Genuineness

WHAT service, or smoothness, or dependability could you expect from a transmission or driving gear warped and fractured in web and hub, and its face battered into broken-toothed gaps, of roughness and inefficiency? Poor motor fuel can serve you relatively no better. Crowded from unfit portions of the petroleum by processes giving volume instead of quality, its body is warped and chemically out of balance from the outset. The quick flame travel necessary for perfect explosiveness is broken by great gaps between its improperly mated firing units. Like pieces broken from gear teeth, residues of free carbon and unburned kerosene remain to wreck havoc with motor mechanism. You are gearing into an entirely different proposition when your car is operated on

Wadham's True Gasoline

From selection of the crude oil to the last step of refining, it is fitted to your motor's requirements with engineering precision. Its explosion is unbroken and complete. It has no residues of free carbon or raw kerosene. It is genuine straight-run, real gasoline. In quality, in cleanliness, and in smoothness it meshes into the very spirit of efficient, pleasant motoring. Your car is entitled to its benefits—and its season-long cost is far less than the gallon-cost of poor fuel plus the cost of poor fuel's harm.

Motorists Here Enjoy America's Best Gasoline

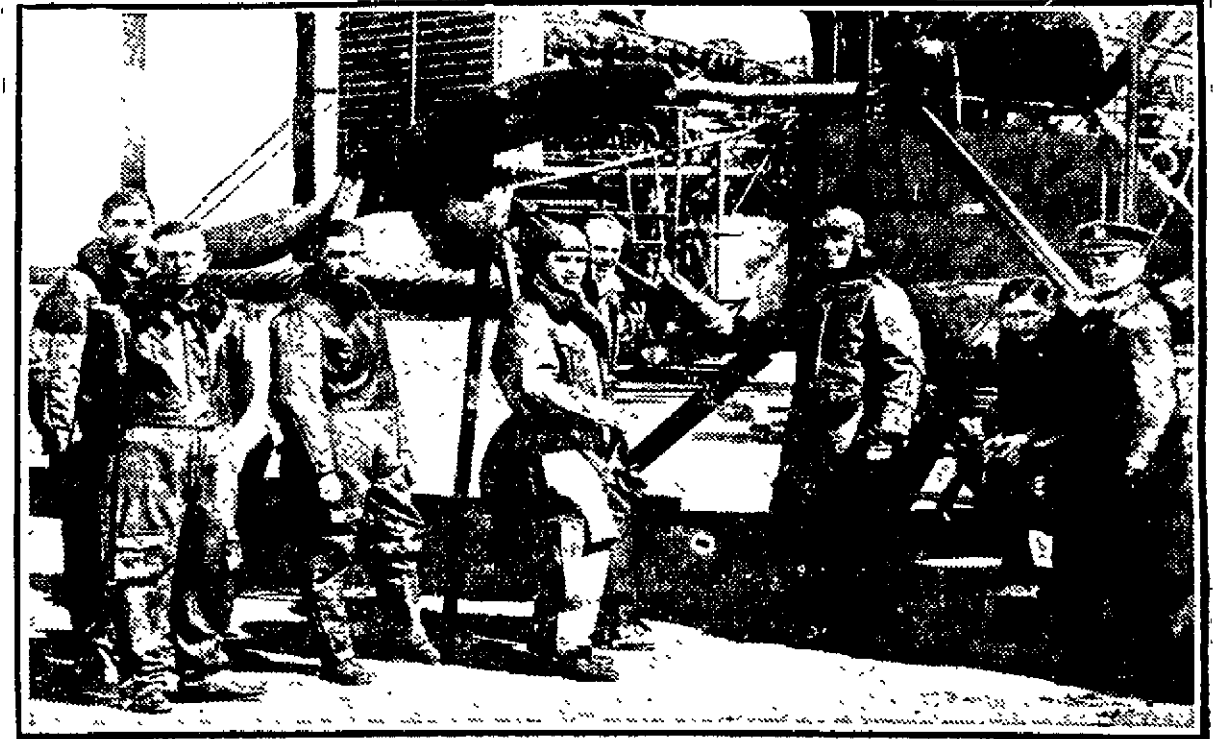

Copyright, Harris & Ewing

Leap year probably will see at least three royal weddings in Europe. And no doubt it will steal away all the marriageable sons and daughters of the kings and queens of Italy and Belgium. The dopesters on the imperial match-making figure it all out like this. Prince Nicholas of Rumania and Princess Maflada, Victor Emmanuel's second daughter shown on the right, will go to the altar first. Then there will be a double wedding in which Princess Marie of Belgium becomes the bride of Humbert, Italian crown prince, center, and Princess Giovanna, becomes the wife of Leopold, Albert's eldest son and heir to the Belgian throne.

First official view showing scrapping of the flower of the Japanese Navy in compliance with terms of the Washington agreement. It shows the battleship Kato which took Prince Regent Hirohito to Europe on his trip.

These are the officers and non-coms who participate in the army's flight around the world. They hopped off from Clover Field, Los Angeles. From left to right are Sergeants J. J. O'Brien, A. H. Turner and A. L. Harvey; Lieutenants L. Wade and E. H. Nelson; Major T. L. Martin, flight commander, and Lieutenants Lowell Smith and L. L. Arnold. Plane No. 1 is shown in this picture. They're tuning it up.

Cabinet secrets may be proclaimed to the world, if the secretaries don't use a little precaution. For Secretary of Agriculture Wallace has a new parrot. The bird, a rare specimen from Bolivia, was brought back by Dr. Mann, one of the department's traveling explorers. No, Poi doesn't speak English yet.

The way to the altar has been made easy for Helen Heckman, Muskogee (Okla.) dancer. Two years ago she carried off honors in a national beauty contest. Since then a steady stream of love epistles has been arriving at the home of the "most-proposed-to girl in Oklahoma." A young ranchman encloses an amorous poem he made up as he milked his cows. A struggling musician encloses a sheet of a song he composed in her honor. A man of 60, deaf like herself, thinks a "perfect union could be formed by two deaf people." Even clergymen seek her hand. But Miss Heckman, regarded as one of the prettiest young women in America, declares wedding bells are not going to ring for her. She's married to her career, she says.

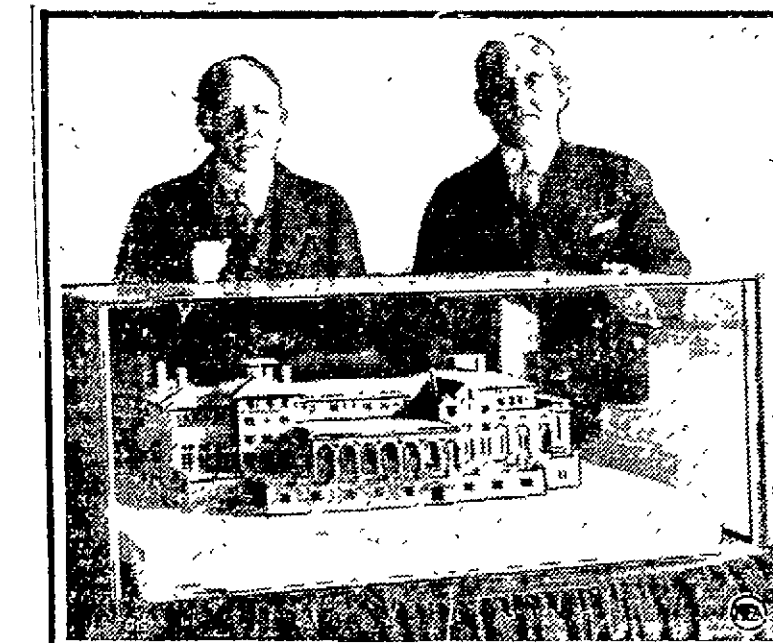

Rumor in London says that Prime Minister MacDonald soon may be engaged to Lady Margaret Sackville (above). She is youngest daughter of Earl de la Ware.

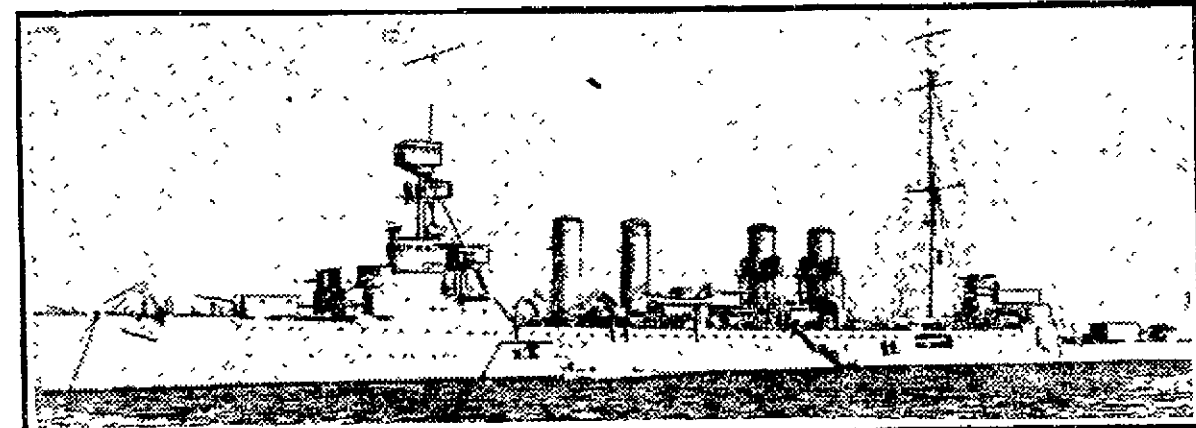

These two little polar bear cubs are getting their first look at the great wide world. They don't know exactly how to dope it all out. Born last December, their mother has just brought them out of their den. The one between mama's paws seems to be more bashful than his brother.

President Coolidge is shown pinning the Congressional Medal of Honor on Henry Breaux, torpedo man, 2nd class assigned to the submarine C-5. Medal was given him for heroism and devotion to duty when the sub sank some time ago.

Here is model of the Congressional Country Club, now on exhibition in House of Representatives. Photo shows Speaker Culler (left) and Representative Albert Vestal, on the committee in charge of the proposed country club.

This is the fastest of all ships flying the Star and Stripes. She's the scout cruiser Cincinnati. She'll soon leave Pacific waters for a record run to New York, around Cape Horn.

W. R. Cochran, negro, San Francisco auto washer, fell for a glib-tongued land salesman's chatter. He paid \$500 for 22 acres in Texas. But Lady Luck played him false. It was all sand. One day, though, an oil man came along. He offered Cochran \$250,000 for that same. Now Cochran plans to keep on laundering Rolls Royces for awhile then start out to have a good time for himself.

Miss Elizabeth Howe, 34, of Boston has become the mother of triplets and a pair of twins in a period of 26 months. The newcomers are John, Joseph and Myrtle. Standing back of them are the twins, Elsie (left) and Ethel. Mrs. Howe has 12 children.

Samuel Knight of San Francisco has been nominated by President Coolidge as the third prosecutor in the oil lease cases. He prosecuted land jumping claims in Alaska and was the original of the lawyer in Rex Beach's "The Spoilers." He has been U. S. attorney in San Francisco, represented the government in actions to regain mineral lands from the Southern Pacific, attained the rank of major in the World War and has been active in Republican politics.

Edith Allen (above), movie actress, was bitten with the prevalent "name-changing bug." She wanted something that sounded lofty. So she picked "Hedda Land." But it wouldn't work. She might have been Hedda Land to herself, but she was Edith Allen to everybody else. So back it went to Edith Allen.

These are the days of real sport! Up in Ansonia, near Manchester, N. H., a brave crowd, calling themselves "super-browns," dive and swim regardless of temperature. Joe McBride, 21 (inset), dived from the top of a maple tree 108 feet into an ice hole.

CITY'S SHARE OF TAX ON INCOMES IS \$5,000 OVER 1923

Delinquent Taxes Returned to
County Treasurer Total
About \$27,000

Approximately \$5,000 more than last year was realized by the city of Appleton from its income tax collections, according to Fred Bachman, city treasurer, who made his return to the county treasurer Thursday for county taxes, income taxes and delinquent tax rolls.

The amount returned by him to Miss Marie Ziegenhagen, county treasurer, for all purposes except the state's share of general property taxes, was \$231,059.07. Of this sum the largest item was the county's share of general property taxes, or \$154,406.65. Other items are \$21,740.40 for county school taxes, \$33,291.14 as the county and state's portion of the normal income tax, \$21,597.45 as the amount of surtaxes due the state, and \$23.43 to make up for illegal taxes previously assessed.

\$27,000 DELINQUENT
Delinquent taxes as certified by Mr. Bachman to Miss Ziegenhagen are practically of the same proportion as those of last year. The delinquent real estate taxes which have been turned over to the county treasurer for collection amount to \$23,734.37. The delinquent income tax roll totals \$5,329.02 and the delinquent surtaxes amount to \$342.64. Settlement was made by the county treasurer with the city of Appleton for this amount. The city hall will collect its own delinquent personal property taxes through the police and city attorney.

Because the proposed bill in legis lature to reduce the cities' share of income taxes failed of passage last year, the city again retained 70 per cent of the income taxes collected, the county receiving 30 per cent and the state 10 per cent.

On the normal income tax roll, the corporation tax certified for collection amounted to \$98,610.03, the tax of individuals \$52,459.57, that certified from other counties \$225.04 and new taxes added \$3,530.59, or a total of \$154,825.23. This was offset by \$66,543.94 in personal property receipts and \$8,003.55 in income tax coupons, and \$3,008.22 in canceled taxes.

HYDE CONTEST AT H. S.

WILL BE HELD APRIL 11

The annual declamatory contest at Appleton high school for which Frank Hyde furnishes the trophy will take place at the high school on Friday, April 11. Miss Ruth McManan is working with the contestants who won in the preliminary contest.

ANTIGO MAYOR HEADS NEW INDUSTRY BOARD

Antigo, Wis. — Mayor Charles J. Hanzel was elected president of the industrial board, a new civic organization which will co-operate with and supplement the Association of Commerce, of which it is an outgrowth. Fred L. Berner was elected secretary, and Frank G. Wanek, treasurer. The executive board is composed of Sam B. Ullman, Charles W. Fish, O. P. Welch, A. L. Duchac and J. R. McQuillan. The principal function of the new organization is to promote industrial development.

KRUG TELLS OF SCOLDING LOCKS PUBLICITY WORK

E. H. Krug of the Scolding Locks Hairpin Co. will talk to members of the Advertising club at the next meeting, which is scheduled for March 27 at Veinmeilens. He will give a resume of the nation-wide advertising campaign that the company put on a short time ago.

PROWLERS FLEE WHEN GUNS BARK

Tomah — Anonymous barn burners, supposed to have been the same who recently sent letters to a number of farmers in Coles valley, near here, threatening that their property would be destroyed unless they paid over money as demanded, were put to flight when shots were fired at them by farmers guarding their buildings.

A number of figures were noted by the watchmen, prowling in the darkness about the Garner barn. Mr. Garner was one of those who had received the threatening letters.

It appeared to the guard that the mystery visitors were preparing to carry out a plan to set the barn on fire. Shots were promptly fired, and the bullets are believed to have come close to the prowlers, who disappeared instantly.

No clue to the mystery intruders was obtained, but the affair created intense excitement through the Coles valley community, where elaborate signs are being taken by farmers to organize for the protection of their property from the threat of incendiarism.

Federal registration of all motor cars in the country is sought by a bill just introduced in Congress. It is intended to decrease auto thefts.

CONFIRMED DYSPEPTIC TELLS OF RECOVERY

Mr. and Mrs. Bayes Give
Full Credit to Tanlac for
Remarkable Results —
Mrs. Bayes Gains 21
Pounds.

"Mrs. Bayes and myself are both strong for Tanlac and could not overpraise it," declares T. H. Bayes, 633 College-St., Springfield, Mo. Mr. Bayes is a popular musician and well known to the people of Springfield, having been associated with a leading music house here for thirty years.

"My wife had been a confirmed dyspeptic, having suffered from it for twenty years. She was sorely troubled with heart palpitation and about all the distressing symptoms a prolonged case of indigestion can cause a person.

"Finally she got down to only one hundred and eight pounds and landed in a hospital almost a nervous and wreck. In fact, her case seemed hopeless, but after everything else failed along came Tanlac and easily and quickly put an end to her twenty years suffering and restored to her the pleasure of living.

"Taniclac was soothing and healing from the very start and now she has a wonderful appetite and her digestion is the best I have ever known it to be. The change from eating a little toast and other very light foods, to such things as sausage, cabbage, sauerkraut, etc., came about so quickly as to astonish and delight us both.

"Her weight has gone up to one hundred and twenty-nine pounds, a gain of twenty-one pounds. Rheumatism about her arms and joints and swelling in the feet has also disappeared with the general building up Tanlac gave my wife. Her strength has returned, she has an abundance of energy and is altogether happy over her new found health."

Taniclac is for sale by all good druggists. Accept no substitute. Over

40 million bottles sold.

MAKE HIS DREAM COME TRUE

Place before him at luncheon or dinner the inspiration for this wonderful dream -- a plate heaped high with tempting Chocolate Eclairs.

Watch that smile of his dreams return as he bites through the marvelous coating of true chocolate into the bountiful layer of smooth, fluffy marshmallow creme that tops the finger-shaped honey cake. What a delightful blending of delicious flavors. What a triumph of the cookie-making art. Here's a treat your entire family will enjoy -- a satisfying dessert cookie -- an appetizing between-meal bite. Any of these grocers will supply you.

EKERN CRITICIZES ADMINISTRATION IN ADDRESS FOR BOB

Attorney General of Wisconsin
Speaks in Eagle Hall
Last Night

Criticizing the present administration at Washington, Herman L. E Kern, state attorney general, speaking before a fair sized crowd in Eagle hall Thursday evening, urged support of Senator John Cashman of Denmark and Attorney John Reynolds of Green Bay, who are candidates for election as ninth district delegates to the national Republican convention in Cleveland next summer. He also urged the voters to support the seven delegates-at-large who have pledged themselves to La Follette Progressive principles.

C. B. Ballard of Grand Chute, state treasury agent, also addressed the meeting in behalf of the proposed constitutional amendment to increase the salary of legislators from \$500 a term to \$750 a year, which will be voted upon in the April 1 election.

ENDORSE PRINCIPLES
La Follette progressive principles rather than La Follette as the man was the real subject of the address. Indicating that delegates are pledged principally to support the senator's principles.

The Washington administration was taken to task by the attorney general for the Teapot Dome oil scandal. He also likened the Baillinger controversy to the timber frauds of 30 or 40 years ago when enough timber land of Wisconsin was given away to support all the state schools and normal schools in Wisconsin.

The speaker also touched upon the enforced cut in the price of gasoline last fall, when the governor of North Dakota started a filling station and sold gasoline in competition with the oil companies, and thus brought about a drop in the price of motor fuel. When officials of oil companies, after having been called in by the state administration of Wisconsin, submitted to a cut, it was proof that they had been taking an excess profit of ten cents a gallon, he said.

ATTENTION MOOSE!
All members and their families report at Moose Hall, 7:00 p. m. Sunday Evening, March 22 to attend services at the Baptist church in a body.

**Meeting of
U. C. T. Council**

Saturday, March 22 for initiation of candidates and in Memory of the a gent ones called by death. Arrangements for Memorial service April 1 will be made at this time.

EMBRYO TEACHERS GIVE ST. PATRICK PROGRAM

Kaukauna — Students of Outagamie County Training school at Kaukauna presented a St. Patrick day program at the school Monday afternoon. Miss Bronson assisted with the preparation of the program, which included recitations, talks, songs and short Irish sketches. Miss Annella Samuels gave a talk on "Ireland, Past and Present." Miss Helen Haggerty told of St. Patrick and Pearl Skinner presented "My Wild Irish Rose." Irish temperance and superstition were brought out in recitations by Helen Cairnes, who gave "The Fairy Calf of Tipperary; Lucille Prund, who told of Irish heroes, and Grace Van Straten, who gave "The Fighting Race." Clement Williamson sang "Pretty Molly Malone." Other selections included "St. Patrick Was a Gentleman," by Mildred Hoffman, "The Shamrock" by Selma Robie-dek and "When I Dream of Old Erin," sung by the school.

AGED PIONEER ADVISES SPINNING FOR FLAPPERS

By Associated Press
Los Angeles, Calif. — Mrs. Elizabeth Goodrich, who journeyed west from Beaver Dam, Pa., in a covered wagon in 1842, and had her hair bobbed in a Los Angeles barbershop in 1924, celebrated her one-hundredth birthday at her Montebello home here Thursday.

What distinguishes the girl of 1842 from the 1924 flapper, said Mrs. Goodrich, is not the latter's hair cut, but the former's habit of taking her evening spin at the spinning wheel.

Y. M. C. A. Activities
The activities in the boys division of the Y. M. C. A. Saturday include the grade school gymnasium class at 9:15 and swim at 10:10 in the morning; Bible class of the Hustler club; stamp exchange and exhibit of prize packer of 100 choice stamps to exhibitor of best mounted collection from countries on the Tropic of Cancer; Avenue Newsies, basketball practice from 1 to 2 in the afternoon; Post-Crescent Newsies, basketball practice from 2 to 3; Hustler club hike to Lake Winnebago, 1:30 to 5:30; orchestra practice, boys department, 2:30.

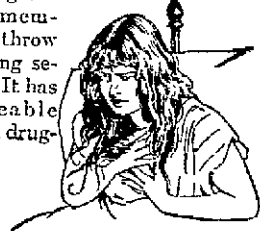

RESCUERS TALK TO U-BOAT CREW

By Associated Press
Tokio—Graphic descriptions of the emotions of 18 men facing a slow death from suffocation are being received by underwater telephone from survivors trapped within the Japanese navy submarine, 43, resting on the seabottom off Sasebo Harbor, according to dispatches Thursday to the navy office here from Sasebo naval base.

Through the underwater telephone communication which has been established, it was determined that 24 men and two officers one of them Commander Kuwasimi, perished when the forward compartment was flooded as a result of the shattering of the conning tower in a collision Wednesday with the warship Tatsuta. Two engineer officers and 16 men still are alive and by means of the telephone vivid stories of their sufferings are being heard by the rescuers.

Night coughing—

exhausts you so that you are more tired in the morning than when you went to bed. Dr. King's New Discovery stops coughing by gently stimulating the mucous membranes to throw off clogging secretions. It has an agreeable taste. All druggists.

VALLEY AUTOMOBILE MEN HOLD MEETINGS IN CITY

Automobile dealers of Appleton, and the Fox river valley held conferences at the Conway hotel Wednesday night and at the chamber of Commerce Thursday morning to discuss a business policy. No announcement was forthcoming of the result of their discussions.

cue workers on warships standing by.

Ten divers were striving to attach chains by which the submarine could be pulled up with heavy winches. The collision which sent the craft to the bottom in 26 fathoms of water occurred just as the submarine was coming to the surface with her periscope showing.

GASOLINE LEAK CAUSES AUTOMOBILE TO BURN

Firemen saved an automobile and a garage from destruction Friday morning at the home of George Lange, 480 Gilmore-st. When the motor of the car was started at about 8 o'clock the automobile caught fire as a result of a gasoline leak. The car was pushed out of the garage hurriedly, and the removal of the hood saved the paint from becoming scorched. The damage was slight.

On Western Trip
William H. Timm, president of the Northern Boiler & Structural Iron Works, left Thursday on a western trip of four to five weeks for both business and pleasure. He will visit at Seattle, Wash., and points in British Columbia and Oregon.

Spring Housecleaning Made Easy!

ONLY \$1.00 Down

Places a Famous Torrington Electric Cleaner In Your Home

IT'S a fact! Only \$1.00 down! That is all you need to pay and you get this brand new, easy running, deep cleaning, very latest model Torrington Electric Cleaner—the cleaner with the famous, full tatted Carpet Sweeper Brush. We deliver the Torrington to your home at just the hour you say and show you exactly how to use it.

And, better still, this offer also includes a complete set of 9 extra labor saving attachments. Simply pay \$1.00 to begin with—just a one dollar bill—and you get this superb TORRINGTON Cleaner, complete with every one of the special cleaning attachments. Think of it! The Cleaner and all Attachments for only \$1.00 down!

And then, you can pay the balance in small, easy, monthly payments on your Electric Light Bill — 30 days between each payment. No red tape! No Collectors! Nothing of that sort whatsoever! A wonderful Electric Cleaner at the rock bottom price and on easy monthly payments.

The TORRINGTON Electric Cleaner attachments have solved the house cleaning problem!

With an attachment designed for every cleaning need, you can clean the house from attic to cellar.

The Big Revolving Bristle Brush in the nozzle of the cleaner lifts the matted nap of the rug or carpet, loosens the deep imbedded dirt into the path of the powerful suction and revives the brilliant colors of the fabric. The removing of such dirt prolongs the life of costly rugs and carpets.

"It's a Better Cleaner"
Guaranteed for 2 Years

WISCONSIN ADS GO INTO PAPERS WITH 8 MILLION READERS

Land O' Lakes Gives Everyone Opportunity to Participate in Campaign

Advertising space in daily newspapers and in magazines with combined circulations aggregating nearly 8,000,000 will be purchased by Wisconsin Land O' Lakes, Inc. to advertise the beauties and resources of Wisconsin. It is stated in a report of the association received here. Between \$50,000 and \$60,000 is being raised in the state to defray this expense and Outagamie-co's quota of the fund is approximately \$2,600. Preparations for raising this money are almost completed.

Advertising will be placed in 19 daily papers and in three monthly magazines. The newspapers are in the larger cities of the midwest and the south from where thousands of persons come every year in search of rest and vacation. Last year many thousands of persons were attracted to the state by advertising which was on a much smaller scale than contemplated this year. It is believed the number of visitors will be more than doubled.

BRING RESIDENTS HERE
The Land O' Lakes advertising, however, does not only call attention to the tourist advantages and possibilities. It pictures Wisconsin's agricultural, manufacturing and residential advantages as well and no doubt will induce many people to investigate the claims and many will come to Wisconsin to engage in business and to make their homes.

Outagamie-co's rich agricultural resources and manufacturing possibilities will be pictured in the advertising and also in the booklet which is sent to persons requesting further information on what the state has to offer. The advertising which the county and its products will receive, aside from the mighty volume of business it will do with tourists and visitors who stop here is worth much

Kimberly Church Gives Its First Son To Priesthood Next Sunday Morning

Sunday will be a day of solemnity and festivity at the village at Kimberly. The reason is that one of its native sons, the Rev. Gerald H. Hietpas, will celebrate his first solemn mass at Holy Name church.

More than usual preparations for the day are being made by the church because this is the first young man it has given to the priesthood since it was founded 17 years ago. This record will not remain long, however, because another of its sons, the Rev. Theodore Verbeten, will celebrate his first mass at Holy Name church on Sunday, May 4.

The Rev. Father Hietpas will celebrate his mass at 10:30 Sunday morning. He will be assisted at the altar by the Rev. F. X. VanNistelrooy, pas-

REV. GERALD H. HIETPAS

stant pastor in Holy Name parish, will be master of ceremonies. The sermon will be preached by the Rev. A. Buytner of Wabeno, who said his first mass in Holy Name church 16 years ago while the Rev. Father Hietpas was an altar boy. The two always have remained close friends. These senior Holy Name society, of which the celebrant is a member, will form his escort in the procession from the parish house to the church and back again.

These ceremonies will be followed by a dinner at the community clubhouse, in honor of the new priest. It will be attended by his parents, brothers and sisters, clergy and friends.

The Cecilia band will play in the village during the day in honor of the occasion.

The Rev. Father Hietpas is the son of Mr. and Mrs. A. Hietpas of Kimberly. He was born in the village March 13, 1899 and was confirmed and received his first communion in 1911. He graduated from Holy Name school in 1913 and received his academic diploma in June, 1917. He joined the Order of Premonstratensians, in 1918. His diploma in the bachelor of arts degree was earned at St. Norbert college in 1920. Ordination into the priesthood took place Wednesday morning of this week at St. Joseph church, West DePere.

MILWAUKEE'S NEWEST THEATRE OPENS MAR. 28

More than 3,000 persons will visit Milwaukee on March 28, to attend the opening of the Wisconsin theatre, largest and most beautiful showhouse in the Northwest.

The opening of this theatre, Saxe's \$2,000,000 picture palace, will be an event of state and national importance. Famous men and women from all parts of the United States will witness the mammoth productions which will be presented on opening night. Captains of industry, financiers, marquee idols, film producers, screen stars, and other nationally known persons will be present. Among the guests will be Adolph Zukor, Lewis J. Selznick, Cecil B. DeMille, Carl Laemmle, and a host of others.

The massive structure houses not only the theatre proper with its 3,500 seats but also the largest ball room in the United States in the roof garden on top. A feature of the theatre is the two \$50,000 organs.

COLLEGE EDITORS MEET AT RIPON NEXT MAY

Lawrence college publications, including the Lawrentian and the Ariel, will be represented at the annual meeting of the Wisconsin Intercollegiate Press association at Ripon on May 2 and 3. Other publications include those from University of Wisconsin, Marquette university, Beloit Carroll, Campion, Northland, Ripon, and Milwaukee-Downer colleges. Stout institute and St. Mary academy.

more than the county's share of the advertising quota, it is said.

Every person in the county will be given an opportunity to become a member of Wisconsin Land O' Lakes, Inc. by buying \$1 memberships which will be made available. This opportunity is given because it is believed that everyone will benefit, either directly or indirectly from the added interest which the advertising will attract to the state.

Do You Live In a Bug House?

Even the most careful house-keeper is likely at times to have trouble with some of the numerous household pests such as ants, bed-bugs, cockroaches, fleas, flies, moths, rats and mice.

In spite of all precautions these unwelcome visitors frequently get into a house and immediate action must be taken toward their extermination.

Poisoning, trapping, fumigating and the use of repellents are some of the methods employed. But great care must be taken because some of the most effective ways of destroying these troublesome creatures are dangerous to human beings.

The popular Government booklet "Housecleaning Made Easier," in addition to telling the housewife how to keep her premises clean and orderly all the year round, contains full instructions for eliminating all household pests.

This is a free Government publication and our Washington Information Bureau will secure a copy for any reader who fills out and mails the coupon below, enclosing two cents in stamps for return postage. Be sure your name and address are written plainly.

Frederic J. Haskin, Director,

Bad Luck and the Devil Pursued Him

"I don't think any one has had more bad luck and sickness than I have. In 1905 I had two ribs, an arm and collar bone broken in a railroad accident. Then I had pneumonia. After recovering I crossed a pasture when a bull chased me, tossed me over the fence and broke my right leg. In 1910 I had typhoid fever, since then severe stomach and liver trouble, which no medicine or doctor touched until two years ago I got a bottle of May's Wonderful Remedy, which proved the first ray of light in thirteen years." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists. adv.

FINISH DISCUSSION OF JUNIOR SCHOOL STUDIES

Last details of the course of study for ninth grade pupils in the new junior high schools will be discussed at a meeting of school principals in April, it was decided at a meeting of the mentors in Hotel Northern on Wednesday evening. Mr. L. Small, principal of the Third district schools, presided Wednesday evening, and F. B. Younger, head of Fourth district schools, will have charge of the next meeting.

Miss Carrie E. Morgan, city superintendent of schools, outlined a course of study at Wednesday evening's gathering.

Health Insurance

for the Whole Family

Without counting the daily utility of a Chevrolet for going back and forth to work, shopping or taking the children to school, etc., its value in saving doctor's bills, broadening your mental horizon and keeping the whole family physically fit, amounts to more than the cost of the car and its upkeep.

It is more of an essential to the modern family than anything else but a home.

Chevrolet meets the requirements of the modern family because it is economical to buy and maintain, because of its excellent appearance and riding comfort, because it can be depended upon, and because it is so easy to drive that any member of the family can use it.

REQUIRE MONTHS TO CHANGE NAMES AND NUMBER HOUSES

Keep Old Numbers and Names
Until Street Signs Are
Erected

Although the ordinance for renaming a number of Appleton streets has officially been passed and will become effective on publication, it will be several months before the new street names will be used in addressing mail.

This was acknowledged by Postmaster William H. Zuehlke, R. M. Connelly, city engineer, and Alderman H. R. Beske, chairman of the committee on streets and bridges.

In order to prevent confusion in the mails, the postmaster suggests that the changes ordered by the ordinance retain the use of the old street names until the street marking and house numbering program has been carried out.

Postoffice clerks and carriers will be greatly handicapped until the new names and building numbers have become familiar to them. They will, however, appreciate the system of numbering buildings on the 100 per block system. With street signs erected, and the new house numbers attached, new carriers and substitute carriers will be able to do their work more easily, it was pointed out.

UNIFORM PRACTICE

Postmaster Zuehlke suggested that a date be set when the use of the new street names and numbers shall be adopted, so that residents and business firms may prepare long enough in advance by reprinting their stationery and notifying their regular correspondents of the change of addresses. Mr. Connelly and Mr. Beske approved of the plan.

There seems to be a little doubt but that street signs will be purchased by the common council. Alderman Beske declared that the street committee would recommend selection of a type of street sign and the ordering of quantity of signs at the next meeting of the council which will be on April 2.

If the proposal carries, and the new signs are ordered, it probably will take several months for manufacturers to make the signs. Erection of the signs by the street department also would take a few weeks, Mr. Connelly said.

PURCHASE OF NUMBERS

Just how the assigning of building numbers will be handled is still indefinite. The engineer will make a new map showing the new house numbers

One Thin Woman Gained 10 Pounds in 22 Days

Skinny Men Can Do The Same

All weak men and women.
All nervous men and women.
All skinny men and women.

Can grow stronger, healthier and take on weight in 30 days by just taking McCoy's Cod Liver Oil Tablets four times a day—as easy to take as candy.

And what a hit these flesh producing tablets have made—every druggist is selling more and more of them every day.

Everybody knows that nasty-tasting, evil-smelling Cod Liver Oil is chock full of vitamins and is a wonderful flesh producer and strength creator.

But who wants to swallow the horrible stuff when these wonderful tablets—McCoy's Cod Liver Oil Tablets—taste just as good and so easy to take.

A box of 60 tablets for 60 cents—and if any thin man or woman don't gain at least 5 pounds in 30 days—money back. Ask Schlitz Bros., Downer's Drug Store or any good druggist anywhere. adv.

49 ALIENS APPLY FOR CITIZENSHIP

Forty-nine candidates are in line for admission to United States citizenship according to the list of applicant aliens completed by Harry A. Shannon, clerk of circuit court. Fifteen of the applicants are women, the largest number that has been entered at one time. Eight of the women are members of Catholic sisterhoods. The aliens are subjects of Great Britain, Holland, Germany, Checho-Slovakia, Greece, Roumania, Poland, Turkey, Russia, Norway and Denmark. The final hearing and granting of citizenship will be before Judge Edgar V. Werner in circuit court on Thursday, June 12. The examination will be conducted by George N. Danielson, United States naturalization examiner.

and the residents will be called upon to attach the new numbers. Whether the purchase and selection of the type of metal numbers will be left to the property owners or whether these will be purchased by the city and then sold to residents or possibly charged to them in the tax rolls, is not known.

The United States postal department has always insisted upon uniform location of house numbers. The Appleton postmaster will therefore request the council that these be ordered placed on porch posts or as near the street as possible so that they will be plainly visible to passersby. He hinted that the department might press this demand and even go so far as to withdraw mail service from those residents who would not comply.

60 Get Books From Haskin In One Week

More than 60 bulletins were sent in a single week to readers of the Appleton Post-Crescent who sent coupons requesting them to the information bureau directed by Frederic J. Haskin. Twenty-one of these coupons were for the word book which Mr. Haskin offers. Others were for bulletins on annual flowers, baking, brick homes, child's health, concrete, creole, diet, floor covering, grape juice, housecleaning, milk, modern homes, oranges, raisins, recipes, rice, roses, United States maps.

Eighteen questions were answered that week by the bureau for Post-Crescent readers. The total number of letters which were sent from this vicinity was 70. Letters should be addressed to Post-Crescent Information Bureau, Frederic J. Haskin, director, Washington, D. C.

FORMER APPLETON MAN IS HONORED IN WEST

Charles F. Lummis, the well known writer, who is a son of the late Dr. Henry Lummis, for many years a member of the faculty of Lawrence college, was the guest of honor at a banquet at Southwest Museum, Los Angeles, Calif., on the occasion of his sixty-fifth birthday anniversary.

Mr. Lummis was the founder of the museum and the banquet was attended by 35 prominent citizens of that part of the country. The feature of the entertainment was the unveiling of an exceptionally fine portrait of Mr. Lummis painted by Ron Mercedez.

A. A. L. CONVENTION SCHEDULED JUNE 7

Annual State Gathering Will Be
Held at Fond du Lac with
Big Attendance

Saturday, June 7, will be the date of the annual convention of the Wisconsin Federation of the Aid Association for Lutherans, according to arrangements made by the state executive committee, of which Louis Freude of this city is a member. It will be held at Armory E, Fond du Lac.

Two local A. A. L. branches are planning to send large delegations and the same spirit among other units has led to the prediction that the convention will be the biggest in history. About 500 attended when the gathering was held in Appleton a year ago and several hundred more probably will be accommodated at Fond du Lac.

Sessions will begin in the afternoon, according to the tentative program. Most of the business will be conducted at that time. The convention banquet will be held at 6 o'clock. An orchestra will be engaged to furnish music. The speakers have not been selected.

NOTICE OF PREFERENTIAL PRIMARY
AND OF JUDICIAL, REFERENDUM, AND
NATIONAL DELEGATE ELECTIONS
APRIL 1, 1924

STATE OF WISCONSIN,
County of Outagamie—ss.

NOTICE IS HEREBY GIVEN that at an election to be held in the several towns, wards, villages and election districts on the first Tuesday of April, A. D., 1924, being the first day of said month, the following officers are to be elected.

A JUSTICE OF THE SUPREME COURT for the term of ten years to succeed Christian Doerfler appointed to fill vacancy caused by the death of James C. Kerwin, whose term of office would have expired on the first Monday of January, 1925.

PREFERENCE PRIMARY AND NATIONAL DELEGATE
ELECTION

NOTICE IS HEREBY FURTHER GIVEN that on said first day of April, 1924, there will be held in the several towns, wards, village and election precincts of the state a presidential preference primary and a National Delegate Election for the purpose of giving to every qualified elector an opportunity to designate his party choice for President and Vice-President of the United States and to elect National Delegates as follows:

Four DELEGATES AT LARGE to each of the National Conventions of the Democratic, Prohibition and Socialist parties and seven delegates at large to the National Convention of the Republican party.

Two DISTRICT DELEGATES from each congressional district, to each of the several National Conventions of the said Democratic, Prohibition, Republican and Socialist parties.

CONSTITUTIONAL AMENDMENT

NOTICE IS HEREBY FURTHER GIVEN that at said Judicial and Delegate election the following proposed amendment to the constitution of the state of Wisconsin, which has been approved by two succeeding legislatures and duly published for three months, will be submitted to a vote of the electors in manner provided by law, and as directed by Chapter 241, Laws of 1923, to wit:

(Jt. Res. No. 5, S.)

JOINT RESOLUTION
No. 18, 1923

To amend section 21 of article IV of the constitution, relating to compensation of members of the legislature

WHEREAS, At the biennial session of the legislature for the year 1921, an amendment to the constitution was proposed and agreed to by a majority of the members elected to each of the two houses, which proposed amendment is as follows:

"Resolved by the Senate, the Assembly concurring, That section 21 of article IV of the constitution be amended to read: (Article IV) Section 21. Each member of the legislature shall receive for his services, * * * seven hundred and fifty dollars per annum, and ten cents for every mile he shall travel in going to and returning from the place of meeting of the legislature on the most usual route. In case of an extra session of the legislature, no additional compensation shall be allowed to any member thereof, either directly or indirectly, except for mileage, to be computed at the same rate as for a regular session. No stationery, newspapers, postage or other perquisite, except the salary and mileage above provided, shall be received from the state by any member of the legislature for his services, or in any other manner, as such member."

Resolved by the Senate, the Assembly concurring, That the foregoing amendment to the constitution of the state of Wisconsin be and the same is hereby agreed to by this legislature.

(NOTE—If this amendment is ratified the members of the legislature will receive as compensation the sum of seven hundred and fifty dollars per annum instead of five hundred for the session as at present.)

Given under my hand and official seal at the Court House in the city of Appleton, this 27th day of February, A. D. 1924.

JOHN E. LANTSCHIEL, County Clerk.

CHICAGO CHEESE MARKET

Chicago—The cheese market yesterday remained quiet and steady. The greater part of the limited demand was for Daisies although a fair call for Longhorns was reported from some quarters. While dealers were anxious to keep at a minimum and were offering liberally few were willing to shade asking prices. Several good sized lots of June Twins changed hands at irregular prices.

CHICAGO POULTRY MARKET

Chicago—Poultry alive lower; fowls 24; springs 30; Roosters 17; geese 16.

CHICAGO POTATO MARKET

Chicago—Potatoes firm; receipts 62 cars; total United States shipments 738; Wisconsin sacked round whites United States 1.130 @1.40; bulk 1.35 1.60; Minnesota and North Dakota sacked Red River Ohio United States

No. 1, 1.25@1.40; sacked round whites 1.20@1.35.

MILWAUKEE CASH GRAIN
Milwaukee—Wheat No. 1 northern 1.20@1.25; No. 2 northern 1.18@1.23; Corn No. 3 yellow 76½@76½; No. 3 white 76½@76½; No. 3 mixed 75½@76; Oats No. 2 white 48½@49; No. 2 white 48½@49; No. 4 white 47½@47½; Rye No. 3 66; Barley Maltling 69@63; Wisconsin 73@83; feed and rejected 65@68. Hay unchanged No. 1 timothy 22@23; No. 2 timothy 20@21.

MILWAUKEE LIVESTOCK
Milwaukee—Cattle 100 steady; bulls 25 cents lower; calves 500 25@50 low; strong weight calves 9.75@10.00; average 8.50@9.50; top 9.50. Hogs bulk 200 pounds down 715@740, bulk 200 pounds up 7.15@7.50. Sheep 100 steady.

MILWAUKEE BUTTER MARKET
Milwaukee—Butter weak; receipts 45; standards 44½. Eggs unsettled; fresh 48½@49; 20@20½. Poultry steady; fowls 24; springers 28; other produce unchanged.

LETTER FROM LESLIE PRESCOTT TO LESLIE PRESCOTT, CARE OF THE SECRET DRAWER

I wonder if every woman has secrets in her inmost heart that she must keep jealously from her husband. You never having been married, little Marquise, will probably answer that when a man and woman are married they are one and have no secrets from each other.

I think you are wrong, little Marquise. In the first place by no possibility can two people ever be one. Not even in the case of the Siamese twins who lived all their life bound together with an inseparable bond of flesh there was one personality, one individuality, one soul. Yet we poor mortals, back somewhere in our subconsciousness, are always thinking that when some man has said over a man and woman a few magic words and performed certain incantations, they will be one.

A smart woman friend asked the other day, when I said something like this to her, "Which one?" Isn't it strange that we get such ideas into our heads? It leads to such mixups. If at the present moment Jack and I were one, I would have no fear of telling him all about the pearl beads and he would tell me all about our baby. He would tell me true that his friend Syd is the father of it. I would perfectly understand and love the baby all the more for being one, we would not only have a single thought but we would have the same outlook on all things and

the same way of solving our problems.

If we were one, little Marquise, instead of being frightened almost to death when Jack caught me reading that perfectly innocent cable from Karl, I would have handed it to him for it would be just like having another pair of my own eyes read it and another half of my own brain trying to solve the mystery. Instead I know that I made myself look like a guilty idiot in Jack's eyes. I could see suspicion coming into them as I rarely told that cable up and now that I cannot find it all I am almost sure Jack found and has kept it.

No, little Marquise, no matter how much a married man and woman may be they are not one. In fact, they are not only two but sometimes they are as far apart in every thing except the material bonds of marriage as though they were at opposite poles.

Jack does not dare tell me about what he is concealing from me about his friend Sydney and I am afraid to tell him about the pearls, especially since Karl Whitney has called me about them, for fear he will think that perhaps I have been and might be again in love with Karl. You like we are all mixed up, little Marquise. After getting a letter both from the blackmailer and Karl's lawyer I just don't know what to do. Oh, I wish John and I were really one. There would be no more trouble. As it is, I think I must tell Ruth.

(Copyright, 1923, NEA Service, Inc.)

TOMORROW: The letter, continued in gorgeous negligence.

where Jack and I go for water. "But Mr. Bull Frog doesn't wear a bib or booties. He wears a white satin waistcoat and green satin breeches!"

"If course he does!" nodded the Riddle Lady. "It's just the little frogs the riddle is about. But you get the prize just the same. It's a nice new bucket to keep in your new house that Jack built on Broom Street. But if I were you I'd have a well and a pump so you won't have to carry the water so far. Then there wouldn't be any danger of anybody falling down and breaking his crown."

(To Be Continued)

A CROAKY RIDDLE

"Another riddle! Another riddle!" cried everybody in Riddle Land. Here comes the Riddle Lady.

Nancy made a curtsy and Nick made a bow and everybody else did the same. Oh, but they did like the Riddle Lady—everybody did!

"Quiet now please," called out Humpty Dumpty pompously. "The Riddle Lady has a new riddle to guess."

So she began at once so as not to keep them waiting:

"Kerchug! Kerchug! In your little green sack
So neatly buttoned straight up your back
With little black buttons like little black pills
O'er your little green tucker with little white frills
"Chuglug! Chuglug! With your googly eyes,
Rolling 'round and 'round as you look for flies,
In your waterproof booties and stockings to match,
And a bill on your chin (he crumple to catch):

"Clumpalump! Clumpalump! Your tongue's a queer thing.
It goes like a fiddle with a very loose string.
Though its not good for music, it's fine for a spoon.
To catch little skeeters you see, by the moon.

"Chugluglum! Chugluglum! You'd better watch out!
More googly eyes than yours are about.
And your nice little jumper and booties and socks
Won't keep Mr. Owl from finding your track.

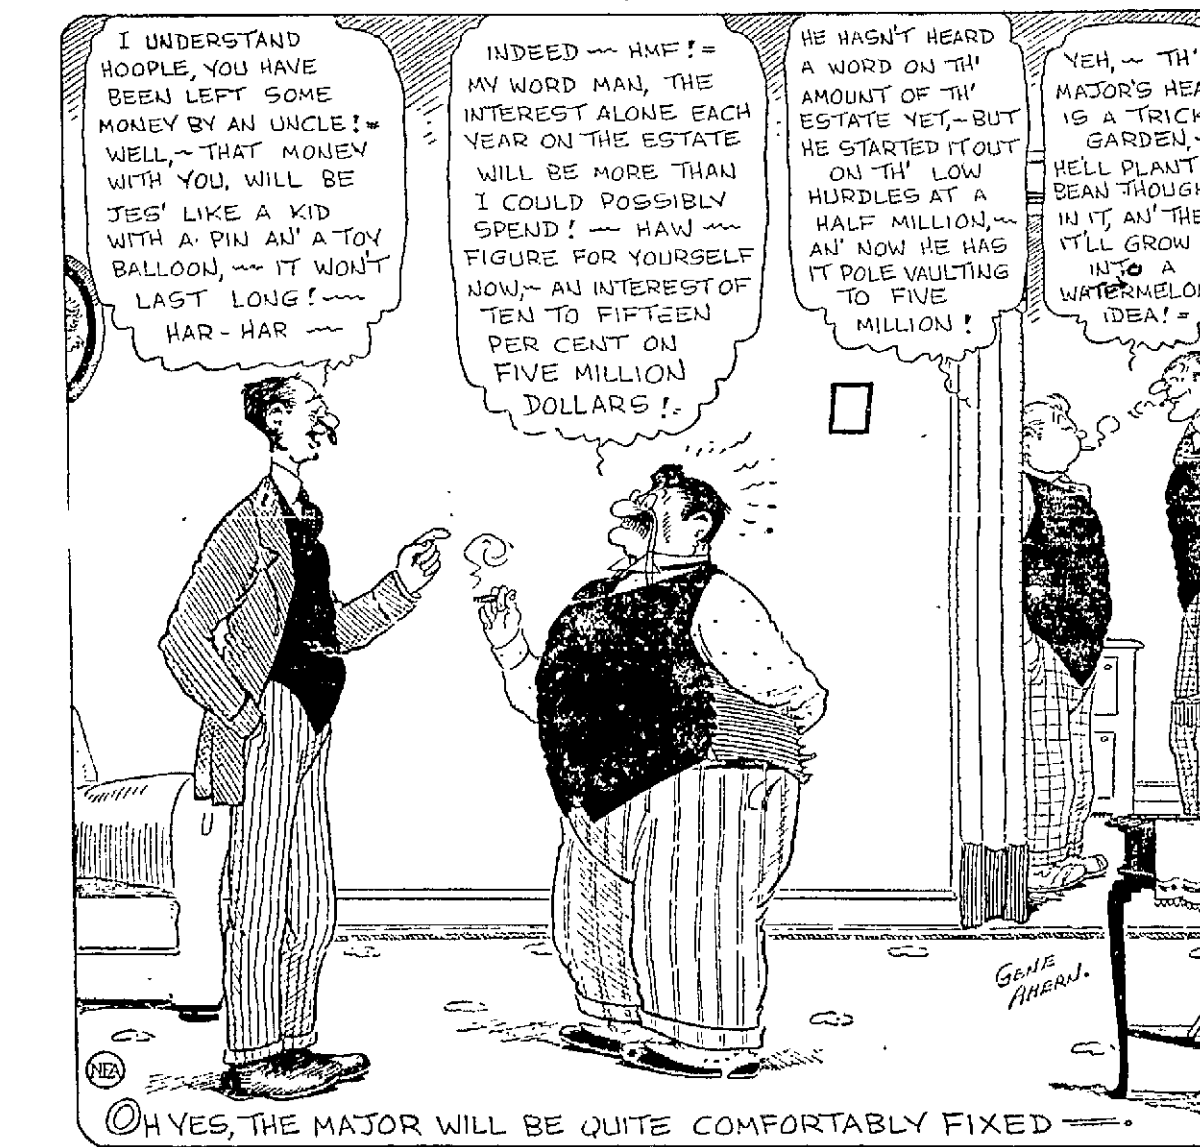

"So you'd better be shutting your beady black eyes,
And folding your spoon of a tongue, if you're wise,
And riddle down cozily, safe in your bed,
With blankets of mud pulled up over your head."
"It's a frog!" called out Jill. "I know because there are a lot of"

AUTOMOBILE NEWS

ICY MOUNTAIN TRIP GIVES MANY THRILLS

Traffic Transmission on Chandler Helps Driver in Dangerous Predicament

For genuine excitement, take a motor trip over the Siskiyou Mountains of California in winter.

Sergeant Frank Fuqua, head of the traffic division of the Seattle Police Department who recently completed the drive through the treacherous roads of the range, says you'll get your fill of thrills.

"Two cars went over the embankment along the road I was driving over, and a limousine, containing a man, his wife and several children, turned two complete revolutions on the narrow highway," said Sergeant Fuqua in describing his trip.

"In many places the road was a solid sheet of ice. At night, it was impossible to distinguish between dry road and ice, and at some stages of the trip I was not sure just how things were going to terminate."

Sergeant Fuqua drove a 1924 Chandler with its Traffic Transmission and proved that a transmission in many cases may be used to greater advantage as a stopping device than brakes.

"On one long hill that appeared to be a solid sheet of ice, I was suddenly called on to use the transmission and I really believe that without it I would have gone over the embankment, as did two other cars ahead of me," the sergeant said.

"I was in somewhat of a hurry and was stepping along when I suddenly topped the grade and started down. Instead of a dry road, I soon learned that I was traveling over a solid strip of ice. In the center of the hill, squarely in my path, I saw another car stranded on the grade. The driver had stopped to adjust his chains. I applied my brakes and slid like a toboggan. Another car ahead of me attempted to turn out and went over a 100-foot embankment. Fortunately, neither of the passengers was injured.

"By shifting from high to low, with specially-designed Chandler Traffic Transmission, I was enabled to stop without striking the car in my path."

Road experts and county officials advise all drivers to proceed carefully at this time of year, and when applying their brakes, to do so carefully. Sergeant Fuqua said that the transmission is much more advantageous on icy hills than brakes, which slide the wheels; while with the gears in mesh, the wheels must turn slowly, thus constantly presenting new traction surfaces to the roadway.

DODGE BROTHERS TO MAKE CARS IN CANADA

Manufacture of Cars in the Company's Plant at Walkerville, Ontario, Installation of the Necessary Equipment at the Canadian Plant Has Been Practically Completed

Dodge Brothers will soon begin the manufacture of cars in the Company's plant at Walkerville, Ontario. Installation of the necessary equipment at the Canadian plant has been practically completed. The main object of this move is to afford Canadians better values at consistent prices than was formerly possible. This step has been brought about after careful investigation of the requirements of the Dominion of Canada, and may be taken by the public as a complete recognition of the existence in this territory of a large potential market for Dodge Brothers cars.

For several years Dodge Brothers has been under a distinct handicap in maintaining Canadian operations, due to the tariff requirements. This made it impossible to approach the prices prevailing in the United States.

Also, a certain amount of natural prejudice has been built up among Canadians, who prefer to have the cars they buy manufactured in their own country—Canadian goods made in Canadian shops by Canadian men.

The realization of the Canadian buying public of the remarkable value built into Dodge Brothers motor vehicles has alone enabled Dodge Brothers Canadian organization to make headway against competitors.

The principal barriers now having been removed by their Canadian facilities, Dodge Brothers today stands in the position of being able to supply the Dominion needs with automobiles manufactured in Canadian factories at prices wholly in line with those of competition.

Where possible, the aid of Canadian manufacturers is being utilized. Canadian materials are used in the production of the cars to the very limit of the ability of the Canadian trade to supply them in accordance with the Dodge Brothers standards.

Plans are now under way for the handling by the Canadian plant, of not only the business accruing in the Dominion, but also that of the British possessions (Australia, excepted). This plan has progressed to the point of first shipment of sample cars being made from the Walkerville plant to England during the latter part of February.

The Canadian plant will operate its own departments, and formulate its own policies, in keeping with the policies and requirements of the countries to which the product is directed. Sales, service and manufacturing program will be handled directly from its own offices, making necessary the employment of many skilled Canadian workers. Every department is operated on the same efficient and painstaking scale that has gained for Dodge Brothers parent company the enviable reputation it holds throughout the world.

As present production swings into line, the business offering has reached a very much higher figure than was expected. The unbounded confidence of Dodge Brothers' dealers indicates that the present figures will be materially increased as the productive ability of the Canadian factory gathers efficiency.

Even with the handicaps imposed during the past few years, the acceptance of the unusual value of Dodge Brothers motor vehicles is very clearly demonstrated when large test drives such as the Dominion Provincial and Municipal governments, the Hudson's Bay Company, the Canadian Shredded Wheat Company, and the Imperial Tobacco Company are among the user from whom repeat orders are being received. Possibly one of the most impressive instances of the value of Dodge Brothers motor vehicle is illustrated by the fact that the Canadian Royal Mounted Police are today using a large fleet of Dodge Brothers motor cars, largely on border patrol work, a duty calling for a grade of dependability for which it would be hard to find a parallel.

OLDSMOBILE PLANT RUNNING CAPACITY

The increasing tendency of the public to favor automobiles fully equipped was one of the trends noted at all the annual automobile shows that have been held throughout the country during the past two months. Cars that had "all the fixings" included in the list price received the most attention and created the greatest buyer interest.

This feature was particularly noted by representatives of the Olds Motor Works, Lansing, Michigan. They reported that at the various shows they attended the new six-cylinder Oldsmobile sport touring car attracted the most attention. This model has as standard equipment everything that an automobilist needs or desires.

One of the chief features of the Oldsmobile sport touring and one that is exclusive is the new colored baked enamel finish. This finish was perfected by the Olds Motor Works and is even more durable than is the black enamel used by several of the big manufacturers.

This is the first time in the history of the automobile industry that it has been possible to enamel in colors. Various manufacturers have experimented from time to time, but it was always found that the color incoherently faded and the high heat necessary for properly baking the enamel to a glossy finish. For this reason finishes in colors other than black had to be put on in the form of common paints and varnishes.

The Oldsmobile sport touring is finished in a beautiful shade of green called "weathered bronze," giving it a very smart appearance and a black and gold stripe further adds to the beauty. These tones harmonize with the brown Spanish upholstery used in the trimming. Every accessory that adds to appearance or ease and satisfaction in operation is included as standard equipment. Starting from the front there is an attractive motor with special radiator cap and nickel mesh. The radiator and nickel mesh are protected by specially designed nickel plated bumpers. Heavy plate glass windshield wings give a smart touch to the graceful lines, while a windshield cleaner provides against accident in stormy weather. A rear view mirror is also included. The running boards are equipped with special Oldsmobile step pads, two on each side. A spot light with long range beam is permanently attached to the front fender apron.

Tuare steel wheels are used on the sport model. These are painted in the same bronze green as is the body and are also striped in black and gold.

At the back are four aluminum bars forming a protection between the trunk and body. The trunk rack is equipped with "kick" foot in levers and is made of strong metal, black enameled. The rear end is protected by special nickel plated bumper. A top boot is also included as standard equipment.

The sport touring together with the fine Fisher-built closed models, makes the Oldsmobile line for 1924 one of the outstanding values exhibited at the shows.

MAXWELL CAR DRIVEN ACROSS CONTINENT

Young Lady Chooses Good Maxwell for Dangerous Continental Tour

When a woman decides to make a transcontinental trip when the roads are next to impassable because of snow, it is a certainty she is going to select for the journey a car above the average in reliability.

Miss Ethel B. Cox chose a Maxwell and drove from New York to Sacramento, California, all alone, a distance of 4,000 miles, without any trouble whatsoever. True, she battled snow storms and rain storms, roads in mid-winter condition, met all sorts of rough going, but her Maxwell touring car purged on cheerfully the whole distance. A bent fender, due to a slide on a slippery road, was the only casualty reported at the final roll call.

"I can't speak too highly of my good Maxwell," says Miss Cox, "it always led on the hard grades and in the roughest going."

Miss Cox's feat is doubly commendable when her inexperience is taken into consideration. She had driven a motor car only 500 miles before her coast-to-coast venture.

The sport touring together with the fine Fisher-built closed models, makes the Oldsmobile line for 1924 one of the outstanding values exhibited at the shows.

HUDSON SUPER-SIX COACH

BUICK CURTAINS AND TOPS ARE FITTED

After visitors to the Buick factories have seen tops made and fitted to the car they are in a better position to appreciate the many points of superiority that are found in these parts of the Buick. They realize what complete protection against the weather is afforded by the Buick side-curtains and they see how quickly the car can be equipped for rainy or cold weather driving.

Except in name, there is hardly any similarity between the modern Buick side-curtains and those with which most cars were equipped until a few years ago. Not only do the modern Buick curtains fasten quickly and snugly into place but their effectiveness is increased by many other weatherproofing features. The Buick side-curtains, for instance, seal the opening between the top and the side-curtains and effectively exclude wind and rain.

The curtains swing open with the doors and there is a pocket in the curtain for the left side through which the driver can signal with his hand.

These are all advantages that can be seen from outside the car. Their usefulness is more apparent after a ride in a Buick with the side-curtains in place. It will be found that the large lights in the curtains give a clear view to both driver and passengers while at the same time the cold air or rain and snow are kept out of the car. There are no flapping straps at the top of the car to annoy the occupants and the large glass window in the rear gives the driver a clear view of the road behind him.

The cowl ventilator, adjusted by a simple push lever, affords an easy means of keeping the car fully ventilated. The windshield is adjustable from the driver's seat. A weather-strip seals the opening between the two sections and there is also a cloth-covered metal strip at the top which makes the front of the car proof against the weather.

It is because of such details as these that Buick open models are proving such popular cars for winter use. Their low price makes them attractive to many motorists in view of the fact that they afford real motor comfort even in the coldest weather and are ideal for spring and summer driving.

Many motorists are buying their Buicks now, not only so that they may use them in the winter, but also that they will be sure to have them on hand for spring and summer driving.

CHRYSLER SIX IS MUCH IN DEMAND

Interest in Famous New Automobile Reaches National Proportions

Detroit—Interest in Walter P. Chrysler's famous new motor car, the Chrysler Six, has grown to national proportions, now that production has permitted its display in practically all sections of the country.

A friend of Mr. Chrysler who attended both the New York and Chicago shows before going to California, wired from Los Angeles that interest in the car both there and at San Francisco surpassed even its over-whelmingly favorable reception in eastern cities. Six thousand persons visited the distributor's showrooms to see the car the first two days it was on display at Los Angeles, and an average of more than 200 have since come daily to inspect it. At San Francisco, he wired it caused even more of a sensation than during the New York show.

Two demonstration cars were in continuous use in Los Angeles, making eight trips per hour in an unceasing effort to satisfy the hundreds clamoring for a ride. Comments of frank amazement at the performance and general roadability of the cars were voiced each time a demonstration had been concluded. In San Francisco, crowds extending beyond the center of the street greeted the car before it could even be driven to the dealer's showroom.

One of the most pleasing of the thousands of compliments Mr. Chrysler has received is the receipt of hundreds of personal letters from old friends when he was "just one of them" many of whom he has not seen in a score of years congratulating him on his unprecedented achievement. Dozens of these have asked when they will be able to purchase one of the new cars.

That rocked the very foundations of the republic. All France was either Dreyfusard or anti-Dreyfusard.

One of the leading figures in that stormy period was Leon Daudet. He is 55, a member of the French Chamber of Deputies, an ardent royalist, director of the royalist daily paper, "L'Action Francaise," novelist, literary critic and pamphleteer. Beloved by his own clan, he is at the same time the best-hated man in France by reason of his bitter tongue and his vitriolic pen.

For years he has printed articles about great public men, reeking with bitterness and accusation that no American newspaper would dream of printing. His speeches in Parliament, and outside, too, have been just as savage. So have been his books on current events.

A side issue of his newspaper is an organization of youths known as "Camelots de Roi"—"The King's Lads." They, like Daudet, are royalists. They really believe the French republic should be overturned and the old royalist regime set up. These "Camelots" have at various times physically attacked public men they disliked.

Violence has begotten violence. Some months ago an anarchist woman shot and killed Marius Plateau, Daudet's intimate friend and a leading spirit in the Camelots. And so, recently, Daudet's own son, Philippe, 18, was found dead in a taxicab. Daudet accused the anarchists of assassinating his son. Then they came back at him with a terrible accusation. They said Philippe had contemplated killing his own father. They disavowed him from patriote and, in despair at life, the boy killed himself.

Daudet so far has failed in his efforts to disprove suicide and to pin a murder on the anarchists. The courts, the police and the witnesses have been against him.

FRANCE HAS NEW 'DREYFUS' AFFAIR

Daudet Slaying Arouses Public To Arguments Over Political Situation

Paris—Over the body of his dead 15-year-old son, Leon Daudet has burst into the front page of every newspaper in France, into the courts and into Parliament. Everybody except his personal and political friends, is cynically asking whether Leon is playing a game or whether his heart is really breaking. The "Affaire Daudet," even through the police and the courts take no action, is likely to absorb French attention and profoundly disturb politics just as 25 years ago the "Affaire Dreyfus" did.

Like all French "affaires," the center of it is a remarkable man. In the Dreyfus case, a studious cold-blooded French artillery captain—Alfred Dreyfus—was made the scapegoat of treason in the French army, sent to Devil's Island for life, and only reinstated after a battle

SEE FIRE FOILER BY OAKLAND FINISH

Citizens strolling along Washington street this week rubbed their eyes when passing the showroom of the Langstadt-Meyer Co. Oakland dealer. And then they peered more closely through the windows of the showroom.

With every serious mien a salesman of the company was lighting matches and holding them against the shining sides of a new Oakland touring car. He was doing it very deliberately and methodically, and smiling confidently at the exclamations of surprise and wonder of those who stood about the car.

After he had held more than a dozen matches against the cowl, hood and doors of the car, he picked up an ordinary cloth and wiped off the slight discolorations much as a man would wipe the dust off his newly shined shoes.

The test was one of ten conducted by the Langstadt-Meyer Co. to show how impervious to injury is the new Oakland-Duoco finish which is an exclusive feature of the 1924 Oakland cars.

The Oakland cars are being subjected to tests that would completely ruin the ordinary motor car finish, such as dropping hot tar, ammonia, sulphuric and Marfanic acid, mud, dirt, lime cement, boiling water and the chemical contents of a fire extinguisher on the body finish.

MOON-CO OPERATING ON HUGE SCHEDULE

2,000 Cars for Month of March; Popularity Increased Because of Low Price

The Moon Motor Car Company is now operating on a production schedule of 1800 cars per month, and by March the schedule will be increased to 2,000 cars per month.

The new Moon Six, which lists at close to one thousand dollars and is the lowest priced car ever built by Moon, is an important factor in the great increase in production and sales in Moon cars.

This new model was exhibited at the New York, Chicago, and other automobile shows, and was the subject of a great deal of favorable comment, for this new model bears the family resemblance of the larger and higher priced Moon cars, possesses the same distinctive body lines and body color, and has the same high quality of standard mechanical units, such as Bove and Beck Clutch, Timken axles and bearings, Warner transmission, Spicer Universal Joint, etc.

The motor in the new Moon is a Continental Red Seal motor, built exclusively for the new model, according to specifications of the Moon company, and many of the dies, jigs and tools used in the manufacture of this new motor are the property of the Moon Motor Car Company.

REO BUS DESIGNED FOR AVERAGE LOAD

Announcement of the New Reo Bus, with its six cylinder engine, sturdy chassis construction, and low-hanging body is now being made by the Reo Motor Car Company.

Before designing the new bus, Reo engineers made an extensive survey of bus transportation in cities of all sizes. By means of this survey they determined what might be considered the average number of passengers a bus would be called upon to carry. They also found that it is cheaper for an operator to run buses "sized to the average load" during the hours in which the number of passengers is normal and add extra buses for the rush hours.

Accordingly the New Reo Bus was designed to carry 21 passengers in addition to the driver. This capacity was found to be most satisfactory from every point of view. Greater capacity would have required greater bulk and decreased ability to maneuver through the crowded sections of the larger cities.

The chassis, which was designed especially for passenger transportation, is an entirely new member of the Reo line. Features which mark it especially are its wheelbase, which is 176 inches, four-wheel brakes, its improved spring suspension brought about through the use of the progressively flexible type of rear springs, its rear axle, designed especially for passenger bus work, the unique disposition of the spare tire carrier.

Wednesday, March 26, in
First Game of State Meet.

Appleton high school quintet has been scheduled to play Platteville at 5 P. M. Wednesday, March 26, in the first games of the state basketball tournament in Madison. Meanwhile Coach David Wilson is taking advantage of every minute to drill his youngsters for the final campaign of the season, and expects to have them in shape to win the state championship by the time that important event is staged.

Thursday afternoon the Orange cagers played a practice game with a team consisting chiefly of Lawrence varsity players, and although they were outwitted considerably, the high school youngsters made an excellent showing. With the exception of Hiebel, who subs at forward, every man on the squad is in fine condition. Hiebel has an infection in one of his elbows, but this is not serious enough to keep him out of the game.

COURTNEY SETS PACE
Courtney at guard sets a pace which his teammates are trying hard to follow. He was without question the fastest and most reliable man in the district tournament and one of the chief factors in winning the championship. Unless he happens to slump before the state meet, he should easily take his place on the all-tournament team there as well as here.

Koll, Hornbeck, Scheurle and Hillman probably will start for Appleton in the first Madison contest, with Hiebel, Murphy and Frazer ready to go in as occasion arises. Frazer played a wonderful game as center against Brandon in the championship contest here, and had he played off-center in the tournament, undoubtedly would have won a berth on the all-tournament first team. As it was, he was chosen as center of the second team. He showed himself to be a steady man and not afraid to get in and fight. His shooting netted several baskets for the Orange.

Hillman and Hornbeck may be relied upon to do their best against any team, and on several occasions during the season played the chief roles in winning for the team.

TEAM WORK COUNTS
The chief cause of Appleton's success, however, has been the machine-like teamwork of the quintet. The youngsters have learned much since they started the year under Coach Wilson without a veteran in their ranks.

Their defense is practically impenetrable, and few teams have been able to withstand their smash-line offense. They have had the usual hard luck in shooting baskets in several games, but seldom experienced difficulty in breaking through the hostile guard to get close shots. Every man has been drilled to shoot from all angles, and while Koll, forward, excels in this department, there is not a man on the team who does not know how to handle himself and the ball when he gets a chance at the hoop.

The schedule for the first games in Madison is as follows: March 26, Wisconsin Rapids vs. River Falls, 3 P. M.; Fond du Lac vs. Arcadia, 4 P. M.; Appleton vs. Platteville, 5 P. M.; Watertown vs. Manitowish, 5 P. M.; Green Bay vs. Rice Lake, 6 P. M.; Janesville vs. Eagle River, 6 P. M.; March 27, Superior vs. Wausau, 10 A. M.; LaCrosse vs. Marinette, 11 A. M.

GIBBONS WILL MEET CARPENTIER JULY 4

Michigan City, Ind.—Georges Carpentier, French ring idol and Tommy Gibbons, St. Paul heavyweight, have been matched to box in Floyd Fitzsimmons Blue Sky arena here July 4, with Jack Dempsey, the champion, as one of the financial backers. It was announced Thursday.

It was explained that Jack Dempsey had become associated with Fitzsimmons by paying the taxes due on the arena. Dempsey long has been a personal friend of Fitzsimmons.

Fitzsimmons said he may stage the Dempsey-Fitppo return match on Labor day.

Carpentier and Gibbons are expected to arrive here at least a month before the date of the fight.

TILDEN WILL QUIT IF
WRITING BAR PERSISTS

By Associated Press
Brookline, Mass.—Positive declaration that 1924 would be his last year, as a tennis player unless the ruling against writing for newspapers should be revoked, was made Thursday night by William T. Tilden, here to take part in the national indoor tennis doubles tournament.

Tilden said he would play with the Davis Cup team this year but that owing to the rules against writing enforced by the Olympic committee he was ineligible to compete in the Olympic games for America.

Waterbury, Conn.—Lewis "Kid" Kaplan of Meriden and Bobby Garcia, Baltimore, fought a 12-round draw.

No Fast Balls For Ruth, Says George Sisler

Mobile, Ala.—When told that Babe Ruth was going to pitch for the Yankees, George Sisler, manager of the Browns indicated that the Bambino would get his wish.

"The Browns' pitchers will pitch to him all the time except where circumstances warrant an intentional pass," Sisler said.

"Ruth is a great hitter, but can be stopped. Eddie Goetz used to stop him regularly and Herbie Pratt of our ball club has his number.

"Ruth has only made one home run off Pratt and that was on a fast ball—the only fast ball, by the way, Pratt ever threw him."

Sisler declined to say how he would have his pitchers work on Ruth.

"We won't throw him any fast balls, though," he promised.

MEUSEL CONTRACT COMPLETES ROSTER OF GOTHAM YANKS

Giants Meet Spirited Opposition
In Attempt to Defeat White
Sox Again

By Associated Press
Chicago—The New York Giants invaded Winterhaven, Fla., training camp of the Chicago White Sox, in an attempt to make it two straight but were met by a more spirited club than that which bowed to the National league champions a few days ago.

Word from Frank Chance, saying that he would join the club about April 1, and take over the reins was responsible for the new spirit. Evers will have complete charge in the meanwhile.

Trade rumors are following the Chicago Nationals who are about to launch a belated drive against Oakland and Los Angeles, which may result in severing several players from its roster. The Pittsburgh Pirates are understood to be seeking a pitcher.

The signing of Bob Meusel Thursday completed the roster of the New York Yankees who, headed by "Babe" Ruth, celebrated the occasion with a 12 to 4 victory over the Pelicans, while hundreds of school children watched the home-run king "do his stuff." Ruth turned the Washington Senators back to their camp at Tampa when they attempted to motor to Sarasota, to battle the Giants, but Friday they set out for Palmto to tackle the Milwaukee club of the American association. The Brooklyn Tannigans and regulars who had looked forward to their civil strife remained indoors Thursday but expect to meet the Indianapolis club at Plant City, Friday.

Connie Mack's high priced rookies—Simmons and Strand—helped the Philadelphia Athletics pound out a 26 to 3 victory over the Birmingham club at Montgomery, Ala.

FIVE MAJOR CLUBS CHOOSE NEW HEADS FOR 1924 SEASON

Bancroft, Harris, Chance, Fohl
and Sisler Take Over Man-
agements

New York—The 1924 campaign will see five new managers in the two major leagues. Four of them will be chosen by the American. The quintet includes: Bancroft of the Braves; Harris, Washington; Chance, White Sox; Fohl, Red Sox, and Sisler, Browns.

For three of them, Bancroft, Harris and Sisler, it will be the initial season in the role. Incidentally, the three may be termed player-managers. Bancroft and Harris are practically certain to take their places in the daily lineups, while Sisler's presence in the batting order is only contingent on the recovery of the optic affliction that kept him out of the game last season. All are infielders.

Of the others, Chance and Fohl have already piloted two other American League clubs. Chance, who led the Yankees some years ago, and led the Red Sox in 1923. Fohl has piloted Cleveland and St. Louis teams. Chance also managed the Chicago Cubs during that outfit's pennant-winning days. He was a first baseman. And one of the best at that.

Infielders, by the way, seem to have the call as big-time leaders. McGraw, McKechnie, Fletcher and McGlinn all having been inner defense men when they were in active command. Morgan, Killefer, Ekeley, Robinson, and Mack were catchers, while Cobb and Speaker are outfielders.

McGraw and Mack rank as the two oldest in point of service. "Muggs" McGraw, 42, is going to the Giants in 1924 and Mack, 40, to the Athletics in 1924. Harris, 34, is the youngest in years. He is 27. McGraw has piloted the most winners.

George Grantham, second baseman of the Chicago Cubs had a peculiar year of it at the last season. He finished with the healthy average of .250, batted in 70 runs, yet led the league in the matter of strikeouts.

Babe Ruth, in the American League, went back to launch 53 times on strikes during the 1923 campaign.

COMISKEY RECOVERING
FROM RECENT OPERATION

By Associated Press
Chicago—Charles A. Comiskey, owner of the Chicago Americans, who was operated on for gall stones, Thursday, was reported Friday as recovering. He passed a restful night, attending physiotherapy, said and is getting along nicely.

Ormond Beach, Fla.—John D. Rockefeller sunk a 21 foot putt on the fifth hole on the Ormond Beach links for a par 3

Sisler Favors Trade

LEFT TO RIGHT, PITCHER GEORGE LYONS. CATCHER TONY REGO.

Mobile, Ala.—Manager George Sisler of the St. Louis Browns, working out here, is banking on his Pacific Coast League battery, Pitcher George Lyons and Catcher Tony Rego, to strengthen his club in its one weak spot, the battery department.

During his winter stay on the coast, Sisler heard so many nice things about the battery that he traded five of his players, including the veteran Catch Josh Billings and Pitcher Wayne Wright.

Lyons, pitching for Los Angeles, a club that finished sixth in the Coast League race, won 18 and lost 16 games.

Catcher Rego had a batting average of .280 in the 41 games he worked. While neither did anything sensational last season, both are regarded as youngsters of great promise. Sisler seeks to build up his team and wants promising youngsters rather than fading veterans.

The Nut Cracker

SARASOTA, Fla.—One Punch O'Gootty dropped in here to pay his respects to his old hotel-keeping companion, Mr. John J. McGraw of the Giants, alias the Master Mind of baseball. Mr. O'Gootty, it may be noted, is liberal with his respects.

The Master Mind was seated at the breakfast table. "What will it be this morning?" inquired the waiter. "Let me think," answered the Master Mind. "It is hard to get over a habit. Mr. McGraw began trying to think last fall when Ruth came up with two on and he is still at it, in spite of the early discouragements."

"I'll have some educated eggs," he decided presently. "Educated eggs?" exclaimed Mr. O'Gootty, registering surprise. "Scrambled with brains," explained the Master Mind. "It is the club's dish this spring."

THE Master Mind promises to pull a comeback this year. "A mind may be blank but is never dumb," is one of the Master's snappy spring slogans. Another is, "Nothing matters but gray matter."

The Master tells you he likes that one. "It sounds so scholarly."

"The Master holds classes in advanced mental calisthenics every day. Questions are fired at the wide-eyed students with machine gun speed. "What is three and two?" the Master shouts at Heinie Groh. "A tough spot with Alexander against you," is the form answer.

"Who is Judge Landis and why?" "What is a jocular answer to this is correct. "What is the proper way to address an umpire?" (The Master makes this tough by adding, "Suppose you can't get a baseball ball soon enough.")

"YOU can see how I am working to improve the mentality of my ball club," said the Master, turning to our Mr. O'Gootty. "Trying to harpoon whales in a gold-fish bowl is another way to waste your time," suggested the one-punch person, ducking a whirling left hook.

The Master, going from the sublime to Casey Stengel, expressed the belief that the race this year would be closer than Ben Turpin's eyes. "I like Wise Counselor myself," admitted Mr. O'Gootty.

"Don't be ridiculous. Sarazen's a cinch if he gets a good ride," shot back the Master.

Now that we are on the subject who did win the last six-day bike race, anyway?

Waupaca Cager Piles Up High Scoring Mark

Waupaca—George Madison, scoring ace of the Waupaca American Legion basketball team has established this season what is believed to be a state record, by scoring 286 field goals in 54 games, an average of seven to a game, and also scoring 85 percent of all tries for free throws. The Waupaca team met practically all of the best teams in Wisconsin, Minnesota, and Michigan, winning more than 75 per cent of its games. Madison has signed a contract to play with Waupaca again next year. The Waupaca team, under the management of Fred Bushy, will be known next season as the Chain O'Lakes quintet.

KIMBERLY GIRLS BEAT LITTLE CHUTE QUINTET

Kimberly Junior high school girls Thursday defeated the Little Chute high girls, 4 to 2, in a basketball game played on the court of the Kimberly club house. Both teams played an excellent game. Although the Kimberly girls were much lighter than their opponents, they managed to outplay the invaders by virtue of their teamwork and superior speed.

ROY CONLEY MEETS NEARY IN DOUBLE MILWAUKEE WINDUP

Sielaff Tackles Jawson in Second Half of Main Event Friday Evening

Milwaukee—A battle scarred veteran, Joe Jawson, and a mere youngster, Roy Conley, two lightweights struggling for the favors of south side fight fans since the retirement of Ritchie Mitchell, will clash in the second half of the double windup of the opening show of the Metropolitan Athletic club at the Jumeau theater Friday night. Roy Conley and Tommy Neary will appear in the first half of the event.

The meeting will be the second between Sielaff and Jawson in two months. Late in January the two stopped hooks at the Auditorium. After ten rounds of fast milling, honors were almost evenly divided with Jawson carrying away what slight shade there was. Since that scrap Sielaff has been clamoring for another crack at Jawson.

Sielaff will enter the ring with advantage in punching strength and reach; Jawson with experience and stamina. Iron Joe has been a pleasing fighter always, tearing in constantly and willing to take a punch to land one.

As much interest is being shown in the first half of the main event, between Tommy Neary and Roy Conley, as in the feature part of the card. Conley and Neary both are murderous punchers and an upset either way would not be surprising. The bout will mark Neary's first start here in more than six months.

Charley Dodge, the Kansas City bantamweight, and Billy Bunch will collide in the second bout of six rounds. Dodge was slated to box Joey Sanger at Green Bay early in January but because of Sanger's excessive weight advantage the scrap was called off. In his workouts Dodge looked flashy and willing to mix and Bunch is promised plenty of action.

Jimmy Winters and Pat House will open the show with a four-round skit. Finkey Mitchell, his brother manager Billy, and Fred Saddy will leave for Portland, Ore., next week, where on March 31 the Milwaukee splinter will tackle Bobby Harper of Los Angeles. Several other bouts for Pink on the coast are now in the making. The junior welterweight champion will be gone for six weeks.

GOLDSTEIN FIGHTS FOR LYNCH'S CROWN

Bantamweight Champ Risks
Title for First Time Since
Winning from Smith

New York—For the first time since December 1922, when he won a decision over Midget Smith of New York, Joe Lynch will defend his bantamweight crown Friday night against Abe Goldstein of New York in a 15-round match at Madison Square garden.

The bout was booked following reinstatement by the State Athletic commission of all boxers under ban prior to Feb. 13. Lynch was suspended after cancellation of a title fight with Joe Burman, Chicago bantam, last October. Goldstein, substituting for Lynch, won the decision over Burman and was acclaimed the 118-pound champion in New York state, but lost this recognition when the boxing board lifted all suspensions. Lynch's reinstatement was made up on acceptance of the match with Goldstein.

SKATES RIVAL AUTOS
The skating craze has struck Mobile, Ala., to such an extent that automobiles have difficulty picking their way through the streets. Roads in and out of the city are thronged with skaters.

Knoxville, Tenn.—Bernard Oakes, University of Illinois assistant athletic director was elected an all year assistant coach at the University of Tennessee.

ALUMNI HUMBLE SOUTH SIDE FIVE

South Side schoolers Thursday night dropped a basketball game, 16 to 12, to the Alumni on the south side court. The game was fast and close throughout, neither team leading by more than two baskets at any time. G. Rottler, J. Rottler and H. Wolfgang each scored two field goals for the South Siders, while A. Guelbke scored four for the Alumni. R. MacGregor shot one through the hoop, and T. Janson two.

Following are the lineups: South Side—G. Rottler, J. Rottler, F. H. Wolfgang, C. J. Halverson, H. Lewis, G.

Alumni—A. Guelbke, R. MacGregor, J. T. Jensen, C. C. Steeger, J. Miller, G.

The first playoff of the triple tie in the Grade school tournament was played off last Saturday, when the First ward humbled the Fifth, 14 to 9. The final game will be played Saturday on the Y. M. C. A. court here.

Memphis, Tenn.—Joe Stecher, former world's champion, won two straight falls from Paul Alvares of San Francisco.

BOXING CARD WILL BE PART OF STATE CAGING TOURNAMENT

Nine Bouts of Three Minutes
Each Will Be Held for
Championships

Madison—One of the entertainment features for the members of the 16 high school basketball teams which will participate in the ninth annual state high school tournament under the auspices of the University of Wisconsin, March 26 to 29, will be the annual All-University boxing tournament which will be held on Saturday afternoon, March 29.

Nine bouts of three minutes each will be held to determine the champions in each weight in the university and interest in the event is unusually keen. More than 100 freshmen and sophomores elected to take boxing this year, as their required work in physical education, while as many more juniors and seniors not required to take the training, enrolled for boxing.

Special elimination bouts are now being held in each weight to determine just who will get into the finals, and many spirited bouts are being held daily. Because of the large number of contestants, nine bouts will be held instead of the usual six, the weights being divided by instructor Ray Moore as follows:

Bantam—114 to 118 pounds.
Featherweight—119 to 124 pounds.
Junior lightweight—125 to 130 pounds.
Lightweight—131 to 138 pounds.
Junior welterweight—139 to 145 pounds.
Welterweight—153 to 162 pounds.
Middleweight—163 to 175 pounds.
Heavyweight—Over 175 pounds.

CHANCE HAS PROBLEM IN IMPROVING HIS OUTFIELD

Manager Frank Chance of the Chicago White Sox says his biggest problem is to whip his outfield into shape. The veteran Harry Hooper is the only player who can be figured on as an outfield certainty.

WALSH WOULD TRY AGAIN IF SPITBALL WERE USED

Ed Walsh, former star of the Chicago White Sox, says he would essay a big league comeback if the spitball wasn't barred. Walsh says a few years' rest made his old "souper" feel as good as ever. Ed always was an optimist.

SHEBOYGAN WILL HAVE NEW INTERURBAN DEPOT

Sheboygan—The Milwaukee Northern road will begin soon construction of a new passenger station and freight house costing approximately \$75,000. The new terminal is to be located on Eighth-street north of Jefferson-ave, where the company has purchased all but a small portion of the half block. Storage facilities and loading tracks are to be provided. A spur track will run under a canopy from the station for the convenience of passengers boarding cars.

SKATES RIVAL AUTOS
The skating craze has struck Mobile, Ala., to such an extent that automobiles have difficulty picking their way through the streets. Roads in and out of the city are thronged with skaters.

Knoxville, Tenn.—Bernard Oakes, University of Illinois assistant athletic director was elected an all year assistant coach at the University of Tennessee.

APPLETON ELKS GET CHECKS FOR BOWLING PRIZES

Goodly Portion of Manitowoc
Tourney Money Goes to Keg-
lers of Local Lodge

Elk bowlers of Appleton have received checks for their portion of the prize money won at the Manitowoc state kegling tournament, and in addition to the \$25 slice won by the Fries-Spear combination in the doubles, and \$18 copped by H. W. Mat. fet in the singles events, seven other prizes are on the list. Koerner-Currie team took \$2 in the doubles, in which events the N. Weber-J. Balliet combination took \$12, and H. W. Mat. Fries \$10. In the five-man events, the Kunitz O. K. Taxis captured \$20, and the Rainbow Gardens \$11. R. Spear and F. Greason won \$9 and \$8 respectively in the singles.

In addition to the money awarded Fries and Spear for taking first place in the doubles, these two keggers each received an Elk watch chain, worth more than the monetary prize.

Award in the Elk tourney this year were lower than hitherto, owing to the fact that entries did not come in as well as in previous years.

Berkeley, Calif.—The University of California confirmed a report that a football game had been arranged between the University of California and the University of Pennsylvania to be played next New Year's day.

SCHOOL DEBATORS MEET MANITOWOC TEAM HERE TODAY

Affirmative Squad Debates at High School—Negative Goes to Green Bay

Appleton high school debate teams will meet Manitowoc and Green Bay on the subject of the Chicago drainage canal on Friday evening. The affirmative team which includes Miss Beatrice Segal, Carl Thompson and Maurice Lewis with Kenneth St. Clair as alternate will meet at the Manitowoc negative team at the high school and return at 8 o'clock. B. W. Wells will be chairman of the debate.

The high school negative team went to Green Bay Friday afternoon where it will meet the East Green Bay affirmative team. Those on this team are Miss Ethel Blake, Ward Wheeler and Harold Zuelke. Miss Eunice Segal and Carl Engler are the negative alternates. K. A. Windesheim, the Appleton debate coach, accompanied the team to Green Bay.

More tickets have been sold for this debate than for several years according to reports from the school. It is hoped that a large number of people who are interested in the school and in the students will attend.

Miss Segal who is the first speaker as a freshman at the high school Maurice Lewis is the only veteran debator on the squad, Carl Thompson being new to the activity this year.

PETRALYKE CO. CHANGES INCORPORATION ARTICLES

An amendment to its articles of incorporation has been filed by Petralyke company. The plant burned down several weeks ago and the company has since decided to remove to South Milwaukee. The amendment was recorded in the office of the secretary of state and the register of deeds changes the location from Appleton to South Milwaukee and increases the amount of capital stock to \$150,000.

Appleton Girl Cured of Goitre

501 Walnut St. Appleton, Wisconsin, March 16, 1924

To Whom It May Concern:

I was in a run down condition, had back aches and was suffering from a goitre.

After taking twenty treatments from Dr. Williams, I can now say that I am thoroughly cured of my goitre, and my back is so much better that at times I almost forget that my back has ever troubled me. Dr. and Mrs. Williams have done wonders for me and I wish to take the opportunity of acknowledging my appreciation to them.

Yours very truly,

Miss Elsie Bartman

This is just one of the many testimonials and letters of appreciation that we have received from grateful patients after a course of our treatments.

LEGAL NOTICES

STATE OF WISCONSIN, In Municipal Court for Outagamie County. Bank of Black Creek, plaintiff vs. Louis Paick, a divorcee, Alvin Mielke and Esther Mae Mielke, his wife Christ Sedo and Bertha Sedo, his wife, defendants.

The State of Wisconsin, to the Said Defendants and Each of Them:

You are hereby summoned to appear within twenty days after the service of this summons, exclusive of the day of service and defend the above entitled action in the court aforesaid, and in case of your failure to do so, judgment will be rendered against you according to the demand of the complaint, of which a copy is herewith served upon you.

ALBERT H. KRUGMEIER, Plaintiff's Attorney.

P. O. Address: 353 College ave., Appleton Outagamie county Wisconsin.

NOTE: The original summons and complaint in the above entitled action are on file with the clerk of said court.

Feb 22-23 Mar 7-14-21-28

STATE OF WISCONSIN, County Court for Outagamie County.

In the matter of the estate of Cornelia S. Bowen Boyd, deceased, in Probate.

Pursuant to the order made in this matter by the court for Outagamie County on the 13th day of March, 1924.

Notice is hereby given that all claims for allowance against the estate of Cornelia S. Bowen Boyd, deceased, must be presented to said court on or before the 2nd day of August, 1924, which is the fifth day of the month of August, 1924, at the opening of the court on that day, or as soon thereafter after as the same can be heard.

Provided, That all claims for necessary funeral expenses, expenses for the last sickness of said deceased and for debts having a preference under the Laws of the United States, which shall have been presented to said court within sixty days from the date of said order, will be examined and adjusted at a regular term of said court to be held at the court house aforesaid, on the first Tuesday, before the fifth day of August, 1924, at the opening of the court on that day or as soon thereafter as the same can be heard.

Dated March 13, 1924.

By the Court: JOHN ROTTENSEK, County Judge.

BRADFORD & BRADFORD, Attorneys for the Estate.

Mar. 14-21-28.
